READ—the following letter from G. H. W. WALKER, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 18th March 1884, No. 018 G.:—

In reply to your letter, No. 560 W., dated 1st March 1884, I am directed to communicate sanction to the continued employment, as a temporary engineer on Rs. 300 per mensem, of Mr. A. L. Pogson for a further period of one year with effect from the 17th May 1884.

2. Referring to your paragraph 2, I am to point out that an authorised scale of temporary establishment is not recognised. Each sanction is for one or a group of temporary engineers whose names and qualifications are reported when applying for sanction to entertain them, and whose appointments are sanctioned for a specific time not exceeding one year and for a specific work. I am to request that the particular work on account of which Mr. Pogson's services are required may be specified, and that this procedure may be followed in subsequent applications for sanction to temporary engineers.

ORDER—dated 3rd April 1884, No. 916 W., Public Works.

Communicated to the Superintending Engineer, IV Circle, and to the Examiner, Public Works Accounts.

2. The Government of India will be addressed in respect to paragraph 2.

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

Adverting to paragraph 2 of your letter, No. 018 G., dated 18th March 1884, I am directed to forward, herewith, a statement showing the temporary divisions which have been constituted in this Presidency; proposals regarding which have, from time to time, been laid before the Government of India, as will be seen on reference to the correspondence quoted in the margin. The names of the temporary officers, with rates of pay specially sanctioned by the Government of India, for carrying on the work of these divisions, are also included.

2. His Excellency the Governor in Council does not understand that it is the intention of the Government of India to insist on the employment of these officers in any particular division; but that the work to be done shall be entrusted to officers most competent to carry it on, whether those officers are on the temporary or permanent establishment. Any other arrangement would, His Excellency the Governor in Council is convinced, be productive of the greatest inconvenience; especially when, as at present, it is not always possible to obtain temporary engineers with the special qualifications requisite for elaborating important projects.

3. The temporary divisions have thus, in great measure, been officered by selections from the permanent establishment, the temporary engineers specially sanctioned replacing them in permanent divisions. The allocation of temporary engineers in the accompanying statement is made with a view of exhibiting what may be regarded as the sanctioned, as compared with the existing, arrangements; column 5 showing the division in which each officer is actually employed.

4. Should these arrangements be formally approved, a basis for future working will have been established sufficient to satisfy the requirements of audit; while the Government will be free to officer the temporary divisions by those best qualified for the duties to be performed in each case.

5. I am to request the early sanction of the Government of India to these proposals.

GOVERNMENT OF MADRAS.

READ—the following letter from G. H. W. WALKER, Esq., Officiating Under Secre-
tary to the Government of India, Public Works Department (General), to the
Secretary to the Government of Madras, Public Works Department, dated
Fort William, 11th February 1884, No. 195 G. :—

I am directed to acknowledge the receipt of your No. 12 I., dated 7th January
1884, applying for renewal of sanction to
the establishment noted in the margin
for the Tank Maintenance Scheme, and
asking for further sanction to three tempo-
rary engineers on the same rate of pay for
a second division.

	RS.
Local allowance for Superintendent of Works	100
1 Temporary Engineer	650
1 Do.	450
1 Sub-Engineer	300

2. I am to remind you that it was
stated in paragraph 5 of your No. 3273 W., dated 11th December 1882, that the
additional Superintending Engineer, who was ultimately provided for the scheme by
means of the local allowance of 100 rupees given to an Executive Engineer acting as
Superintendent of Works, would be required probably for one year only. Accordingly
the allowance was sanctioned by the Government of India, and confirmed by the
Secretary of State, for one year. Before extending this sanction it is necessary that
valid reasons for the extension should be given, and I am to request that a statement
may be furnished showing the work already done and remaining to be done by
Colonel Montgomerie, the officer who is in charge of the scheme.

