

prospects of promotion on passing the required Examination. Having proved himself very useful in the discharge of his duties as a Sub Auditor, he was promoted to a place of Rs. 25 per mensem on the understanding that he should pass the Examination within a reasonable time. Your petitioner tried his best to fulfill the condition under which his promotion was based, but unfortunately was frustrated in his hopes of successfully getting through the Examination. This failure necessitated his reversion to his former pay which he continued to draw till 1st March 1874 when in consideration of his hard work and unremitting energy, he was promoted to Rs. 20/- but allowed to draw Rs. 19½ only in consequence of the Examination rules.

3. That the nature of the duties performed by your petitioner was similar to those done by graded Accountants on higher pay will be clear to your Excellency from the records in the Office of Examiner Public Works Accounts. The length of time that has elapsed since he gave up his School Study, the anxieties attending upon the maintenance of a large family, the great amount of work that had to be done in office in the early part of his service, have all in their turn stood a bar to his passing the

the Examination prescribed under the rules.

4. That your humble petitioner was recommended in July 1878 for the indulgence by Major L. Conway Gordon the then Examiner of Public Works Accounts, but that in consequence of his great misfortune, the boon solicited for, was denied to him by Government. Vide Proceedings of Government No. 3073 W dated 2^d August 1878.

5. That your petitioner has now rendered an approved Service of nearly 16 years in the Department, that being nearly 40 years of age, any attempt on his part to pass the Examination will be of no avail. The abolition of the General Test Examination and the substitution thereof, of the Middle School Examination which involves the study of Geometry and other subjects (no easy thing for one of advanced years as your petitioner to master), have driven your petitioner to utter despair in regard to passing the Examination. That the decision of Government if again unfavorable will be equivalent to a sentence of perpetual exclusion from any higher post under the patronage of Government. It is not out of place here to mention that your Excellency has extended

extended similar indulgences on the recent reorga-
nization of the Public Works Department to many in
the employ of Government, whose case in no way
differed from that of your petitioner.

That in conclusion your humble
petitioner requests that in consideration of his service
of over 16 years in the Department, of his hard work,
of his advanced age (40), of the cares and anxieties that
attend the maintenance of a large family, of the
impossibility of his passing the required examination
for reasons already detailed, that your Excellency in
Council will be pleased to exempt him from the
examination in view to his drawing increased rate
of pay.

For which act of kindness, your
petitioner as in duty bound shall ever pray.

Forwarded to the Secretary
to Government, Pub. Wks. Deptt, for
favorable consideration in continuation
of the recommendation embodied in G.O.
3073 W. dated 2. August 1878.

Lochund Roy Lallak, on the

advancement in this office is barred in
consequence of his not having passed the

3. As Government have, on the
last reorganization, exempted
several of the old hands of this office

long as he may be employed in
this office alone.

4. Lochund Roy has been very

Read the following paper :—

No. 296. From Colonel P. O'CONNELL, R.E., Superintending Engineer, Chingleput, to the Chief Engineer, Public Works Department, dated Camp, Ennore, 11th March 1878, No. 1,049.

I HAVE the honor to forward for your favorable consideration the enclosed copy of a letter, No. 834, dated 20th June 1877, from Captain A. C. Smith, R.E., Executive Engineer, who held charge of the Mount Range of this district last year, requesting that Tirumal Row, a writer in that Range Office, may be recommended for exemption from passing the Uncovenanted Civil Service Examination upon the grounds therein set forth. On this letter no action appears to have been taken by the late Superintending Engineer; but Lieutenant Martin, R.E., who was lately in charge of the range having drawn attention to it, and having himself favorably recommended the writer (*vide* copy of his letter enclosed), I forward the papers to you. From Tirumal Row's service book enclosed, it will be observed that he has continuously served in the department since February 1859 or for a period of nearly 20 years, and in consideration of the same, he may, I think, be granted the exemption for which he is strongly recommended by the officers under whom he has served.

ENCLOSURES.
