ORDER—dated 29th May 1885, No. 1253 W., Public Works.

In the resolution embodied in the proceedings above quoted, the Government of India point out the necessity for curtailing expenditure from Provincial funds, and a report is called for showing what reductions of grants are possible.

2. The statement annexed to these proceedings, compiled from reports received from Superintending Engineers, shows that, out of the allotments provided in the budget for new works, a sum of Rs. 2,91,053 is available for surrender. This statement will be communicated to the Financial Department, and, until receipt of further orders, Superintending Engineers will see that no expenditure is incurred on the works detailed therein.

3. The reserve with Government for incomplete and minor works, and for unforeseen contingencies, amounts to the comparatively small sum of Rs. 1,18,930; and the amount reserved for repairs is Rs. 2,24,175. It is not probable that any surrender will be feasible under the above heads; but should any reduction be found possible, a further report will be made to the Financial Department.

Civil Works.

Read—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Inspector-General of Registration, Madras, dated Sámalkót Canal, 14th November 1883, No. 2431 G.D. :—

With reference to your letter, No. 1565, dated 25th August 1883, I have the honor to forward, herewith, an estimate (Rs. 2,540), with site plan, for constructing a terraced building for sub-registrar's office at Ellore, and to request you will be good enough to transmit them to Government for sanction with your countersignature.

No. 2714 G.N.

Submitted for the sanction of Government, with the remark that the estimate does not appear to provide for weather-boards over the two windows on the sides of the office-room. The boards are indispensably necessary.

Madras,
28th November 1883.

(Signed) G. HAMNETT,
Inspector-General of Registration.

Order—dated 3rd December 1883, No. 3456 W., Public Works.

The estimate, amounting to Rs. 2,540, for constructing a sub-registrar's office at Ellore, in the Western Godávari division, is sanctioned for execution when funds are available.

2. In carrying out the work, two weather-boards should be provided, as requested by the Inspector-General of Registration.

3. This sanction has been registered as Provincial No. 177 W. of 1883-84, and classified as Civil Buildings, Original Works.

3. Of the 3 works named in the margin, the first was commenced on the receipt of G.O. No 947/P.W. dated 21st April 1885, in which it was stated that a sum of Rs 10,000 has been provided for the work in the Provincial Budget of 1885-86. A sum of Rs 1168 is now required for payment of compensation for land which has been taken up and Rs 200 for payment of compensation to the contractor for the loss which he may sustain in selling, to private individuals, the bricks manufactured by him, in the event of the work being stopped at present.

	Names of works.	Budget Item	amount of estimate	Grant for 1885-86	amount required during 1885-86	amount available for surrender
	[illegible]					
1.	Combined Court House for the District Munsiffs of Kumbakonam and Valangiman	47.	33,640	8,000	1,368	6,632
2	New Town Police Station Tanjore	60	6,740	5,000	700	4,300
3	Additional shed to the Police Station Kumbakonam	64.	2,700	2,700	503	2197
				15,700	2,571	13,129

4. With regard to the second, the executive engineer states that foundation trenches have been excavated, and that he proposes putting in the [illegible]-cate the materials for which will otherwise be wasted. He further pro-poses to pay a trifle to the con as compensation for loss on materi he has otherwise to dispose of.

5. As regards the third work, Mr Hughes states that the founda-tion trenches have been dug & he proposes completing the foundations in order to use up the materials and to stop the work.

6. I would suggest the advisabi of executing the three works to the exte of the existing grants and then sto them. If this course does not mee with your approval, the sum of Rs 13,12 may be withdrawn. I will cause the sum of Rs 2,571 to be paid and then stop the works. Please let me know your decision in the matter by wire.

7. Rupees 20,000 have been granted for Restoration &c of Tirumal Naik's Palace; this I have, I believe, correctly treated as an incomplete work & therefore

~~prop~~ retaining the grant for works in the Palace.

8th In G.O. Nos 606 W and 609 W of 13th & 14th March '85 respectively, the Sub. Magistrate's Kutcheri at Madura Rs 17,889 and the Judge's Court in the Palace Rs 7,261 were sanctioned; for the former funds have been asked; for the latter a portion of the Rs 20,000 allotted for the Palace can be, if necessary, applied; these works which are considered highly necessary I propose to go on with the works, although not actually commenced they are in hand as tenders &c have been called for.

In the Resolution embodied in the Proceedings above quoted, the Government of India point out the necessity for curtailing expenditure from Provincial funds, and a report is called for showing what reductions of grants are possible.

2. The statement annexed to these Proceedings, compiled from reports received from Superintending Engineers, shows that, out of the allotments provided in the Budget for new works, a sum of Rs 2,91,053 is available for surrender. This statement will be communicated to the Financial Dept., and until receipt of further orders, Superintending Engineers will see that no expenditure is incurred on the works detailed therein. Ed

3. The reserve with Go for incomplete and minor works, and for unforeseen contingencies, amounts to the comparatively small sum of Rs 1,18,930; and the amount reserved for repairs is Rs 2,24,175. ~~and~~ It is not probable that any surrender will be feasible under the above heads; but should any reduction be found or possible, a further report will be made to the Financial Department.
