MILITARY DEPARTMENT.

18th May 1885, No. 2685.

Communications—Telephone.

Read the following papers :—

No. . From Colonel S. CHAMIER, Inspector-General of Ordnance, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Fort St. George, 28th March 1885, No. 157-G.

I have the honor to bring to the notice of the Right Honorable the Governor in Council that it would be exceedingly convenient in cases of emergency, such as at present exist in connection with the urgent manufacture of ordnance stores for the frontier, for this office to be able to communicate rapidly with the Gun Carriage Factory. I have been informed by the Superintendent of Government Telegraph, Madras Division, that the probable cost of putting this office into telephonic communication with the Gun Carriage Factory and other Government establishments at the presidency would be as under :—

	RS.
4 Half inches of wire, at 36	144
2 Telephones complete, at 60	120
2 Indicator connections, at 30	60
Total per annum	324

2. As this would be but a trifling annual expenditure compared with the great convenience which would be afforded, I have the honor to request that His Excellency the Governor in Council will be pleased to sanction the measure.

No. . With report from Controller of Military Accounts; 2nd April 1885, D.

No. . To the Secretary to the Government of India, Military Department; dated 8th April 1885, No. 1883.
