No. 158.

READ—the following papers:—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the
Chief Engineer, Public Works Department, dated Camp, Bezvada, 5th
August 1882, No. 440 N.L.

I have the honor to forward herewith a revised estimate for the Kandukur sub-
jail, amounting to Rs. 12,325, together
with a comparative statement and expla-
natory memorandum by the Executive
Engineer and two reports.

- 1 Estimate.
- 1 Abstract Estimate.
- 1 Comparative Statement.
- 1 Explanatory memorandum.
- 2 Reports.

2. If the Executive Engineer's pro-
position be accepted, and the unfinished
latrine be converted into a ryots' shed, only Rs. 350 more than the present sanction
will be required to complete the building.

3. As far as my experience goes numerous latrines have been constructed
throughout the Presidency in connection with these Cutcheries which are never used,
nor can they be used unless an establishment is maintained to keep them clean.
There are still many Cutcheries on the standard plan to be built in various districts,
and I would suggest district officers being called on to report whether it is necessary
to continue building latrines which are never used.

No. 608 E.

Referred to the Judicial Department for approval, and for consideration whether
the ryots' shed may be omitted as suggested; the latrine being finished off to serve as
such.

READ—the following Proceedings of the Board of Revenue, dated 2nd September
1882, Miscellaneous No. 6818:—

Read—Office memorandum from the Acting Under Secretary to Government, Judicial
Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines
is generally unnecessary considering the small number of prisoners usually confined in
sub-jails, and it is believed that such buildings are but rarely used for the purpose for
which they are intended.

Acting Secretary.

Order—dated 8th September 1882, No. 892, Judicial.

Approved and transferred to the Public Works Department, with reference to endorsement in that Department dated 21st August 1882, No. 608 (returned).

(Signed) G. S. FORBES,
Acting Under Secretary.

No. 159.

ORDER—dated 20th September 1882, No. 2440 W., Public Works.

The proposal to finish off the partly built latrine at the Kandukúr sub-jail, Nellore District, to serve as a ryots' shed, having been approved in the Judicial Department, the building provided for in the estimate for the latter purpose need not be constructed. The excess over the original estimate, sanctioned in G.O., Judicial Department, No. 1488, dated 11th August 1874, will thus be only Rs. 350, and this can be dealt with by the Superintending Engineer under paragraph 293, clause (e) of the Public Works Code.

2. The Proceedings of the Board of Revenue, communicated with the foregoing endorsement from the Judicial Department, will be communicated to all Superintending Engineers for information and guidance.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following papers:—

From Colonel J. BEATTY, R.E., Superintending Engineer, fourth circle, to the
Chief Engineer, Public Works department, dated Ootacamund, 30th Decem-
ber 1883, No. 596 W.

I have the honor to forward, for sanction, 5 plans and an estimate amounting to
Rs. 1,343, with a report, for certain addi-
tions and improvements to the Munsifs'
Court at Tirupatur, Salem district.

1 plan of turret.
1 " record-shelf.
1 " cattle-shed.
1 " latrine.
1 site-plan.
1 estimate, complete.

2. In the improvements a lightning
conductor has been provided to be fixed
at the apex of the turret of the building.
In accordance with the instructions given in pages 12 and 13 of appendix A to the
standard specification, the space protected by this conductor is believed to be suffi-
cient, as the whole of the building is within a cone having the point for its apex and
a radius equal to its height from the ground.

3. The District Judge has suggested the above additions and improvements as
necessary, and countersigned the plans and estimate.

No. 72-C.

Referred to the Judicial department for opinion whether, with advertence to
Proceedings, No. 2440 W., of 20th September 1882, the item "latrine," Rs. 300,
should not be struck out of the estimate.

No. 130.

Referred to the District Judge for remark. It should be stated if an establish-
ment will be maintained to keep the latrine clean.

(Signed) M. HAMMICK,
Acting Asst. Secy. to Govt.

21st January 1884.

From E. N. OVERBURY, Esq., Acting District Judge, Salem, to the Chief
Secretary to Government, dated 30th January 1884, No. 54.

In reply to your reference, No. 130, dated 21st January 1884, in connection with
the endorsement, No. 72-C, dated 12th instant, on letter, No. 596, dated 30th December
last, from the Superintending Engineer of the fourth division, I am of opinion that an
establishment may be maintained at the very low cost of 12 annas per mensem to keep
the latrine clean.

ORDER—dated 8th February 1884, No. 371, Judicial.

In the opinion of the Judicial department the latrine should be built.

2. The District Judge will provide the establishment at the cost reported in his letter.

Under ordinary circumstances
could be
in ~~no~~ bound to pass this
estimate without question, but
only today, as previously, came
up an order of ~~first~~ (I think
it was) in Rev. Dept. in which
disapproval was expressed of the
erecting of latrines for such
buildings, & it seems to me there-
fore in right to raise this point
in connection with the latrine ~~building~~
for this Munsifs' Court.
