ORDER—dated 6th July 1885, No. 1563 W., Public Works.

In the papers read above, the Superintending Engineers apply for funds, under Imperial Military and Civil Buildings, Roads and Services, on account of—

- (a) anticipated outlay on minor works, in lump sums;
- (b) incomplete works of 1884-85;
- (c) new works recommended to be taken up in the current official year, and
- (d) repairs.

2. Under Imperial Military, the budget grant for minor works amounts to Rs. 20,000; and the Superintending Engineer, V Circle, having surrendered a sum of Rs. 2,203 from the grant for new barracks for Royal Artillery at St. Thomas' Mount, the same will be resumed and added to the grant for minor works, in anticipation of sanction by the Government of India. Against the total of Rs. 22,203 so arrived at, the demands of Superintending Engineers amount to Rs. 47,824, as shown below:—

	RS.
For minor works anticipated, lump sums	2,133
" incomplete minor works	5,175
" " major works	5,755
" new minor works specified	18,873
" " major works	15,888
Total	47,824

30312301 1/1000000 1/1000000 1/1000000

3. The minor works grant has been distributed as follows:—

	RS.
For incomplete minor works, <i>vide</i> statement B	4,256
" " major works,	5,637
" new minor works,	9,812
" major works,	2,498
Total ...	22,203

4. There is thus no balance left in hand, and it is found impossible to provide any lump sums for anticipated outlay on minor works.

5. The allotment under Repairs will be found in statement A. The demands under that head amount to Rs. 1,61,796, but have been reduced to Rs. 1,48,359 in order to bring the allotments within the available grant.

6. Under Imperial Civil Buildings, Roads and Services, the demands against original works amount to—

	RS.
Postal incomplete works	4,217
" new works	3,220
Telegraph incomplete works	4,375

of which Rs. 3,909 under Postal have been allotted for incomplete works. The balance of the minor works grant, after the above allotment, is Rs. 1,991; and it is placed at the disposal of the Director-General of Post Offices as shown in statement A.

7. A sum of Rs. 2,500, being the available minor works grant under Telegraph, has been allotted to complete the improvements to the telegraph office at Cocanada.

8. The allotments under Repairs will be found in statement A. The demands under Telegraphs have been reduced to Rs. 3,000, in order to bring the allotments within the provision in the budget.

9. Ordered that copies of these proceedings be forwarded to the Government of India in the Military and Public Works departments.

Letter from Director-General of Telegraphs in India, No. 214 A.T., dated 23rd July 1884.

OBSERVATIONS.—Under existing arrangements for the provision of funds for Postal and Telegraph works, the annual grants are, with the exception of those for minor works, held at the disposal of the Heads of Departments concerned, and they are empowered to apply to the Government of India direct in cases where it is necessary to transfer grants for major works from one Province to another.

In the case of minor works it is left to the discretion of Local Governments and Administrations to place a portion of this grant at the disposal of Heads of the Postal and Telegraph Departments for expenditure on such minor and petty works as they are empowered to sanction, but the Heads of Departments named are restricted from proposing transfers from the minor works grant without first consulting Local Governments and Administrations, and it has been brought to notice that this procedure is apt to cause much delay and to result in grants not being utilized to the advantage of the services concerned.

Resolution—

The Government of India is of opinion that the wants of the Postal and Telegraph Departments will be better served if the grants for minor works, excepting such portion as may be required to complete minor works in progress, were held to be at the disposal of the Heads of those Departments who should also be empowered to apply to the Government of India direct for permission to reappropriate from the grant of one Province to another. It would also be convenient if the Directors-General of the Departments concerned were consulted before new minor works are put in hand.

2. Before formally introducing the change here contemplated the Government of India would be glad to know whether there is any serious objection to the rules being modified as proposed.

Order—

Ordered that the foregoing be communicated to Local Governments and Administrations noted in the margin, for report.

In reference to your No. 2007 W. of 20th July 1883, I have the honor to state that the method of controlling the allotment for Minor Postal Works now adopted in Bengal, and which you propose extending to Madras, is fully approved of by this office, and the Director-General will be glad to see it adopted with regard to the grant for Minor Works under Postal for 1884-85 and future years.

ORDER—dated 5th September 1883, No. 2490 W., Public Works.

