There is no
objection on the
part of Govt to
work Vouchers
being printed
locally where proe
-licable, but it is
considered that
the cost should
be debited to
office contingencies.

OFFICE NOTE No. 112.

To

W.

Encls: 8.

I beg to forward copy of
a Circular letter addressed to
Supg. Engineers regarding the local
printing of Work Vouchers, and the
charging of the cost of such
printing to the Contingencies of the
Estimates for the works concerned.

2. Replies to the above are
forwarded in original, to be returned.

3. In soliciting the orders
of Government, I beg to recommend
that where practicable Work Vouchers
may be printed locally, otherwise
that they be sent to this office
to be printed at local presses; and
that the cost, which in my opinion
will be trifling, be debited to the
Contingencies of Estimates.

Draft sanction (for W's consideration)
to the arrangement proposed
by B for the printing of Work Vouchers
locally when practicable - the cost,
however, to be debited to Office
contingencies.

The officers consulted seem generally
to consider that the printing should
not be a charge to the Estimates. The
amount will be trifling certainly, but
I concur in that opinion, & further
it seems to me that charging such
outlay to Office contingencies will
simplify matters.
