SUBJECT.

Submitting for sanction plans and estimate for constructing 8 warders huts for the new District Jail at Tanjore.

T.
I would certainly prefer a better style of work & for the matter of that in warden quarters attached to a permanent jail I think the whole construction ought to be better. S.E. has been satisfied that the huts will meet requirements, do

NOTE OF REMARKS.

1. The accompanying plans and estimate provide for constructing 8 warders huts for the new District Jail at Tanjore. The estimate amounts to Rs. 3/20.
2. These huts were omitted, probably by an oversight, from the estimate for the District Jail, Rs. 2,11,00, sanctioned in G.O. No. 3059 of the 20th Nov/82. — S.E.VI. states that no additional allotment is required for this work as there will be a sufficient saving in the Jail estimate to cover the cost of the huts.
3. The huts for 8 warders are to be contained in 4 blocks — each block to hold 2 huts. The design is said to be

20-5-85

12/8/85

similar in regard to accom-
modation to that adopted
for the warders huts at the
Palanacottah Jail.

4. The masonry of the founda-
-tion, basement, and the
topmost foot of superstruc-
-ture is to be brick-in-
-mortar - This, of course, is
to guard against white ants.
The rest of the masonry is
to be brick in mud. -

The pent roof is to be of
paw tiles resting on bam-
-boo reapers and rafters
supported on Malabar
trunks of jungle woods.

Subject to approval, jungle
wood couplets and rafters
would be preferable for the
support of the roofing even
though the cost were higher.

5. The plans and estimate
have been countersigned
by the Insp. Genl. of Jails,
and have been approved
in the Judicial Dept.
