18TH JUNE 1883, No. 1709 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Examiner of Public Works Accounts, dated Dowlaishweram, 25th May 1883, No. 598 G.D. :—

With reference to the latter part of paragraph 283 (c) of the Public Works Code, which authorises advances to Overseers on the permanent establishment for the purchase of tents, I have the honor to request you will be good enough to let me know if this rule is applicable to Overseers on the temporary establishment in the Central Division, Godáviri.

No. 316 S.E., 1st.

Endorsement on the above.

Referred to the Secretary to Government, Public Works Department, for favor of orders.

2. As no provision is made in the Public Works Code for advances to temporary Upper Subordinates for the purchase of tents, and as these advances are recovered in twelve equal monthly instalments commencing three months after the payment of the advance, it would appear that if these advances are at all admissible, they should only be granted in exceptional cases under the special orders of Government, as the limit of service for temporary Upper Subordinates is fixed at twelve months, subject to renewal every year.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

7th June 1883.

ORDER—dated 18th June 1883, No. 1709 W., Public Works.

Paragraph 283 (c) of the Public Works Code, authorising Superintending Engineers to grant advances to Overseers for the purchase of tents, is not applicable to subordinates on the temporary establishment.

2. If exceptional cases occur in which it is clearly advantageous to make some advances to temporary subordinates to enable them to take the field, the special sanction of Government should be applied for.

Limit and conditions under which advances
of pay and travelling allowances may be allowed
to officers of the Public Works Department.

[For Heads of Departments only.]

Circular No. III Public Works.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

GENERAL.

Fort William, March 21, 1885.

Read again—

Public Works Department Code, Vol. I, Chap. III, para. 51.

RESOLUTION.—It has been brought to the notice of the Government of India that the practice in some Provinces of granting advances of pay under Public Works Department Code, Chap. III, para. 51, has been extended to a far greater extent than

MISCELLANEOUS ADVANCES.

(h).—To an officer under orders of transfer, to an amount not exceeding one month's pay, and also not exceeding the amount of expenditure which he is likely to incur by reason of his transfer. Such advances may be sanctioned by any officer who is not lower in rank than the principal District Officer in the department concerned; and the advance should be recorded on the officer's last-pay certificate, and recovered from the salary of the officer in three equal instalments.

was ever contemplated, and has given rise to a great deal of work and to large outstandings. It is therefore considered desirable that

the question of allowing such advances in future be now reconsidered. In the Civil Department such advances are, as a rule, not allowed, except in the case of officers under orders for transfer, and even then they are liquidated in a short time—*vide* Civil Account Code, Vol. I, Chap. 7, para. 11 (h), quoted in the margin.

2. It appears to the Government of India that the practice in the Public Works Department should be assimilated to that of the Civil Department as far as may be convenient. The Government of India is therefore pleased to rule that, in supersession of Public Works Department Code, Chap. III, para. 51, a Superintending Engineer, or a Manager or Engineer-in-Chief of a Railway, or an Examiner of Accounts, may grant an advance up to a limit of one month's pay, *plus* travelling allowance, to any officer in his Department, including himself, under orders for transfer; such advance should be recorded on the officer's last-pay certificate, and, in the case of pay, recovered from the salary of the officer in three equal monthly instalments, beginning with the month in which a full month's pay is drawn after the transfer. The advance of travelling allowance should be recovered in full on submission of the officer's travelling allowance bill.

3. In cases of emergency, Superintending Engineers and other officers in analogous positions when proceeding on tour over two or more districts, and to a considerable distance from head-quarters, may sanction small advances to themselves and to officers and subordinates accompanying them to meet their tour charges, subject to adjustment on the next issue of pay or travelling allowance.

4. A Local Government or Administration may sanction an advance of one month's pay under very special circumstances, *e. g.*, if an officer's camp is burnt down: such advance must be recovered in three equal monthly instalments. The present provision in Public Works Department Code, Chap. III, para. 51, allowing Overseers the privilege of an advance for the purchase of a tent on the first occasion of their requiring one, will continue in force. Such an advance should be limited to a reasonable amount, and will be made under the authority of a Superintending Engineer, or, in the case of a railway, the Engineer-in-Chief, and will be recovered in twelve equal monthly deductions from salary, commencing three months after the date of the advance.

5. The rules for advances to officers returning from leave are laid down in the foot-note to section 161 of the Civil Leave Code (6th edition).

6. The present general rules regarding advances for building purposes will remain in force. No advances can be allowed other than those now sanctioned in this Circular, except under the special orders of the Government of India obtained beforehand.
