Sir,

With reference to G.O. No. 299W dated 5th ultimo on the Provincial statement of objectionable Items for November 1883 Item No. 4, I have the honour to report that the minor original works alluded to by the Examiner P.W.A. are the incomplete works included in the statement circulated with G.O. No. 1641W dated 12th June 1883.

2. It will be observed from the statement abovementioned that no specific appropriations of funds is made for incomplete works, the anticipated expenditure on each of them is less than Rupees 500. Vide para 2293 Rule III of the P.W. Code. Therefore the expenditure has exceeded the allotment.

ENCLOSURE.

CHAPTER XIV.—PARAS. 1829 TO 1832.

1. The object of this Return is to place before Government an analysis of all shortcomings in matters of financial regularity in the operations of each month with a view to their being remedied. It should be submitted to Government on the first day of the third month succeeding that to which the accounts relate.

2. There should be a separate statement for each separate Fund—Imperial, Provincial, Local, and Irrigation.

3. The Provincial statement will be posted from the Divisional Statements of Objectionable Expenditure. The statement need not be delayed in order to embody the remarks of the Superintending Engineers if these do not reach the Examiner's Office in time. It is desirable, however, that the Superintending Engineer's opinion should be recorded as far as may be practicable, and, in order to ensure this being done, the Divisional Statement of Objectionable Items should be checked immediately on receipt and sent to the Superintending Engineer for his remarks before the audit of the other accounts is proceeded with.

4. All Executive Officers who have failed to submit their Divisional Statements of Objectionable Items with their Monthly Accounts, as well as those whose statements are *generally incomplete*, should be specially brought to the notice of Government under "General Remarks" at the end of the statement.

5. Items of irregular expenditure which are left unincluded by Executive Engineers in their Divisional Statements of Objectionable Items should be distinctly noted as such either in a separate supplementary statement or in the original statement in red ink.

6. Columns under all the heads should be filled up in each case so as to bring out clearly where estimate or appropriation exists and where it does not.

7. In the case of large projects such important features as the following should be stated with precision:—

A. Lump sum estimate.
B. Abstract detail estimate by sub-heads, and so on.
1. Submitted to Chief Engineer.
2. Submitted to Superintending Engineer.
3. Not yet submitted.

8. A large work which is proceeded with on merely a lump sum sanction is still objectionable till an abstract and detail estimate by sub-heads is submitted and sanctioned for it by competent authority.

9. Special mention should be made of works being carried out in portions by authorities, beyond whose powers of sanction it would be to sanction the expenditure as a whole.

10. An important point to notice is the duration of a serious irregularity.

11. Voluminous masses of detail, when their practical significance could be given in a few lines, should always be avoided as a rule. If, for instance, the state of matters as to sanction in one month does not materially differ from that of a preceding month, it will answer all practical purposes to say so, instead of sending another full report.

12. Too much stress can never be laid on the fact that this statement is not to take place of special reports, then and there, of works on which serious irregular expenditure is being largely incurred, either without estimate or appropriation.

ORDER—dated 12th June 1883, No. 1641 W., Public Works.

In the papers read above, the Superintending Engineer, the Consulting Architect, and the Superintendent, Public Work Stores have applied for funds on account of (*a*) Minor Works anticipated, in lump sums, (*b*) Incomplete Works of 1882-83, (*c*) New Works, recommended to be taken up in 1883-84, (*d*) Repairs, (*e*) Tools and Plant and (*f*) Temporary Establishment.

2. The Military Minor Works grant, *vide* Budget Item No. 8, amounts to only Rs. 21,987, but the demands of Superintending Engineers are as follows :—

	Rs.
For Minor Works anticipated, to be placed at their disposal in lump sums	27,400
For Incomplete Minor Works	4,696
For Incomplete Major Works	41,801
For New Major Works	38,320
For New Minor Works	6,457
Total ...	1,18,674

The Minor Works grant has been distributed as follows :—

	Rs.

For Minor Works as per Statement B.	3,938
For Major Works as per Statement B.	4,279
Reserve with Government	1,570
Total ...	21,987

3. With reference to G.O., No. 1076 W., dated 11th April 1883, it has only been found practicable to place Rs. 7,000 at the disposal of Officers Commanding Divisions and Districts, which His Excellency the Commander-in-Chief will instruct to be distributed in such proportions, as he may deem necessary.

4. The Superintending Engineer, Third Circle, in his No. 445, dated 12th May 1883, suggests that in lieu of the Minor Works grant, the Military Repair grant be placed at the disposal of Officers Commanding Divisions and Districts. The opinion of His Excellency the Commander-in-Chief will be obtained on this point, through the Military Department.

5. Under Repairs Military the demands of Superintending Engineers amount to Rs. 2,87,150, but as the budget provision is only Rs. 2,75,000, the demands have been reduced to Rs. 2,72,150, *vide* Statement A which accompanies this resolution. This leaves Rs. 2,850 as a reserve with Government.

6. Rs. 3,085 have been placed at the disposal of Superintending Engineers under Original Works, Postal, and Rs. 5,079 allotted for Major and Minor Incomplete and New Works, under the same head of service, *vide* Statement B. The reserve with Government after deducting the allotments made in the Government Orders quoted in the margin, is Rs. 231. The demand under Postal Repairs has been reduced from Rs. 6,025 to Rs. 4,400 which leaves a reserve balance of Rs. 600 with Government.

9. Appropriations have been asked for 23 Incomplete and 33 New Registration Buildings, aggregating Rs. 1,02,620, but as the reserve with Government is only Rs. 24,070, it has not been found possible to allot funds for any new works.
