16th April 1884, No. 982 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Engineer and Secretary to Government, Public Works Department, dated Madras, 28th March 1884, No. 84 :—

With reference to G.O., dated 28th November 1883, No. 3403 W., I have the honor to forward, for the sanction of Government, the accompanying plan and estimate, amounting to Rs. 2,120, for making certain alterations to the Females' Hospital in the Madras Penitentiary.

2. The floor of the existing building is on the same level as the ground outside which makes it damp and unfit for a hospital. It is proposed to raise the floor 2 feet, to remove the present terraced roofing, to heighten the walls to 13 feet 6 inches and to substitute a tiled roof. New doors and windows will be provided, the existing ones being too small. The windows ought to be protected with iron bars; in addition to the windows there ought to be iron barred ventilators. The steps should be of stone not of brick.

3. I also enclose for sanction, an estimate, amounting to Rs. 1,670 for general repairs to the prison buildings in the Penitentiary.

4. These works can be carried out departmentally; and if convict labor is utilized there will be a large saving in the estimate.

5. The letter from the Executive Engineer, Presidency Division, is likewise enclosed.

Order—dated 16th April 1884, No. 982 W., Public Works.

The estimate, amounting to Rs. 2,120, for improvements to the Women's Hospital at the Madras Penitentiary, is sanctioned for execution by the Jail Department.

2. The estimate for repairs to buildings in the Penitentiary will be forwarded to the Superintending Engineer, V Circle, for disposal.

3. The attention of the Executive Engineer, Presidency Division, and of the Inspector-General of Jails, will be drawn to G.O., No. 483 W., dated 21st February 1884, prescribing the channel through which estimates for civil buildings should be submitted.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 8 W. of 1884-85 and classified as Civil Buildings, Original Works.

(True Extract.)

Major, R.E.,

982/2

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 23rd November 1883, No. 334:—

Under the provisions of Jail Rule 46, I have the honor to forward copy of the remarks of Surgeon-General Cornish on his inspection of the jail hospital at the Penitentiary.

2. Owing to the dampness of the hospital, the Superintendent, on the recommendation of the Medical Officer, removed the patients from the females' hospital to the under-trial ward in the females' enclosure.

3. In August last the attention of the Superintending Engineer, Fifth Circle, was called to the state of the flooring of the building, and was requested to inspect the wards and cause an estimate to be framed for the necessary repairs, but up to the present time no report or estimate has been received.

In this office letter, No. 3962, dated 18th August 1883.

4. I request instructions may be issued in the Department of Public Works to have the repairs made without delay, as the building in its present state ought not to be occupied as a hospital.

Enclosure.

Extract from Official Visitors' Book.

Date of Visits.	Observations and Recommendation of Official Visitors.	Remarks or Explanation of the Superintendent.	Order of the Inspector-General of Jails.
16th Nov. 1883.	*W. R. Cornish, Surgeon-General, Government of Madras.*—I visited the jail hospital this morning and went through the jail. I am glad to say that health has been fairly good during the year. One woman was seriously ill, and several cases of fever have occurred lately amongst the men. The flooring of one of the small wards in the female hospital is damp, and I think in all these wards the tiles should be laid on a bed of concrete to prevent damp rising. The drainage of the jail has been much improved of late. A leper in hospital suffering temporarily from itch seems to me to be fit for some kind of work when his temporary ailment is cured.—W. R. C.	Department of Public Works must be stirred up through the Inspector-General. (Sd.) W. A. Symonds, Supt. of Prisons.

Forwarding for sanction plan and Estimate amounting to Rs 2120 for making alterations to the female Hospital in the Penitentiary -

P.Y.S. 4/4

Public Works Department, 1884-85.

982/6

Current No. 2852
Letter No. 84
Dated the 28th March 84
From the Inspr. Genl of Jails

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for improving the Female Hospital of the Madras Penitentiary. The estimated amount is Rs. 2,120. 5

2. It is intended to raise the floor of the hospital 2 feet above its present level; to increase the height of the walls; and to cover the building with a tiled roof. It is also proposed to introduce larger doors and windows than the existing ones, and to provide ventilators (iron gratings) over doors and windows.

Subject to approval,

6

with a span of 12 feet trusses do not appear necessary and, moreover, the plan shows them wrongly placed — over doors and windows — or rather, more immediately over the ventilators. — Couples, with single collar pieces, would answer better for they would cause a better distribution of superincumbent weight. However the estimate is but Rs. 2,120.

3. It may be seen that the E.E. has not followed the course directed to be adopted in G.O. No. 483 W. of the 21st Feb./84, in the submission of such estimates as this one. The E.E. should have sent this estimate to S.E.V. who would have forwarded it to the Inspr. Genl. of Jails. The plan and estimate do not bear S.E.'s countersignature.

4. The plan and estimate have been countersigned by the Inspr. Genl. of Jails.

3rd April/84

Yes — but the adoption of the hipped roof & position of windows has necessitated this — the result of it is I don't see that there is room for arches between tops of ventilators + stone templates under trusses — nor is there apparently in B.3.W. estimate any provision for either arches or slabs over the ventilators. Hence E.E. must take the responsibility of this. It is a detail within his & S.E.'s power.

I agree in this case — but some S.E.s & E.E.s prefer trusses for very small spans.

C.J.
4/4

Yes.

Seen [illegible]

982/7

To D.W.

For orders on the estimates.

If the papers had come through the proper channel, the S.E. could have sanctioned the repair estimate, which thus need not have come up to the Ch. Engr. at all.

The Inspr. Genl. of Jails should have addressed his letter to Govt. in the Judicial Dept.

Thus both the Ex. Engr. & the Inspr. Genl. have not followed the course prescribed in G.O. No. 3403 W. d/ 28.11.83.

C.J.

Letter No. 84

Dated the 28th March/84

From the Inspr. Genl. of Jails

NOTE OF REMARKS.

1. This estimate is for the repair of certain buildings in the Penitentiary at Madras. The estimated cost is Rs. 1,670.
2. The work to be done is – plastering and pointing of walls, and repairing of floors and roofs.
3. In this instance also, the E.E. has not followed the course to be adopted in the submission of estimates as laid down in G.O. No. 483 W. of the 21st Feb/84. 8
4. The estimate has been countersigned by the Inspr. Genl. of Jails.
