28TH MAY 1885, No. 1231 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Civil Works.

READ—the following letter from H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 28th April 1885, No. 114:—

As the arrangements for quarantine wards, also wards for under-trial prisoners, are very defective in the central jail at Salem, I have the honor to submit, for the approval and sanction of Government, two plans and three estimates, the latter amounting to Rs. 6,340, for the construction of these new wards.

2. The above two works are entered in the statement of urgent works submitted with my letter, No. 77, dated 25th March 1885, as called for in the G.O., dated 13th October 1884, No. 2421.

3. It is proposed, in the first instance, to enclose an open triangular space adjoining the present outer wall of the jail and hospital with a wall in brick and chunam which will be of the same height as the other exterior walls, and in this enclosed space to have two blocks of sheds each to accommodate fifteen prisoners; these sheds will be built in pisé with brick-in-chunam pillars at an interval of 7 feet. The roof proposed for these sheds will be an ordinary tiled roof supported on Malabar trusses, which could, if necessary, be destroyed and rebuilt at a small cost after any severe epidemic.

4. The under trial wards will be durably built in a separate enclosure, opposite to the existing quarantine cells, and will have accommodation for sixteen prisoners.

5. As these additions to the Salem central jail are much required, I would request that Government will be pleased to sanction their erection and allot the necessary funds. It is intended the work should be entirely carried out by the Public Works Department as no convict labor is available in this jail at present.
