Proceedings of the Madras Government.

Read the following:-

BOARD OF REVENUE, 19TH MARCH 1885, No. 921.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 16th January 1885, No. 3850 :—

With reference to your memorandum, No. 1248-C., dated 10th July 1884, I have the honor to report that an approximate estimate of Rs. 1,400 has been made for converting the old Public Works Workyard at the Mount into quarters for Warrant Officers. This is a large sum to expend on the building, which is now valued at Rs. 2,375; and I find that there has been no application in the Military Department for quarters for Warrant Officers.

2. The Collector has asked for the building to be used as office and store-room by the Local Fund Engineer; but the Local Fund Board are prepared to pay only Rs. 12 rent, with the further condition that the buildings are put in repair.

3. The Executive Engineer has estimated the repairs at Rs. 550. The rent offered, Rs. 12, is fair, insomuch as it represents 6 per cent. on the present valuation of Rs. 2,375. But the original book value is Rs. 7,100; so that the building has greatly deteriorated, and there would probably be, before long, further demands for expenditure in repairs.

4. It appears to me that it will not be profitable to the Government to maintain this old workshop, and I recommend that it be sold off by public auction.

No. 132-C.

Referred to the Financial Department for information whether the Local Fund Board will take over the building free of rent on condition that they keep it in repair, and undertake to surrender it should it again be required by Government.

CHEPAUK,
22nd January 1885.

Enclosures.

SIR,

With reference to para 3 of G.O No. 1496 W. dated 16th June 1884 I have the honor to recommend that the old P. W. Workyard and Store building at the Mount be converted into quarters for Warrant Officers at a probable cost of Rs 500. I think that neither the building nor compound should be sold but thus utilized, as has been suggested by the Executive Engineer, as Government quarters are much wanted at the Mount for W. & N.C.O
