ABSTRACT.—Submitting the compensation progress reports for January 1885.

Resolution—dated 24th March 1885, Mis. No. 2854.

The number of cases pending at the end of December was 484. The opening balance for January is, however, entered as 480. The Temporary Deputy Collector, in whose return the difference occurs, has been called upon by the Collector for explanation.

2. Adding to the balance brought forward 42 cases received in January, the total for disposal was 522, of which only 28 were disposed of within the month. Out of the remaining 494 cases, compensation statements have been submitted to the Board in 7, and bills to Engineers in 199 cases : 179 cases more are pending payment. In the remaining 109 cases, compensation has practically not yet been settled, and these are pending as follows—29 with the Sub-Collector, 7 with the Head Assistant Collector, and 41 with the Temporary Deputy Collector ; 26 are under reference to the Local Fund Engineers, 1 to the Treasury Deputy Collector, and 5 to a Tahsildar.

3. Active steps should be taken to effect a reduction in the number of cases pending payment. The cases under reference to the Local Fund Engineers and the Tahsildar of Gudiváda are very old, as are also Nos. 22 to 48 in the Sub-Collector's list, Nos. 32 and 5 to 8 (in the Núzvíd division) of the Head Assistant Collector's list, and 112 to 139 in the Temporary Deputy Collector's list. These should be disposed of without further delay. In regard to Case No. 21 on the Sub-Collector's list, the procedure indicated in paragraph 5 of Board's Proceedings, dated 6th March 1885, No. 2146, should be followed.

4. The statements from the two Deputy Collectors and Statement No. 1 from the Head Assistant Collector do not contain the prescribed certificate, and the totals of column 6 in Statements Nos. 1 and 2 do not tally in any but the Temporary Deputy Collector's. The differences require explanation. The several cases in Statement No. 1 from the Head Assistant Collector and the General Charge Deputy Collector are not numbered, and totals are not given under the several columns in the latter officer's statement.

ORDER—dated 2nd May 1885, No. 510, Revenue.

Miscellaneous.

No further delay should be allowed
to take place in the disposal of the cases
referred to in paragraph 3 of the Board's

Proceedings, dated 24th March 1885, Mis. No. 2854, some of which (Nos. 112—139 in the Temporary Deputy Collector's division) date from so far back as 1860.

2. The last two columns of the table given in paragraph 2 of the Collector's report for January are not correctly filled up, inasmuch as they show the number of outstanding claims, for which compensation had been settled and bills sent up at the end of the month, to be 493; while, according to the details given in the body of the report, the number of such claims was only 206.

3. In the detail given in para. 4 of the same report as to the periods for which bills sent up had remained in the hands of the Engineer officers, the instructions conveyed in G.O., dated 24th April 1884, Mis. No. 1717, and repeated in G.O., dated 22nd August following, Mis. No. 3647, have not been attended to. They should be carefully observed in future. A copy of the paragraph referred to will, however, be communicated to the Public Works and the Financial Departments in order that the detention of 31 bills by the Public Works Department for periods ranging from 3 to 22 months and of 25 by the Local Fund Engineer for periods ranging from 5 to 18 months as therein shown may receive notice in those departments.
