LETTER—FROM

COLONEL J. SHAW-STEWART, R.E.,

Secretary to the Government of Madras,

Public Works Department,

TO

THE RESIDENT IN HYDERABAD.

SIR,

Adverting to my letter, No. 3465 W., dated 3rd December 1883, intimating that Colonel J. Mullins, R.E., Chief Engineer for Irrigation, had been selected to inspect and report on the site for an anicut on the Manjra river, in the territories of His Highness the Nizam, I am now directed to forward the accompanying copy of a letter from the Examiner, Public Works Accounts, to which is attached an account of the expenses incurred in connection with the duty in question. The total cost amounts, it will be seen, to Rs. 2,518-2-0. I am to request that a remittance transfer receipt for this sum may be forwarded in favor of the Chief Engineer, Public Works Department.

2. Colonel Mullins states that his report on the project will be submitted as soon as certain Revenue information is received from General Glasford.

I have the honor to be,

Sir,

Your most obedient servant,

Major, R.E.,
Under Secy. to Govt., P.W.D.

READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 4th October 1883, No. 1878 G.D. :—

With reference to Proceedings of Madras Government, No. 712, dated 1st September 1883, I have the honor to point out that the great objection to having only one circulating pump is not its not having ample capacity to throw water into the condenser, but * the utter and immediate helplessness of both engines if the one pump breaks down, which, from the great rapidity of its movements and small size, is very liable to happen, and has, as a matter of fact, actually happened more than once.

2. I strongly urge the supply of a second pump, even if it has to be paid for.

3. In the "enclosure" printed with Proceedings of Madras Government, No. 712 I., the supply of a "duplicate indicator†" is promised, but none was

received, and of course two are wanted and were stipulated for in the specification.

ORDER—dated 26th October 1883, No. 857 I., Public Works.

Ordered that the following despatch be sent to the Secretary of State.

A copy of our Standing order
on the subject or rather of our
Order paras 1149 & 1150 will be,
I think, a sufficient answer
to the reference from B. of S.

The old rule according to which
Refin Estimates depend on H. of S.
was inconvenient, impracticable, &
in my opinion almost simply
useless.

It is difficult to see where the
"much in favor" of the old system
lies exactly - unless it is considered
that the convenience of the accounts
& Finance branches is always to
be consulted before making arrange-
ments.

My "old system" above I mean
what B. of S. is "the present system".

Yes. I think it will be
sufficient to explain to
India the reasons
for which the rule in our
Code was modified on
31-3-81.

I want to put them to

to the permanent establishment—
vice headquarters here + sub cruce
transferred or being transferred
to temp^y sanct^y posts.

we can avoid reply from S.E.
III regarding sub cruce.

The new distribution scale, when
finally passed + issued, will
enable us to decide better if
the proposal is desirable.
