T. I quite agree with what
you say as regards this project.
Estimate too, it would seem to me,
on an immediate necessity in some
places, & road down at least in them.
However, the estimate is a small
one & has been passed by S.E., so
it may be done at once, I presume, without
comment.

NOTE OF REMARKS.

The estimate submitted
for constructing a road from
Tuni to Kotanandoor, Dist.
Polavaram, Godavari District.
The estimate amounts to
Rs 11,020.
2. The length of the proposed
road is 5 miles 1344 feet. It
is stated that the road is
much needed, but that an
"earth road" will answer the
present traffic very well -
Metalling has been deferred
to some future time. -
The abstract estimate shows
but some different items -
earthwork, digging, carting,
sectioning and camming,
hill-cutting, jungle clearing,
land compensation, and con

It would be more accurate perhaps to say in different descriptions of items for the abstract gives the cost of each mile apart from the others, and not the total expenditure under each heading massed together. — But little care appears to have been exercised in the preparation of estimate, survey and levels.

The estimate has been countersigned by the President of the Local Board of the District. —

S.E.I. has countersigned the estimate and line of levels submitted.