The procedure referred to in G.O., No. 2007 W., dated 20th July 1883, will be adopted with regard to the grant for Minor Works under Postal for 1884-85 and future years.

2. The attention of the Director-General of the Post Office of India is invited to paragraph 3 of the order above quoted.

Resolution—

The Government of India is pleased to approve of the change contemplated in
the resolution read above, in regard to the procedure for the allotment and re-appropriation of funds for minor works connected with the Postal and Telegraph departments.

The annual grants for both major and minor works will, for the future, be at the disposal of the heads of the departments named, who are also empowered to apply to the Government of India direct for permission to re-appropriate from the grant of one province to that of another; and no new minor work should be undertaken without the consent of the head of the department concerned.

Order—

Ordered that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

READ—the following letter from A. J. L. CAPPEL, Esq., Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 29th June 1883, No. 797 :—

With reference to the allotments for Minor Works, Telegraph, in the grants annually made by the Government of India in its distributions of the Imperial Public Works Grant for Other Services, I have the honor to submit, for the consideration of the Government of Madras, that the Bengal Government places the whole allotment at my disposal and furnishes me with forms (of which I enclose a copy) for intimating to Superintending or Executive Engineers and the Examiners of Public Works Accounts the manner in which I deal with the balances.

2. This plan not only saves needless correspondence but enables me to economise the grants, and I have therefore the honor to enquire if it may be introduced with regard to "Minor Works, Telegraph," in the Madras Presidency.

ORDER—dated 20th July 1883, No. 2007 W., Public Works.

The Government have no objection to the introduction of the system proposed by the Director-General of Telegraphs in India, and accordingly place the Minor Works Grant for 1883-84 under Telegraphs, amounting to Rs. 6,250, at the disposal of that officer.

2. The same course will be followed in future years with respect to the balance of grant remaining after providing for incomplete works of previous years.

3. To admit of the books of the Public Works Secretariat being properly posted, the Director-General of Telegraphs will be requested to intimate to this Department as well as to Superintending Engineers and the Examiner, Public Works Accounts, all appropriations made by him for Minor Works in the Madras Presidency.

4. The Director-General of the Post Office of India is requested to state whether he would desire the adoption of a similar course with regard to the grant for Minor Works under Postal.

Proceedings of the Government of India, Public Works Department (Account—
General), dated Simla, 11th November 1884, No. 269 A.G.

Distribution of the Imperial Grant for Civil Buildings, Roads and Services, for
1885-86.

Letter from Secretary to Government of Madras, No. 2384 W., dated 25th September 1884.

Resolution—

The demands for 1885-86 for Imperial Civil Buildings, Roads and Services, amounting in the aggregate to Rs. 44,54,653, are considerably in excess of the funds available for distribution to the several Provinces and Administrations. The grants to be thus distributed, together with the provision necessary for expenditure in England and for unforeseen emergent requirements during the year, are, however, limited to Rs. 39,80,000; and the Government of India has decided, after very careful consideration, to make the distribution shown in the following table:—

	Demand, 1885-86.	Provisional grant for 1885-86.	Difference (+ or -):
	RS.	RS.	RS.
Madras	64,183	57,735	— 6,448
Bombay	4,12,380	1,40,685	— 2,71,695
Bengal	14,02,900	7,49,116	— 6,53,784
North-Western Provinces and Oudh	2,82,000	2,21,983	— 60,017
Punjab	1,62,400	89,018	— 73,382
Central Provinces	21,220	22,223	+ 1,003
Assam	67,720	35,856	— 31,864
Central India	7,86,500	5,40,000	— 2,46,500
Hyderabad	49,950	27,400	— 22,550
Rajputana	3,04,400	2,61,300	— 43,100
Biluchistan	4,86,000	2,92,326	— 1,93,674
Inspector-General of Military Works	1,49,800	1,56,870	+ 7,070

Coorg	2,22,000	1,75,000	— 47,000
Reserve for Expenditure in England	...	9,00,000	+ 9,00,000
Reserve with Government of India	...	2,67,288	+ 2,67,288
Total ...	44,54,653	39,80,000	— 4,74,653

2. The details of the provisional grants now assigned will be found in the statement attached to this Resolution. The detailed budget estimates should be prepared in strict accordance with the programme in the accompanying statement, except in those cases where the distribution is left to the Local Administrations. The budgets should be submitted so as to reach the Government of India punctually on the 15th January next.

