READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 23rd October 1883, No. 418 T.C.:—

I have the honor to forward copy of a letter addressed to the Executive Engineer by the church committee and trustees of the Trichinopoly vestry school and to request that the orders of Government may be obtained for transferring the guard-room to the trustees of the school on the same condition as the block of temporary barracks was handed over under G.O., No. 18 W., of 7th January 1881.

The military authorities, to whom I made a reference on the subject, have no objection to the building being made over to the trustees, provided that, should the building be required at any future time by that department, it should be given up without demur.
