READ—the following letter from Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Madras, 1st February 1884, No. 33 :—

I have the honor to submit, for sanction, an estimate, amounting to Rs. 1,452, for constructing two cells, in the district jail at Nellore, for prisoners under sentence of death. The plan of the cells is similar to that on which cells are built in other jails. It is stated that the rates are suitable.

2. There are no cells for condemned prisoners in the Nellore jail, and the want is much felt. Recently, a prisoner escaped from the building which, for the want of a better one, was used as a condemned cell.

ORDER—dated 22nd February 1884, No. 489 W., Public Works.

The plan and estimate, amounting to Rs. 1,452, for constructing two cells for condemned prisoners, in the district jail at Nellore, is sanctioned, as supplemental to the estimate for improvements to the district jail at Nellore, referred to in Proceedings of Government, No. 472 W., of the 13th February 1883. The total sanctions amount to Rs. 6,372.

2. An appropriation of Rs. 4,283 was made in G.O., No. 2276 W., of the 15th August 1883, and if further funds are required for the current year, the Superintending Engineer, II Circle, will submit the necessary application as early as practicable.

3. This sanction has been registered as Provincial No. 224 W. of 1883-84, and classified as Civil Buildings, Original Works.

READ—the following papers :—

From Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Engineer and Secretary to Government, Public Works Department, dated Ootacamund, 4th July 1883, No. 170.

I have the honor to submit a statement showing the sanctioned works for which provision of funds is required.

2. In surrendering the Convict Labor Fund, Government promised "to allot on jails, for some years to come, at least the equivalent of the average annual expenditure on jails from Convict Labor Fund and Provincial."

3. The balance to the credit of the Convict Labor Fund on the 31st March 1882 amounted to Rs. 1,60,533-4-5 and the subsequent credits up to March 1883 amount to Rs. 82,532-5-0, making a total of Rs. 2,43,065-9-5. I have not received from the Accountant-General the particulars of the amounts expended, but there are ample funds to provide for all the works entered in the statement under the head "Convict Labor Fund."

4. There is also the sum of Rs. 30,000 provided in this year's budget for the new District Jail at Kurnool, as the construction of this new Jail must be deferred pending the decision of Government on the prospective removal of the Kurnool Court. I request that this amount may be transferred to other jail works requiring allotment, such as the Store-room at the Penitentiary, Warders' quarters at the District Jail at Ootacamund, the Close Cellular Prisons at Vellore and Coimbatore, and the new District Jail and Close Prison at Trichinopoly.

Read—the following letter from Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Engineer and Secretary to Government, Public Works Department, dated Vellore, 19th October 1882, No. 283 :—

I have the honor to submit, for the approval and sanction of Government, the accompanying plan and estimates, amounting to Rs. 4,920, for reconstructing certain buildings in the District Jail at Nellore.

- 1 Report.
- 1 Specification.
- 1 Abstract Estimate.
- 1 Detailed do.
- 1 Plan.

- 1 Letter from the Superintendent of the Jail, No. 193, dated 6th October 1882.
- 1 Letter from the District Magistrate, No. 492, dated 19th May 1882.

that as a new District Jail must be built at Nellore I was not in favor of erecting a separate building for a Subsidiary Jail, as when the new prison is ready there will be ample accommodation in the old buildings for Subsidiary Jail prisoners. I further proposed, as a temporary arrangement, all Subsidiary Jail prisoners should be received into the District Jail. This suggestion

G.O., dated 25th January 1881, No. 160, Judicial Department.

was approved of by Government, and a sum of Rs. 800 was sanctioned to provide the necessary accommodation.

3. The District Magistrate, in his letter, No. 763, dated 8th August 1881, represented that these arrangements did not meet the difficulty as to the disposal of remand prisoners; the correspondence was again referred to me with G.O., No. 1908, dated 14th September 1881. I thereon desired the Jail Superintendent to explain the proposed alterations to the District Magistrate, and to ascertain from that officer whether the alterations met with his approval.