3. In regard to the establishment for the first and second Tanks divisions, I am to
say that the Government of India will willingly accord sanction to the entertainment
of temporary engineers, within the limit mentioned by you, on the Madras Govern-
ment submitting the names of competent men; but I am to point out that hitherto
no such appointments, requiring the sanction of the Government of India, have been
proposed for the Tanks, unless Mr. Wallnut, whose appointment was sanctioned for
the Barur tank, is considered to belong to the Tanks division, and it is observed from
the last distribution return that the division has been manned by members of the
permanent establishment and temporary men for whose appointment the sanction of
the Madras Government sufficed. Under these circumstances, the submission of the
names of suitable engineers will be awaited, who may be utilised, after sanction, either
in the Tanks division itself, or to set permanent officers free for employment in that
division.

4. Finally, I am to state that the Government of India desires to impress upon
the Government of Madras its preference to the actual improvement of the tanks of
even one district, to the mere preparation of schemes in a large number of districts;
and I am to request that this may be borne in mind both with regard to the extension
of the appointment of Superintendent of Works and the plan of operations for the Tank
scheme.

Int William, 18 March 1884

Sir,
In reply to your letter No 50 to W dated
1 March 1884, I am directed to communicate
sanction to the continued employment, as a
temporary Engineer on Rupees 300 per mensem
of Mr A. L. Poyson for a further period
of one year with effect from the 1st,

sanction is for one or a group of temporary
Engineers whose names and qualifications
are reported when applying for sanction
to entertain them, and whose appointments
are sanctioned for a specific time not
exceeding one year and for a specific
work. I am to request that the particular

It was added in para. 5

that "the rest of the appointments specified in the statement submitted being below the limit of pay, may be made by the Government of Madras as suggested."

The proper inference to be drawn from this letter is, it is submitted, that the Madras Government are at liberty to form the new Divisions with the scale of Establishment proposed, the only restriction being that no promotions of permanent officers

12

916-917 officers are to be made in excess of sanctioned scale. nominations to the posts of temporary Engineers would require the definite sanction of the Government of India in each case as required under rule.

Acting on this assumption, Suptg. Engrs. were authorised in Memo. 289.C of 29th January/03 to organise the new Divisions the authorised scale being filled up either by direct appointment of temporary men, or by the transfer.

Temporary charges, and the engineers appointed to fill them.

With letter No 2592. W of 4th October 82 a statement was laid before the Government of India of the Temporary establishment required to carry out Pro- ductive Public Works in the Godavari, Krishna, and Cauvery Deltas. The following

was the scale proposed.

Godavari 1. Ex. Engr. (2^d grade) Rs 800
Central Dist. 1. Asstt. Engr. (2^d grade) " 350
Kistna Central 1. Ex. Engr. (4th grade) " 550
1. Asstt. Engr. (1st grade) " 450
Cauvery 1. Ex. Engr. (4th grade) " 550

The arrangements included proposals for the appointment of some temporary engineers, and the promotion of officers on the permanent establishment to fill temporary posts.

The reply of the Government of India is contained in their letter No 1558 G. of 30 November 1912.

The correspondence ending with Government of India letter recorded with G.O. 472. W of 21st July 1914 modified this scale as follows:-

by sanctioned by the
Government of India for
carrying on the work of
these divisions, are also
included.

2. His Excellency the
Governor in Council does not
understand that it is
the intention of the Govern-
ment of India to insist
on the employment of
these officers in any par-
ticular divisions, but
that the work to be done

shall be intrusted to officers
most competent to carry
it on, whether those officers
are on the temporary or
permanent establishment.

Any other arrangement
would, His Excellency
the Governor in Council
is convinced, be produc-
-tive of the greatest in-
-convenience; especially
when, as at present, it is
not always possible to
obtain temporary Engi-
neers with the special
qualifications requisite

3. The temporary Divi-
-sions have thus in great
measure been officered by
selections from the perma-
-nent establishment, - the
temporary Engineers specially
sanctioned replacing them
in permanent Divisions.
The allocation of tempo-
-rary Engineers in the ac-
-companying statement
is made with a view of
