By Order,

Major, R.E.,

Under Secretary to Government of India.

No. 552, dated Simla, the 29th April 1885.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

THE expenditure which the Government of India has found it necessary to sanction on military preparations is likely to impose so severe a strain on the finances, that the adoption of special measures for the reduction of expenditure of all kinds and for the prompt realisation of the public revenue cannot with safety be delayed longer.

2. The Government of India is at present considering what reductions can be made in ordinary Imperial expenditure, as well as in Capital outlay on works of public utility, and special orders will shortly be issued on the subject.

It is, however, of immediate importance that the various Local Governments and Administrations should also consider what measures may now be feasible for suspending all optional expenditure, including both Provincial expenditure and Imperial expenditure directly administered by Local Governments. It would also be a considerable assistance to the Government if it were found possible to postpone for a time expenditure from Local Funds, the balances of which are kept in the Public Treasury. The Government of India does not, however, desire that there should be any undue interference with the legitimate authority of Local Bodies over funds appropriated by the legislature for specific purposes.

3. It is necessary that all proposals for increases of salaries or of establishments, or for additional expenditure of any kind, should be narrowly scrutinised at the present moment. The Governor General in Council is not prepared to say that no additional expenditure of any kind should be proposed or sanctioned; but it is obvious that at a time when reductions are being enforced proposals for additional expenditure can only be justified by very special causes.

4. The largest retrenchments at a time of pressure can usually be attained by a restriction of the expenditure on Public Works. Without wishing to impose any sudden check on the progress of Public Works which would be calculated to cause serious permanent loss, His Excellency in Council must in the present position of the finances press on the attention of local authorities the necessity of taking into their immediate consideration material reductions in their Public Works expenditure.

5. It is with regret that the Government of India has found itself compelled to call on Local Governments to restrict expenditure from the funds which have been placed at their disposal for carrying on and improving the administration of the country, but the present state of the cash balance and the prospects of expenditure in ensuing months leave no option in the matter, and the Governor General in Council is satisfied that he can count on the cordial and loyal co-operation of all Local Governments and Administrations.

6. The Government of India will be glad to receive a report, not later than 10th June, from each Local Government or Administration stating what reductions, immediate and prospective, have been found possible in each case.

If peace should be maintained, the Government of India will take the earliest opportunity of removing the restriction on Provincial and Local expenditure; but if, unhappily, war should break out, further and more stringent measures must be taken hereafter for improving the balances and revenues at the disposal of the Government of India.

ORDERED, that copies of this Resolution be sent to the various Local Governments and Administrations and to the several Departments of the Government of India.

PUBLIC DEPARTMENT.

READ—the following papers :—

Replies to G.O., dated 4th November 1884, No. 2362.

From the Adjutant-General, dated Ootacamund, 30th January 1885, N.A.—
Pensioners—No. 211.

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Acting Under
Secretary to Government, Public department, dated Fort St. George, 9th
April 1885, No. J.A.E.-4.

Pension department.

With reference to your memorandum, No. 609, dated the 14th March 1885, referring to me for report on paragraph 3 of the Board's Proceedings, No. 670, dated 27th February 1885, regarding the employment of pensioned sepoys as peons in civil offices, I have the honor to state that rule 7, section 188 of the Civil Pension Code prescribes that the claim of a military pensioner to pension for his service in the civil department is not affected by his military pension. There will, therefore, be nothing to prevent the grant of whatever pension or gratuity is admissible to him under the rules prevailing in the civil department at the time of the man's retirement from the public service.

2. I would at the same time invite the attention of Government to the second sentence of rule 4, section 121 of the code, from which it will be seen that an inferior servant appointed after the 1st April 1880, and after he attained the age of forty years, is not entitled to pension or gratuity of any kind. This rule would need modification to enable a pensioned sepoy entering civil employ after the age of forty years to earn a gratuity.

3. The enclosure to your memorandum under reply is herewith returned.

ORDER—dated 2nd May 1885, No. 1054, Public.

In G.O., 4th November 1884, No. 2362, heads of departments were asked for a report on the proposal made by His Excellency the Commander-in-Chief for the employment as peons in public offices of native soldiers discharged from the service with gratuity or pension whilst still fairly young and active.

2. The proposal has met with general approval, and the Government observe with much satisfaction that in a few instances heads of departments have already employed

discharged native soldiers as peons, and that others have issued circulars to subordinate officers to promote the aims of His Excellency the Commander-in-Chief.

