Sir,

ENCLOSURE.

I have the honor to request your permission under para 1217 of the Code to dismantle the P. W. Department Inspection Bungalow at Nallamalai.

The building was constructed when the Srivaikuntham Anicut Project works were in course of construction, and as it is not used by any body being close to the water of Korampallam Tank it is going to ruins, and not worth repairing.

I have the honor to be
Sir

Sir,

In your Indent dated 29th. October 1883, a demand occurs for "Chucks of five sorts for Cooke and Sons' 3½" Lathe – No. 36 – estimated cost 180 Rupees."

Before these can be supplied, detailed information is necessary as to the description of chucks required, and whether they are for the five Lathes supplied in 1867. In view of the number of years these Lathes have been in use, it is desirable that one of the small chucks in use on them should be sent to me, as a guide for the size of the screw of the Lathe head, and to ensure a proper fit. I may point out that
