his reference to the St. his note.

I think he refers to old Para

815 in the Code. This Para has

been superseded by P.O. 4273

of 1883 which does not require

the sanction of India even though

the rules may be an Imperial

change. I think when the Statute

Liberty is kept at work the

hours & holidays to get through

work of ^{the} kind but Russell has

done, it may seasonally be said

that they performed 'special

duty, outside the duties of

their regular appointment'

Note by the Chief Engineer for Irrigⁿ

N^o 92. I.

As the work that has lately devolved upon certain Draughtsmen and clerks of the office of the Chief Engineer for Irrigation in connection with the preparation of the lists and Maps of Imperial irrigation Works, has been very heavy, and has both necessitated the working out of office hours, and the withholding of all holidays for the last 2½ months, in order that the work might be finished off, before the departure of Mr Russell on leave, the undersigned has the honor to recommend that each of the individuals who have been thus specially employed be granted, under para 815 of the P. W. Code, half a month's pay as honorarium for the extra work they have performed outside their regular duties.

2. The names and monthly salary of the Draughtsmen and

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 19th May/85

Read the following:—

Note by the Chief Engineer for Irrigation. } (H.R. No. 92. 12/6 May 85)

This is

Under Sec 811 Govt
many sanction a grant
from Prov. Revenue
the payment being a
proper charge against
those revenues

According to the note
the work done out of
office hours was of an
Imperial nature & the
proposed grant is not
therefore a proper charge
against Prov. Revenue

Para 815 quoted in the
note provides for the sanction
of a grant being obtained
in cases not provided
for by existing special
orders -

Are there any such
orders that Govt

Chief Engineer
for Irrigation

The Government
approve of the recom-
mendation made by
the Chief Engineer for
Irrigation, and in
consideration of the
arduous nature of
the work that has
been done, necessita-
ting the special and
continued employ-
ment of certain members
of the Office Establish-
ment of the Chief
Engineer for Irrigation
for a period of 2 1/2
months, sanction,
as a special case, the
grant of half a month's
pay to each of the indivi-
duals mentioned in the
Note by the Chief Engineer
for Irrigation. 12/6/85
