B.P. No.		Mis.
Dated	11-5-1885	198

Not to be folded or roughly handled.

11TH MAY 1885, No. 1096 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from the Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 10th April 1885, No. 87 G.D. :—

I have the honor to submit, for the orders of Government, copies of the accom-

Two copies of letters, Nos. 39 and 204, from the Collector to the Superintending Engineer.
Two copies of letters, Nos. 837 and 697, from the eastern division officer to the Superintending Engineer.

panying correspondence between the Collector of the Godavari and the Executive Engineer in charge of the Government Workshops, Dowlaishweram, relating to the preparation of plans and estimates for work not intended to be carried out at the shops.

As the workshop is a self-supporting concern I would suggest that it be permitted to charge the same percentage for the preparation of designs and estimates which every Engineer and Architect in private practice is entitled to.

2. Under the present arrangements the workshops are allowed to charge 20 per cent. on all work turned out by them; this covers all charges, including designing and estimating, and it would meet the present difficulty if this percentage was authorised by Government to be charged as follows :—

5 per cent. for designing and estimating.
15 per cent. for execution.

ORDER—dated 11th May 1885, No. 1096 W., Public Works.

The Government do not consider that officers in charge of Government Workshops should be called upon to prepare plans and estimates of works, free of charge, unless those works are to be executed at the shops. It is considered that a charge of 5 per cent. on the amount of the estimate may fairly be made for the preparation of the estimate, and, in the event of the work being entrusted to the workshops, the charge on execution should be fixed at such a rate as will make up the usual percentage charge sanctioned for the workshops.

Plans and Estimate for works

Charges for preparation of — by officers
in charge of Government Workshops.

Godavari Eastern Division Office,

Camp *Donkeshwari*

23rd January 1884.

No. 697

From

The Executive Engineer in charge

Eastern Division Godavari.

To

The Superintending Engineer

First Circle.

Sir,

With reference to your No. 2467 G.O. dated 20th January 1885 on letter No. 254 dated 16-12-84 from the Collector to yourself which I herewith return together with its enclosures.

2. I have the honor to request that you will kindly ask the Collector what it is proposed to have the Ferry boats and references made at the Lower Godavari Workshops.

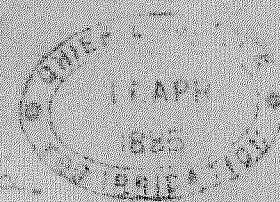

3. Unless the Collector will promise that the Workshops are to build the boat I request that you will not call upon me to submit estimates for their construction.

4. I have furnished the Talukdar of Annapur with his letter No. 462 dated 28-8-83 with plans and estimates for ferry boats as requested by him and have not received any order for them.

5. In the interests of the Government Workshops I must protest against him being called upon to do work for which the

Godavari Eastern Division Office.

Camp Seculashimma
28th March 1885

From The Executive Engineer in charge
Eastern Division Godavari.
To The Superintending Engineer
First Circle.

Sir,
With reference to your N^o 3004 G.D. dated 25th March 1885 on the Collector's letter N^o 39 dated 14th March 1885.

I have the honor to point out that no orders have been passed on the point raised viz: "Is the Workshop obliged, free of charge, to supply the Collector with estimates for work which the Workshop will not carry out?"

If you do not feel disposed to pass orders yourself, I request that the matter may be submitted to the Chief Engineer for orders.

I have seen

Godavari District
Collector's Office, Camp Kondamodali
14th March 1885.

No. 39.

From,

W. S. Foster Esquire
Collector, Godavari District.

To

The Superintending Engineer
1st Circle.

Sir,

In reference to the letter of the
Executive Engineer of the Eastern Division
No. 697 dated 23rd January last forwarded
to me with your endorsement No. 2679 G.S.
dated 14th ultimo, I have the honor to inform
you that the estimates furnished to the
Lahildar of Amalapur received the sanc-
tion of the Board only recently and I
have already requested you to have the
work put in hand as early as possible.
2. I however cannot promise the
Executive Engineer that I shall get the
boats for which I called for estimates
lately made at the Dowlaismaaram work-
shops - In the first place they require
the sanction of the Board or Government
which may in some cases be refused.
In the second place I have to spend the

8
Irry Land in a manner which will
be most advantageous. I may also say
that I do not think that the Workshops
at Dowlaishwaram are intended to com-
pete with local industry and to be a
source of profit to Government.

3. The estimates I have called for are
required for the information of Government
and if I cannot obtain estimate from
your department I must ask Government
to accept the unprofessional estimate
made by me.

I have &c.
