GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Madras, 15th March 1884, No. 1643.

I have the honor to submit, for the approval and sanction of Government, a plan and estimate, the latter amounting to Rs. 2,010, for constructing an office and store room for the Government brickfields.

2. There exists at present only a temporary shed, quite inadequate for this purpose.

3. The operations of the brickfields are now increasing, with an upper subordinate in almost sole charge of the work, and I consider it absolutely necessary that a permanent building should be erected.

4. One of the rooms will be used, when required, for the purpose of making leaded glass, which, from the experiments we have conducted, we find can be made cheaper than it is elsewhere.

5. We also hope to be able to manufacture colored bricks and terracotta. The cost of the bricks has already been reduced, and we hope to be able to make further reductions.

Office note from the Examiner of Public Works Accounts, dated 25th March 1884, No. 1293.

As the building is wholly in connection with the manufacturing operations, the cost should be charged to Stock, sub-head "Land and kilns," and the estimate classified accordingly.

2. The relief to "Land and kilns" by debit to "Manufacture" should be by monthly sums, based upon the cost of the building *plus* estimated cost of maintenance and repairs, divided over either the life of the building or the period over which the operations are expected to extend, whichever is shorter.

ORDER—dated 31st March 1884, No. 868 W., Public Works.

The estimate, amounting to Rs. 2,010, for constructing an office and store room at the Government brickfields, Madras, is sanctioned.

2. The note from the Examiner, Public Works Accounts, above recorded, will be communicated to the Consulting Architect to Government, for information and guidance.

2

31st MARCH 1884, No. 868 W., PUBLIC WORKS.

3. This sanction has been registered as Provincial No. 248 W. of 1883-84, and classified as Stock.
