Desp'd 20th

With reference to your Memorandum No. 155C dated 27th January 1885, I have the honor to report that the nature of the duties of the Boat Superintendent at Dowlaishweram are laid down in para 11 of the notes of Inspection by the Irrigation Chief Engineer printed with G.O. No. 1038 dated 22nd April 1874. In addition to those duties, the Boat Superintendent has charge of all the licensing of boats in the Eastern Division Godavari; and this work requires a man who has some knowledge of accounts.

2. The Executive Engineer is of opinion that the Boat Superintendent should be a passed man and should know about practical work and that the examination rules
