GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From G. F. JOHNSON, Esq., President of the Local Fund Boards, Vizagapatam Circle, to the Deputy Chief Engineer, Public Works Department, dated 22nd May 1883, No. 301.

I have the honor to forward, herewith, for your scrutiny, an estimate, amounting to Rs. 6,350, for constructing a Local Fund Normal school at Pálkonda. The plan of the building has been approved of by Mr. Moro, the Inspector of Schools for this division. Both the plan and estimate have received the approval of the Local Fund Board at their meeting held on the 15th instant. A copy of the Board's resolution is herein enclosed. If you see no objection to the adoption of the plan and estimate, I request that you will forward them, through the Board of Revenue, for the sanction of the Government.

Application for an allotment of funds will be made after the sanction of Government is accorded for the estimate.

From G. T. WALCH, Esq., Officiating Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 24th March 1884, No. 579 V.Z.

With reference to the Deputy Chief Engineer's endorsement, No. 1087 C., on letter, No. 1086 C., dated 6th June 1883, to the President, Local Fund Boards, Vizagapatam, I have the honor to forward, herewith duly scrutinized, a plan and estimate (Rs. 6,270), for constructing a Normal school-house at Pálkonda, received from the President, Local Fund Boards.

Note by the Chief Engineer, Public Works Department.

The estimate is submitted for the sanction of Government.

2. It is suggested that better ventilation be provided for the school-rooms than has been allowed in the design.

(Signed) J. LAW-STE ART, Colonel, R.E.,
Chief Engineer, P.W.D.

4th April 1884.

Order—dated 15th April 1884, No. 975 W., Public Works.

The estimate, amounting to Rs. 6,270, for constructing a Normal school at Pálkonda, in the Vizagapatam district, is sanctioned.

2. The attention of the Local Fund Board should be called to the suggestion in the Chief Engineer's note above recorded.

3. This sanction has been registered as Local No. 2 W. of 1884-85.

I presume this plan & Estimate may now be passed without further comments, as the S.E. was informed that there were several points open to criticism, which however have not been altered. —

I would nevertheless urge that the Board be recommended to provide for the school rooms better ventilation than has been allowed in the design. —

NOTE OF REMARKS.

1. The accompanying plans and estimate for constructing a Normal School at Palkonda have been returned by S.E. I circle 'duly scrutinized'. By certain corrections the estimated amount has been reduced from Rs. 6,450 to Rs. 6,270.

4

2. It may be seen that the original arrangement of timbers is unaltered; the absence of satisfactory ventilation still exists; and the unnecessary thickness of main walls remains. Certain measurements of work, and scantlings

of timbers have been corrected. The important defects of the design have yet to be removed.

They are altogether excessive in my opinion. W

There is much that I object to in the design + estimate + it will be impossible to sanction it in the form sent up.

I concur with T's reflection on the architecture of the verandahs, but I suppose allowance must be made for the architectural vagaries of others [illegible] + tastes differ — so on that score I would not like to object to the project. The arrangement + scantlings of timber, which are all wrong, the unnecessary thickness of main walls involving useless extra expense, the extraordinary "Section thro AB" which I quite fail to understand, and the complete absence of means of ventilation in verandah school rooms, are more serious points.

I think the best plan will be to return the project to L.F. Board drawing that there are several points in design which appear open to criticism + to request them to forward same to S.E. for his scrutiny + opinion in accordance with the terms of the G.O.

NOTE OF REMARKS.

1. The enclosed plan and estimate provide for the erection of a L.F. Normal School at Palacondah, Vizagapatam District. Amount of estimate is Rs. 6,350.

7

2. The scantlings of the truss timbers are not in accordance with those laid down in the "Standard"

3. If instead of the style of verandah now proposed a simpler description were adopted, a substitution of round brick pillars 1½' diameter for the intended piers and arches, a gain would be effected in both price and appearance of the building. The adoption of pillars would give a ligh appearance to the struc as a whole. Double pilla to be placed at corners.

4. In accordance with
No. 3211 W. of the 6th Dec/82, estimate should have been submitted, with plans,

If it be considered that the estimate may be sanctioned, the Board of Rev. might be asked in the order to call the attention of the L. F. Board to G.O. No 3211 W dd 6.12.82, under which the papers should in the first instance have been sent to the S.E. for scrutiny.

The points noticed by I. might, if considered necessary, be sent forward in ~~the~~ the Ch. Engr's memo to accompany the order.
