From

The Superintending Engineer,

6th Circle.

To

The Chief Engineer
P. W. D.

Sir,

With reference to your Memo,
No 22 C of 9 January 1884, I have the
honor to report that Assistant Engineer
S. Gopala Krishna Iyer being a brahmin
is not willing to proceed to England
to undergo the training contemplated
by the Government of India.

The Assistant Engineer states
that considerations of caste and religion
deter him from spending a number
of days on board a ship or from going
to and living in places where there
are no other brahmins.

I have the honor to be

Yours most obedient servant

M. M. M.

Sir

Sir,

I am directed to acknowledge the receipt of your letter No. 1601 E of 20th Dec^r 1883, and to inform you in reply that, of three Native Assistant Engineers on the Madras Establishment, two have been asked whether they are desirous of proceeding to England to undergo the training contemplated by the Govt of India - They have both replied in the negative.

The advanced age of ^{the} third Assistant Engineer is considered to be a bar to his selection. He is not therefore recommended. For the indulgence.

SIR,

I am directed to
acknowledge the receipt
of your letter No. 1601.4
of 20th December 1883, and
to inform you in reply
that nothing has occur-
red since the despatch

in expressed. None of

2 W.

With reference to this matter
of the Asstt. Engineer (active) to
be selected for a course of practical
study in England I can offer no
opinion not being acquainted
with the three gentlemen on our
list.

You will have known that
Sankar Chariar, B.C.E., was appointed
to the Dept. in 65, and is therefore
probably too old to take advantage
of the measure.

As regards Rathanasabapathi Pillai
& Sankar Chariar I can only
suggest that the S.E.s under
whom they are serving might be
asked their opinion as to whether
these assistants would be likely to
benefit by the course proposed.

Probably they themselves would not
care to cross the sea —

Before despatching this proposed

should be made to the S.E.s

suggested.

Sir,

I am directed to state that Messrs. W. B. Gwyther and Pestonjee Hormusjee Patuck, Assistant Engineers, 2nd grade, Bengal and Bombay, respectively, have been selected for the privilege of proceeding to England in 1884 for the purpose of undergoing a course of practical training under the provisions of Public Works Department Resolution No. 1541—57G, dated 29th November 1882.

2. I am to add that there are a number of applicants for the same privilege in 1885, some of whom must be disappointed, as, under present orders, two only can be selected annually; I am therefore to request that a final report may be made as to the officers recommended for the indulgence in 1885 from amongst those who have applied, or are likely to apply; care being taken to recommend only those who will really benefit by the practical training.
