15TH APRIL 1884, No. 978 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 8th April 1884, No. 109:—

With reference to your memorandum, No. 755 C., dated 27th ultimo, I have the honor to report that I expect to receive, in a few days, the estimate for the demolition of the outworks on the north-west and south fronts of Fort St. George, item No. IV in paragraph 11 of the Quartermaster-General's letter, No. 455, of the 28th June 1883.

2. For the other works mentioned in the same paragraph small estimates of Rs. 100 and Rs. 158 have been prepared for No. I and No. II, closing the north sea-gateway and choultry gateway. An estimate of Rs. 2,680 has been prepared for No. III, for constructing a bridge-pit and draw-bridge at the north gate. An estimate of Rs. 2,570 for putting in order the draw-bridges at the gateways of the enceinte (second part of item No. IV) has come to my office approved by the Brigadier-General, Commanding the District.

As regards the renewing and pointing with cement all the escarp walls of the enceinte (item No. V), the escarp walls on the sea-face have been thus dealt with, and others will be taken up in this year. The funds available will not permit of all the repairs being carried out in one season. An estimate of Rs. 10,700 has been made for item No. VI, laying new water-supply pipes and providing pipes, for daily consumption, attached to the cisterns; but the Executive Engineer hopes to reduce the estimate.

3. I presume that you do not require to have estimates for items I, II, part of IV and V for repairs; but only the estimates for new works, items III and VI, and for removal of the outworks, the first part of item IV.

ORDER—dated 15th April 1884, No. 978 W., Public Works.

The estimate referred to in paragraph 1 of the foregoing letter is awaited.

2. It is not intended that estimates within the Superintending Engineer's powers should be submitted for the sanction of Government.

APRIL.

Fort St. George

Awaiting the estimate promised for the
demolition of the outworks on the north-
west and south fronts of —.

No. 109

SUPERINTENDING ENGINEER'S OFFICE,
5TH CIRCLE, MADRAS,
Chepauk, 8th April 1884.

From

THE SUPERINTENDING ENGINEER,
5TH CIRCLE,

To

THE Chief Engineer
P. W. Dept.

SIR,

Enclosures.

With reference to your Memorandum
No. 755C dated 27th ultimo, I have
the honor to report, that I expect
to receive in a few days, the estimate
for the demolition of the outworks
on the N, W and S fronts of Fort
St. George. I am also in para II
of the Quarter Master General's letter
No. 455 of the 28th June 1883.

2. For the other works mentioned
in the same para, small estimates
of Rs. 100 & Rs. 158 have been prepared
for N. I and N. II, closing the
North Sea gateway and country
gateway. An estimate of Rs.
2680 has been prepared for
N. III, for constructing a bridge
pit and draw bridge at the
North

North gate. An Estimate of Ru-
pees 2570 for putting in order the
draw bridges at the gate ways of
the Cuccinade (2nd part of item
No. II) has come to my office
approved by the Brigadier
General Commanding the
District.

As regards the renewing and
pointing with cement, all the
escarp walls of the Cuccinade
(Item No. I), the escarp walls
on the Sea face have been thus
dealt with, and others will be
taken up in this year. The funds
available will not permit of all
the repairs being carried out
in one season. An Estimate
of Rupees 10700 has been made
for Item No. II, laying new
water supply pipes and pro-
-viding pipes for daily consump-
-tion attached to the cisterns.
But the Executive Engineer
hopes to reduce the Estimate

3. I presume that you do
not require to have estimates
for Item I, II, part of IV & V
for

for repairs; but only the estimates
for new works Item III and IV,
and for removal of the out works,
the first part of Item IV. 978

I have the honor to be
Sir
Your most Obedt^h servant
