GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following memorandum from Colonel J. O. HASTED, R.E., Acting Chief Engineer for Irrigation, to the Secretary to Government, Public Works Department, dated Chepâk, 19th March 1884, No. 9 W.:—

With reference to paragraph 2 of G.O., No. 264 I., dated 10th March 1884, the sanction of Government is requested for the employment, from the 15th April next, of two draughtsmen for six months at Rs. 35 each per mensem, for the preparation of maps and drawings of irrigation projects sanctioned by the Secretary of State during the last five years.

Order—dated 25th March 1884, No. 799 W., Public Works.

Sanctioned as proposed by the Chief Engineer for Irrigation.

2. An appropriation of funds will be made early in April.

3. This sanction has been registered as Provincial No. 86 W. of 1883-84, and classified as Establishment, Temporary.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following papers :—

From R. B. BUCKLEY, Esq., Officiating Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 7th January 1884, No. 5 I.

I am directed to request that you will be so good as to furnish this office with the following map and plans connected with all irrigation projects which have received the sanction of the Secretary of State during the past five years :—

(1.) Map showing position of main and principal distributary channels, escapes, and drainage courses with reference to the larger towns and main lines of communication of the country.

(2.) Longitudinal section showing slope of *main canal*, and transverse sections of *main canal* at head and any important points, such as regulators, &c. These sections to show high-water and low-water marks.

(3.) Plans showing principal dimensions of the more important works, on *main* canal only, such as head works, works for regulation of supply and passage of drainage, and type drawings of one or two of principal bridges.

No. 41 I.

Note by the Acting Chief Engineer for Irrigation.

The information asked for by the Government of India will take some time to furnish, and will probably necessitate the employment of temporary additional establishment in the drawing branch of this office.

2. Lists have been drawn up of surveys, plans, &c., available in this office, and references will have to be made to the Superintending Engineers concerned for the additional information required.

3. The following are the irrigation projects which have received the sanction of the Secretary of State during the past five years :—

(1) Godávari Delta.
(2) Kistna Delta.
(3) Sangam Anicut.
(4) Cauvery and Vennár Regulators.
(5) Srívaikuntham Anicut.
(6) Madras Water Supply.
(7) Rushikuliya.
(8) Barur Tank.
(9) Buckingham Canal.

4. The "map showing the position of main and principal distributary channels, escapes, and drainage courses with reference to the larger towns, and main lines of communication of the country" will be prepared in this office on a scale of 4 miles = 1 inch.

5. The longitudinal and transverse sections of main canals will be obtained from Superintending Engineers, and tracings will be supplied to the Government of India.

6. The plans of the more important works on main canals of the productive public works systems have already been ordered to be lithographed, in G.O., No. 980 I., of 30th November 1883. When this has been done, copies can be forwarded to the Government of India, and tracings of the important works on systems other than "Productive" will meanwhile be prepared in this office.

CAMP CHATRAPUR,
25th February 1884.

(Signed) J. O. HASTED, Colonel, R.E.,
Ag. Chief Engineer for Irrigation.

To the Acting Joint Secretary to Government,
Public Works Department, Irrigation Branch.

ORDER—dated 10th March 1884, No. 264 I., Public Works.

The suggestions of the Chief Engineer for Irrigation are approved, and the necessary plans, &c., required should be called for.

2. The Chief Engineer for Irrigation will submit, in due course, an application for the additional draughtsmen (if any) required for the preparation of the drawings, &c., required by the Government of India.

3. Ordered that a copy of these proceedings be forwarded to the Government of India in reply to their letter, No. 5 I., dated 7th January 1884, with an intimation that the information asked for will be supplied as soon as possible.

(Here enter No. 265 I., dated 10th March 1884.)
