PUBLIC WORKS DEPARTMENT.

SIR,

In reply to paragraph 2 of your letter, No. 711 G., dated 20th May 1885, I am directed to forward the accompanying statement of the temporary engineer establishment, showing their distribution as against the original sanction.

2. In accordance with the arrangement sanctioned in the latter clause of your telegram of the 2nd May 1884, many of the temporary divisions are officered by engineers selected from the permanent establishment, and the places of the latter in the permanent divisions are filled by temporary engineers on salaries lower than those authorised.

3. The names of temporary engineers sanctioned for employment on the Hindupur Railway Extension are not included in the statement.

Sir,

the accompanying statement is made with a view of exhibiting what may be regarded as the sanctioned, as compared with the existing, arrangements; column 5 showing the division in which each officer is actually employed.

4. Should these arrangements be formally approved, a basis for future working will have been established sufficient to satisfy the requirements of audit; while the Government will be free to officer the temporary divisions by those best qualified for the duties to be performed in each case.

5. I am to request the early sanction of the Government of India to these proposals.

6. Application for formal sanction to fill up the appointments still open will be made as soon as suitable officers can be found.

READ—again the following papers:—

From the Secretary to the Government of Madras, Public Works Department, to
the Secretary to the Government of India, Public Works Department, dated
10th March 1884, No. 654 W.

I am directed to invite the consideration of the Government of India to the
difficulty experienced in finding competent temporary Executive Engineers for three
of the authorised temporary posts which have not as yet been filled.

2. It is essential that fully qualified officers, experienced in the irrigation and
acquainted with the vernaculars of Southern India, should be posted to those important
charges; and as suitable engineers have not been found for the same, I am to urge
that sanction be accorded to this Government to nominate, to those three temporary
posts, selected Assistant Engineers of the permanent establishment, with temporary
rank as Executive Engineers, 4th grade.

From the Secretary to the Government of Madras, Public Works Department, to
the Secretary to the Government of India, Public Works Department, dated
3rd April 1884, No. 917 W.

Adverting to paragraph 2 of your letter, No. 618 G., dated 18th March 1884,
I am directed to forward, herewith, a statement showing the temporary divisions which

proposals regarding which have, from time

of India, as will be seen on reference to
the correspondence quoted in the margin.
The names of the temporary officers, with
rates of pay specially sanctioned by the
Government of India, for carrying on the
work of these divisions, are also included.

2. His Excellency the Governor in Council does not understand that it is the
intention of the Government of India to insist on the employment of these officers in
any particular division; but that the work to be done shall be entrusted to officers most
competent to carry it on, whether those officers are on the temporary or permanent
establishment. Any other arrangement would, His Excellency the Governor in
Council is convinced, be productive of the greatest inconvenience; especially when, as
at present, it is not always possible to obtain temporary engineers with the special
qualifications requisite for elaborating important projects.

3. The temporary divisions have thus, in great measure, been officered by selec-
tions from the permanent establishment, the temporary engineers specially sanctioned
replacing them in permanent divisions. The allocation of temporary engineers in

In reply to your letter, No. 1296 W., and telegram, dated 23rd and 26th ultimo, respectively, I am directed to communicate sanction of the Government of India to the appointment of the three native upper subordinates referred to therein as temporary Assistant Engineers. They should, however, be given distinctly to understand that they may be required at any time to revert to their substantive appointments, as it may be necessary before the end of this year to send to Madras permanent engineers from other provinces where there may be excesses over sanctioned scale.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

In your telegram of the 2nd May 1884, the sanction of the Government of India was conveyed to the appointment of three selected Assistant Engineers of the permanent establishment to three authorised temporary posts, with the temporary rank of Executive Engineer; and in your letter of the 25th August 1884, No. 1008, it was pointed out that substantive *pro tem* steps could be given in the room of the officers thus temporarily transferred to a temporary establishment.

2. I am directed to inquire whether similar promotion can be given in the room of

* Executive Engineer, III Grade.

+ Do. IV do.

Captains Dorward* and Boddy,† R.E.,

charge of the Rushikulya and Barur

temporary divisions respectively. For the former division, the Government of India sanctioned a temporary Executive Engineer on Rs. 650, and for the latter, a temporary Executive Engineer on Rs. 560. The officers named were selected as those best qualified to fill the posts. They at present draw the consolidated pay of their grades, in addition to the military pay proper of their rank; the total amounts so drawn being somewhat in excess of the salaries fixed for the temporary posts which they hold. The sanction of the Government of India is, therefore, in the opinion of the Examiner, required to the temporary transfer of these officers to the temporary establishment, without prejudice to their claims to the pay proper of their rank. Should their transfer be sanctioned on these terms, there would, in the Examiner's opinion, be no objection to substantive *pro tem* steps being given in their place. As they actually fill appointments outside the authorised scale of the permanent establishment, His Excellency the Governor in Council considers that promotions in regular course should be made in the places which they have left open. I am accordingly to request the formal sanction of the Government of India to such promotions being given.

3. I am to add that several of the sanctioned temporary posts are filled by officers drawing less than the pay allowed, and that the total sanction for temporary establishment will not be exceeded.

4. The following statement shows the existing as compared with the sanctioned scale:—

 make the matter look more
 safe.

I beg to submit a
 revised statement, which
 will give all the information
 required by the Govt. of India
 in the draft letter to
 the Govt. of India. The words of the
 statement of para 2
 "this is seen from the
 statement that" might
 perhaps be omitted. The
 statement does not show
 what follows, which is
 a very explanatory of the
 statement.

The telegram of 2.5.
 quoted in the draft is
 included in Para. 4. 5. 3.

It would be well
 perhaps to add to the draft
 letter, a para to the following
 effect.

The names of the
 Engineers mentioned for the
 proposed extension of the
 Railway extension are
 included in the statement.
 This appears necessary, as
 the statement includes a
 list of the names of the
 Engineers who have been
 appointed for the purpose.