3. It is notified for future guidance that the demands made by the several Local Governments and Administrations in their annual schedules should be restricted to the requirements of heads of Departments for the year concerned. Hitherto the practice has prevailed, in some provinces, of including a large number of Postal and Telegraph Works in their schedules which are not demanded in the schedules submitted by the Directors-General of those Departments.

Order—

Ordered that this Resolution be communicated to the Local Governments and

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, Assam, and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana, and Biluchistan.
The Superintendent of Port Blair and Chief Commissioner, Andaman and Nicobar Islands.
The Director-General of Telegraphs in India.
The Inspector-General of Military Works.
The Director-General of the Post Office of India.

Administrations and officers noted in the margin for information and guidance.

Ordered also that copies be forwarded to the Department of Finance and to the

Accountant-General, Public Works Department, for information.

ORDER—dated 27th December 1884, No. 3158 W., Public Works.

The budget estimates for 1885-86 under "Imperial, Other Services," prepared in accordance with the programme approved, are circulated for information and guidance.

2. The Superintending Engineers (I and IV Circles) propose the following works for execution during the ensuing year :—

	RS.
1. New Post office at Koraput, Vizagapatam district ...	1,000
2. Do. with out-houses at Mypadi, Nilgiri district ...	4,096
3. Do. at Kalpathi, Nilgiri district ...	2,910
Total ...	10,006

The Government of India will be requested to sanction these additional grants, as well as a sum of Rs. 30,155 under "Postal" for the combined post and telegraph offices at Madras, already applied for in letter No. 3005 W., dated 8th December 1884.

The appropriation of Rs. 12,100 for the signallers' quarters at Cocanada is Rs. 2,934 in excess of the sanctioned estimate for the work. A revised estimate seems to be necessary, and should be submitted without delay. An estimate for the new post office at Calicut should also be submitted at an early date. An appropriation of Rs. 8,460 has been provided for this work.

The grants for minor *Original* works and *Repairs* will, as usual, be held at the disposal of Government, and will be distributed early next year on receipt of detailed proposals.

The difference between the budget and revised estimates for 1884-85 is small and does not call for special notice.

Four copies of the preliminary issue of the budget, as now adopted, will be forwarded to the Government of India.

REVISED ESTIMATE, 1884-85.

2. The amount of the revised estimate has been increased from Rs. 1,44,100 to
Rs. 1,58,400, so as to include the additional grant of Rs. 14,880 recently sanctioned
for the combined post and telegraph office, Madras, and to exclude the sum of Rs. 600
withdrawn in Public Works Department letter No. 93 B., dated 20th February last,
from the grant for minor telegraph works.

3. The sum of Rs. 10,000 surrendered from the current year's grant in Madras
Government telegram of the 7th March 1885 could not be accepted in consequence
of the telegram having been received too late.

BUDGET ESTIMATE, 1885-86.

4. The budget estimate was prepared for the grant of Rs. 57,700, provisionally
assigned in Government of India resolution of the 11th November last.

5. As regards the additional funds required for works since brought to notice by
the Madras Government, it is found practicable to provide for only the "Combined

post and telegraph office, Madras." A sum of Rs. 42,200 is reported as the balance required to complete the work. This sum, together with Rs. 10,100 on account of the usual percentage for establishment and tools and plant charges, is sanctioned as an

* Work	Rs. 8,500	additional grant for the ensuing year, but
Establishment and tools and plant...	2,000	the grant of Rs. 10,500 * which had been
	10,500	provisionally sanctioned on account of the
		post office at Calicut is withdrawn (see
		Public Works Department letter No.
		121 B., dated 6th March 1885). The

total grant for 1885-86 will thus amount to Rs. 99,500.

6. Expenditure within the limits of the amounts passed is authorised, subject to the condition of a strict adherence to the rules in force regarding the financial regularity of departmental work.

Order—

Ordered that the foregoing be communicated to the Government of Madras for information and guidance, with the request that 35† printed copies of the budget estimate, as now passed, may be submitted so as to reach the Government of India not later than the 1st May 1885.

ORDER—dated 29th April 1885, No. 1019 W., Public Works.