4. Some delay took place in revising the estimates, but when they were resubmitted the amount, instead of being Rs. 800 as stated by Surgeon-Major Ross, came to Rs. 8,120. I accordingly again addressed the District Magistrate (Mr. Lee-Warner), pointing out that as it was contemplated to construct a new District Jail, it did not appear to me advisable to ask Government to spend so large a sum as Rs. 8,120 on these buildings. Mr. Lee-Warner replied "that if it is true that a new District Jail will be constructed at Nellore at no distant date, the expenditure of Rs. 8,120 upon new Subsidiary Jail buildings, for which there will be no need when the old jail is vacated, would be wasteful in the extreme," and he agreed with me that, pending the construction of the new District Jail, all Subsidiary Jail prisoners may continue to be sent to the District Jail.

5. Meanwhile, the condition of the buildings in the old jail became in such a dangerous state that the Executive Engineer and Jail Superintendent, in order to prevent any possible loss of life by the sudden collapse of the old wards, recommended that the buildings should be immediately vacated and pulled down. The buildings were accordingly demolished by convict labor, and the present estimate, amounting to Rs. 4,920, is for reconstructing the buildings as noted in the specification.

6. I am still of opinion that on sanitary grounds a new District Jail at Nellore is required; the old buildings have over and over again been condemned by Surgeon-General Cornish (when Sanitary Commissioner) and by the late Inspector-General of Jails. I therefore request the sanction of Government to have the necessary plans and estimates for a new jail prepared. A suitable site has been selected on the high ground outside the town, and if called upon, I am prepared to submit a block plan together with a memorandum of the accommodation required.

7. As some time must elapse before the new jail can be built, it will be necessary to make the present jail habitable and secure, and the estimate of Rs. 4,920 now submitted should be sanctioned, but I would not recommend any great expenditure be incurred on the present jail buildings, which are radically defective in construction.

8. Funds are available from the allotment provided in the budget grant for the Kurnool District Jail.

Order—dated 26th October 1882, Mis. No. 1717, Judicial.

Approved and transferred to the Public Works Department.

No. 187-A.

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 25th December 1882, No. 993 N.L.

I have the honor to forward estimates, amounting to Rs. 6,770, for Nellore Jail improvements, in lieu of those, amounting to Rs. 4,920, returned for revision with your memorandum, No. 2036 C., of the 11th ultimo.

2. The alterations ordered by you have been embodied in the estimates, but they involve a considerably larger expenditure, while, since the present old jail at Nellore has been condemned and the construction of a new jail is recommended, it is desirable that whatever is done to the old jail should be as cheap as is consistent with efficiency.

3. Moreover, the present Superintendent of the Jail (Surgeon W. O'Hara) is of opinion that the eave ventilation provided in the former estimate is much better than the ridge ventilation now provided, as the latter makes the wards damp during heavy rain.

4. Flat tiles have been omitted in the latrine roof, and allowance has been made in the estimate for tarring the walls, although this is a work which generally is done by the prisoners themselves.

5. The well shown in the plan is an old one, and is provided with a grating.

6. The planking, though suitable for permanent wards, might, as it adds considerably to the expense, be omitted in these buildings, which are confessedly temporary, but in accordance with your instructions has been provided.

7. The original papers forwarded with your memorandum under reply are herewith returned.

Forwarded to the Inspector-General of Jails for remarks, and for countersignature to the revised estimates if approved.

2. The estimates, amounting to Rs. 6,770, now submitted are in lieu of those for Rs. 4,920 previously prepared, which have been revised in accordance with the Chief Engineer's memorandum, No. 2036 C., dated 11th November 1882.

3. Under the circumstances stated by the Superintending Engineer, however, and in view of the proposed construction of a new jail at Nellore, it seems a question whether the smaller estimates originally submitted should not be adopted.

In returning the plans and estimates received with your memorandum noted in the margin, I have the honor to state that, in view of the proposed construction of the new jail at Nellore, I think it undesirable to expend a larger amount than is absolutely necessary on the restoration of the old jail buildings, and I would propose that the smaller estimates originally submitted should be adopted.