3. It only remains for the Government to express their hope that the services of such men may be extensively utilized whenever this can be done without injury to the public service and without injustice to other candidates.

4. Officers can obtain full information regarding sepoys available and recommended for employment on application to the officers in charge of pensioners in the Madras presidency, a list of whom is appended.

PUBLIC DEPARTMENT.

READ—the following papers :—

Replies to G.O., dated 4th November 1884, No. 2362.

From the Adjutant-General, dated Ootacamund, 30th January 1885, N.A.—
Pensioners—No. 211.

From H. F. CLOGSTOUN, Esq., Accountant-General, to the Acting Under
Secretary to Government, Public department, dated Fort St. George, 9th
April 1885, No. J.A.E.-4.

Pension department.

With reference to your memorandum, No. 609, dated the 14th March 1885, referring to me for report on paragraph 3 of the Board's Proceedings, No. 670, dated 27th February 1885, regarding the employment of pensioned sepoys as peons in civil offices, I have the honor to state that rule 7, section 188 of the Civil Pension Code prescribes that the claim of a military pensioner to pension for his service in the civil department is not affected by his military pension. There will, therefore, be nothing to prevent the grant of whatever pension or gratuity is admissible to him under the rules prevailing in the civil department at the time of the man's retirement from the public service.

2. I would at the same time invite the attention of Government to the second sentence of rule 4, section 121 of the code, from which it will be seen that an inferior servant appointed after the 1st April 1880, and after he attained the age of forty years, is not entitled to pension or gratuity of any kind. This rule would need modification to enable a pensioned sepoy entering civil employ after the age of forty years to earn a gratuity.

3. The enclosure to your memorandum under reply is herewith returned.

ORDER—dated 2nd May 1885, No. 1054, Public.

In G.O., 4th November 1884, No. 2362, heads of departments were asked for a report on the proposal made by His Excellency the Commander-in-Chief for the employment as peons in public offices of native soldiers discharged from the service with gratuity or pension whilst still fairly young and active.

2. The proposal has met with general approval, and the Government observe with much satisfaction that in a few instances heads of departments have already employed

discharged native soldiers as peons, and that others have issued circulars to subordinate officers to promote the aims of His Excellency the Commander-in-Chief.

3. It only remains for the Government to express their hope that the services of such men may be extensively utilized whenever this can be done without injury to the public service and without injustice to other candidates.

4. Officers can obtain full information regarding sepoys available and recommended for employment on application to the officers in charge of pensioners in the Madras presidency, a list of whom is appended.

2. I would at the same time invite the attention of Government to the second sentence of rule 4, section 121 of the code, from which it will be seen that an inferior servant appointed after the 1st April 1880, and after he attained the age of forty years, is not entitled to pension or gratuity of any kind. This rule would need modification to enable a pensioned sepoy entering civil employ after the age of forty years to earn a gratuity.

3. The enclosure to your memorandum under reply is herewith returned.

ORDER—dated 2nd May 1885, No. 1054, Public.

In G.O., 4th November 1884, No. 2362, heads of departments were asked for a report on the proposal made by His Excellency the Commander-in-Chief for the employment as peons in public offices of native soldiers discharged from the service with gratuity or pension whilst still fairly young and active.

2. The proposal has met with general approval, and the Government observe with much satisfaction that in a few instances heads of departments have already employed

discharged native soldiers as peons, and that others have issued circulars to subordinate officers to promote the aims of His Excellency the Commander-in-Chief.

3. It only remains for the Government to express their hope that the services of such men may be extensively utilized whenever this can be done without injury to the public service and without injustice to other candidates.

4. Officers can obtain full information regarding sepoy available and recommended for employment on application to the officers in charge of pensioners in the Madras presidency, a list of whom is appended.

Pension department.

With reference to your memorandum, No. 609, dated the 14th March 1885, referring to me for report on paragraph 3 of the Board's Proceedings, No. 670, dated 27th February 1885, regarding the employment of pensioned sepoys as peons in civil offices, I have the honor to state that rule 7, section 188 of the Civil Pension Code prescribes that the claim of a military pensioner to pension for his service in the civil department is not affected by his military pension. There will, therefore, be nothing to prevent the grant of whatever pension or gratuity is admissible to him under the rules prevailing in the civil department at the time of the man's retirement from the public service.

2. I would at the same time invite the attention of Government to the second sentence of rule 4, section 121 of the code, from which it will be seen that an inferior servant appointed after the 1st April 1880, and after he attained the age of forty years, is not entitled to pension or gratuity of any kind.