The grant assigned by the Government of India, in paragraph 5 of the resolution read at the commencement of these proceedings, for completing the combined post and telegraph office at Madras, has been included in the final issue of the budget, in the manner detailed in paragraph 5 of the letter from the Consulting Architect to Government, printed with G.O., No. 58 W., dated 8th January 1885. The total grant for works "in progress" under Civil Buildings, Original Works, will then be increased to Rs. 54,300; not to Rs. 45,800, as shown in the statement embodied in the Government of India resolution recorded above.

2. The grant for the new post office at Calicut having been withdrawn, the total grant for works "not commenced" under Civil Buildings, Original Works, is Rs. 18,000; not Rs. 26,400, as entered in the statement embodied in the resolution of the Government of India.

3. With these remarks the final issue of the budget estimate for Imperial Other Services for 1885-86, will be printed and circulated for the information and guidance of the officers of the department. The number of copies noted in the margin will be forwarded to the Government of India.

Sir,

I have the honor to request you
will be good enough to allot Rs 980 for
completing a wire fence round the European
Infantry Barracks at Cannanore.

An estimate of Rs 1130 for this work
was submitted to the Assistant Quarter
Master General, Western Division, for
submission to Government with this office

N^o 140 of 25th April 1885.

The work was commenced before
the end of the last official year at the
request of the Brigadier General Command-
ing Western District who provided funds
to the extent of Rs 100 for expenditure on it
in that year and promised to allot the balance

In the statement
of demands received
from S. C. IT "circle"
a sum of Rs 950 has
been entered for the Silt
Canal shed at Thalapuram
but in distributing
funds no allotment
was made for this
work as there was
comparatively a
very small sum
available and as
the work was a newly
proposed one. No
funds are now avail-
able under military
minor works & the
sum required is
so small that an
application to the Govt
of India for a special
grant is considered
desirable. It may
be asked to
propose in commu-
nication with

Engineer

transfer of funds
from other military
works in the Coast
submitted for
orders.

29/6

S. E. should be informed
that there are no funds available
under military works. He
should prepare a statement of
funds to meet this demand, and as
the amount is very small this can
probably be effected without
inconvenience.

C. J.
29.6.85

D. W.

It has since been found
feasible to make provision
for this work in the demand
statement as under

para 2293 III of the P. W.
code all incomplete works,
which can be completed
within an six months before
31.12.85 in the year, must not

the demands of the S. E. were shown
at Rs 25311. As the statement from
the S. E. I have showing demands of
over Rs 10,000 has since been received,
this and the provision required for
several emergent works recently sanctioned
increased the total demands to Rs 45,404

3. The reserve in the Budget is
Rs 20,000 and a sum of Rs 2203 has
been surrendered by S. E. I have
from the budget grant for Barracks
for Royal Artillery at Saint Thomas
Mount. The total sum available
for distribution is therefore Rs 22,203
against

against demand of Rs. 45,404. The demands are far in excess of the amount available. They require to be restricted by reducing the amounts applied for newly proposed works.

4. The demand of Rs 6450 for the Draw bridge and gate at the Vellore Fort will be retained if approved with reference to para 3 of the Quarter Master General's letter.

5. The demand of Rs 2958 for putting the Bannanore Fort into a state of defence will also be retained if approved with reference to para 4 of the Quarter Master General's letter.

6. The work "Converting old cells in the Bannanore Fort into a double magazine and treasure room is not included in the demand statement received from the Suptg. Engr. IV circle.

2,000 - increased by Rs. 2,203 surrendered
from the artillery barracks at Mount - that
is from Rs. 22,203, we have Rs. 11,273
only for new works, major & minor, for
which the demands amount to Rs. 32,341.

Of these new works the following must
first be provided for out of the Rs. 11,273

Residency, Parade barracks, powder cells -
already commenced - Rs. 1127

" Surface drains of wash houses,
powder barracks - completed - Rs. 780

brigade, converting a portion of the 8
barracks, Wellington, into cantonment, or Rs. 1130

West Coast, alteration to the cantonment
ground, or Rs. at Commencement - Rs. 710

brigade, arms racks for the detachment
of N. I. at Octacumund - Rs. 660

Residency, Rifle range for the British
Regiment at Fort St. George - Rs. 1830

Chinappat, 5 latrines for family quarters
of R. A. at St. T. Mount, or - Rs. 625

Total: - 6,862

This leaves Rs. 4,411 for other new
works of which putting the Commencement
Fort into a state of defence, Rs. 2,958, and
" Draw bridge & gate to the Fort at Villavur",
Rs. 6450, have the first claim to allotments.
and I may add, not included in statement,

"Considering the old cases in Cannon
Fort into a double magazine, No. 2420.

