previous reports, while others have sent in blank statements where there is nothing new to record.

Considering the objects of the return, it does not seem necessary for Supdg. Engrs. to repeat what is already on record. The S.E. VI Circle for the present year has submitted a bulky return, but it is ~~merely~~ almost a copy of that portion of the printed return attached to G.O. 2633 W of 1902, which relates to the VI Circle.

7.6.04

Dw.

Annual report of Ancient & Architectural remains, submitted to the Ch. Engr by the Subdy Engrs.

The return was prescribed so far back as 1857 (vide order no 1060 d/3.6.57) on a minute by the Rt. Hon. the Governor, & its object appears to be twofold.

(1) To show the existing state of all known remains, & the cost of any repairs thereto, which may be considered necessary, &

(2) To report newly discovered remains.

The reports received from Subdy Engrs in 1882, were tabulated in this office, & completed with all additional information available in our records. (Vide

Q.9.6.84

(Vide Pros. No 2633 W d 10.10.82)

The reports for 1883 contained nothing new, & were recorded (Pros. 1471 W d 22.5.83)

The reports for 1884 also contain no new matter & it was therefore proposed to record them.

Ancient remains in Southern India are receiving the attention of the Archaeological Survey of India, & Mr Sewell has published Vol I of his "Lists of Antiquarian Remains" — (Library No 2569)

In G.O. Public No 884 d 3.5.84, that Govt has been called upon to prepare classified lists of ancient monuments in this Presy.

W remarks that some of the S. E.s have repeated almost verbatim information given in

C.A.W.

As ordered by W overleaf, Mr Sewell's Vol. I on Antiquarian Remains (Library No 2569) has this day been despatched to Ooty by book post.

Kindly cause these slips to be returned to Madras, in view to their being attached to the G.O. recording the S.E's reports on ancient monuments for 1883-84. The draft G.O. has been passed by W. & will now be dealt with in usual course.

18/6/84.

R. 9.6.84. R. 16-6-84 Resub R. 17-6-84

To W.

It seems to me that before going further into this question of the Annual Lists of ancient buildings furnished by S. Es. we might await the publication of the Classified Lists now being prepared as per Order dated 14th December, 1883, No 2336 Public, subsequently modified by Order of 3rd May, 1884, No 884, Public.

On these lists we shall have to base some definite provision for the conservation of the monuments, in accordance with para 4 of the Resolution of G. of I. communicated with above order, and it would now be premature to take any action in regard of abolishing or modifying the S. Es annual lists. An order to record those last submitted will therefore be sufficient.

9-6-84

I see no objection to this. I should like to see Mr Lewell's volume, mentioned by S.A.W.

12-6-84

SAW

Please send

C.A.W.

Some of the S.E.'s have repeated, almost verbatim, information given in previous reports.

Others send blank statements if there is nothing new to record -

It would be desirable to have practice uniform.

Which course is Correct?

30.5.84

SoW/

The returns having been prescribed so far back as 1857 and 1864, I am unable to refer to the orders of Govt. on the subject. Looking however to the Character of the returns themselves, I should think that the condition of each monument should be noticed annually.

I think the S. E. II Circle misapprehends the Character of the return. He has taken the trouble to copy out a great deal of information which is on record with G.O. 2633 W d/10 Octr. 82. and which is of a descriptive & historical character. I am of opinion that the requirements of the P.W. Dept. will be met if the return shows the present condition of monuments, what has been done for their conservancy or what is proposed to be done in the future.

If however it be desired to issue instructions for guidance hereafter, it would be well to call up the papers on which the present returns are based.

R.S.
2.6.84

To **D.W.**
who is requested to be so good as to look up the old papers, & advise.
