GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Shiyali, 6th March 1884, No. 2442 T.J.—Through the Examiner of Public Works Accounts.

I have the honor to bring to your notice that, on a reference by the Executive Engineer, Tanjore, to the Examiner of Public Works Accounts, he states his opinion that the post of superintendents with pay exceeding Rs. 20 should be held only by one who has passed the general test or middle school examination in the 1st class, and that men who have passed the surveyor's test in the Civil Engineering College are not eligible, and, I suppose, also considers no person whose age exceeds 25 eligible for these appointments (see paragraph 174 of Code).

2. If you consider this ruling is correct, and I suppose, unless these men are considered artificers (paragraph 170), it is so, I have the honor to request that Government may be moved to sanction the appointment of men, whose age exceeds 25, who have passed as surveyors in Civil Engineering College to the post of superintendents.

3. For these appointments often an older man than one of 25 is advisable as experience is generally necessary, and the training of a surveyor is better than many others. A man who has passed and had some experience as a surveyor is much more suitable than a young man under 25 who has passed the middle school examination, 1st class.

No. 1545 S.E.

Forwarded to the Chief Engineer, Public Works Department, for favor of disposal. This office has no remarks to offer on the suggestions advanced by the Superintending Engineer except that a *general* ruling sanctioning the appointments of men whose age exceeds 25, and who have passed as surveyors, to posts of superintendents, does not seem expedient.

24th March 1884.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

Endorsement by the Chief Engineer for Irrigation, dated 1st April 1884, No. 69.

ORDER—dated 16th April 1884, No. 983 W., Public Works.

The opinion in the Public Works Department is that a man who has passed the surveyor's test is likely to be more useful on the irrigation conservancy establishment than one who has merely passed the middle school examination. It is accordingly remitted for consideration in the Educational Department whether the surveyor's test may be deemed a sufficient qualification for appointments on that establishment.

2. The question of withdrawing the limit on account of age will be considered in the Pension Department.

Sir,

ENCLOSURE.

*Irrigation
Conservancy?*

I have the honor to bring to your notice that on a reference by the Executive Engineer Engineer to the Examiners P.W.D. he states his opinion that the post of Superintendents with pay exceeding Rs 20 should be held only by one who has passed the General 1st or middle school Examination in the 1st class and that men who have passed the Surveyors 1st in the Civil Engineering College are not eligible and, I suppose, also considers no person whose age exceeds 25 eligible for these appointments. (See para 174 of code).

2 If you consider this ruling is correct and I suppose unless these men are considered artificers (para 170) it is so, I have the honor to request that Govt may be moved to sanction the appointment of

men whose age exceeds 25, who have passed as Surveyors in Civil Engineering College to the Posts of Superintendents.

3. For these appointments often an older man than one of 25 is advisable as experience is generally necessary and the training of a Surveyor is better than many others, a man who has passed & had some experience as a Surveyor is much more suitable than a young man under 25 who has passed the middle school examination, 1st class.

H. G.

Agree with C that no general ruling for exemption of Surveyors should be issued. I see no reason why men who have passed the Engineering Test in the C. & C. College should not be appointed to the Engineering Service without a limit on account of age. All are now aware that as a rule their retirement is compulsory at 65 years of age.