For the first and third of them the
balance available is very nearly finished,
and I recommend their being provided with,
the draw bridge & gate at Vellum Fort must
stand over, as I see no possible way of
meeting the cost, unless for it of which we
should increase our grant.

D. Co. I, II, & III, have asked for column
bases, No. 2133 in all, to be placed at their
disposal, but this is impossible.

The "Draw bridge and gate at Vellum"
might be taken in hand of course, if H. E.
the C. in C. would prefer that it should take
precedence of the Canton at Washington, No. 1150,
the demolition work at Cannon, No. 710,
the 5 batteries at Chippewas, No. 625, and the
improvement work at Cannon Fort, No. 2420.

C. A. W.

I quite endorse above remarks.
The points should be referred
for opinion of H. E. the C. in C.
either in a note for orders -
or through the Mil. Dept.
Whichever is correct procedure
In either case, the paper should
be marked urgent.

appear to be correct.

Two works, mainly brought forward by the Commr in Chief as urgent, have been entered in the statement B. without allotment -

These are (item 1 under mil. minor works) School house at Berhampore Rs 1390, & (item 5 under mil. minor works) Drawbridge & gate for Vellore Fort - Rs 6450. With respect to the first item, please see linked file -

It is proposed to provide funds for these two works from the sum of Rs 62000 given back by the Govt of India.

From the Director General of Telegraphs - N. E. No. 320 of 30th April 1885

In the papers read above, the Suptg. Engineers

W. 20-6-85

W. 20-6-85

apply for funds, under Im-
perial Military and Civil
Buildings, Roads and
Services, on account of

(a) anticipated outlay on
minor works, in lump
sums,

(b) incomplete works of
1884-85,

(c) new works recommend-
ed to be taken up in the
current official year, and

(d) repairs.

2. Under Imperial Military,

the budget grant for minor
works amounts to Rs 20,000;

and the Suptg. Engineer

II. Circle having surrendered
a sum of Rs 2,203 from the
grant for new barracks

for Royal Artillery at
St. Thomas' Mount, the

same will be resumed and
added to the grant for

minor works, in anticipation
of sanction by the Govern-

ment of India. Against

the total of Rs 22,203 so

arrived at, the demands of

Suptg. Engineers amount to

Rs 47,824, as shown below:-

For minor works anticipated, lump sums-	2,133
" incomplete minor works	5,175
" — do — major works	5,755
" new minor works specified	18,873
" — do — major works	15,888
	<u>47,824</u>

3. The minor works grant
has been distributed as

follows:

For incomplete minor works, vide Statement B-	^{Rs} 4,256
" do major works, do	5,637
" new minor works, vide do	9,812
" do major works, do	<u>2,498</u>
	<u>22,203</u>

4. There is thus no balance left in hand, and it is found impossible to provide any lump sum for anticipated outlay on minor works.

5. The allotment under repairs will be found in Statement A. The demands under that head amount to ^{Rs}16,796, but have been reduced to ^{Rs}14,359 in order to bring the allotments within the

available grant.

6. under Imperial, Civil

Buildings, Roads and Services,

the demands against origi-

-nal works amount to:-

Postal incomplete works - ^{Rs}4,217

" new works - 3,220

Telegraph incomplete works - 4,375

of which ^{Rs}3,909 under

Postal have been allotted

for incomplete works. The

balance of the minor works

grant, after the above al-

-lotment, is ^{Rs}1,991; and

it is placed at the dis-

-posal of the Director General

of Post offices as shown

in Statement A.

7. A sum of Rs 2499/-
being the available minor
works grant under Telegraph,
has been allotted to com-
plete the improvements
to the Telegraph office
at Cocanada.

8. The allotments
under repairs will be found
in Statement A. The
demands under Telegraphs
have been reduced to
Rs 3000, in order to bring
the allotments within the
provision in the Budget.

9. Ordered that
copies of these Proceedings
be forwarded to the
