From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction,
to the Acting Chief Secretary to Government, dated Madras, 4th December
1885, No. 8058.

I have the honor to request that you will be good enough to obtain the sanction of Government for a grant of Rs. 6,487-10-8, being one-third of the estimate, amounting to Rs. 19,463, towards the extension of the American Baptist Mission High School-house at Ongole. This school teaches up to the Matriculation standard, and it is proposed to raise the school before long to a second-grade college. The proposed extensions are partly to provide for the additional accommodation that may be required for the college department. The original estimate submitted by the manager amounted to Rs. 28,107. As this seemed to be excessive, the manager was asked to send a revised plan and estimate providing for the accommodation absolutely required, taking into consideration greater compactness and convenience. The manager has accordingly submitted a revised plan and estimate, which I have the honor to submit herewith, countersigned. The Superintending Engineer, II Circle, to whom the plan and estimate were referred, states that the estimate has been checked and seems correct, and that the plan seems a suitable one and reflects credit on the designer. Some of the alterations suggested by him have been carried out in the plan. Should the grant be sanctioned, I beg to recommend that it be paid in three equal annual instalments, commencing from 1st April 1886, on production of a certificate from the Public Works department, before the payment of the first instalment, that the work has been proceeded with, and another certificate, before the payment of the last instalment, to the effect that the work has been executed in accordance with the estimate. The charge for the first instalment can be met from the provision for building grants in the budget estimate for 1886-87, and provision will be made for the second and third instalments in future budgets.

ORDER—dated 18th December 1885, No. 812, Educational.

The proposed grant is sanctioned on the conditions specified by the Acting Director.
