The Supg. Engineer,
Fourth Circle.

Endorsement No. 84 L.L. 4
of 18th May 1885.

Forwarded to the Chief Engineer P.W. Department with the intimation that the objections on items nos 2 & 9 have already been removed by this office. The objection against item no. 6, has not, as far as this office is aware, been yet removed. The revised estimate for this manufacturing operation was sanctioned in G.O. No. 863 W of 31st March 1884 for Rs. 7030 and the outlay to end of that month was Rs. 7834 - so that the objection in regard to excess over estimate has yet to be remedied, and it rests with Government to pass orders on the explanation now furnished by the Superintending Engineer.

(O.I. Statement for Febry 1884)

2.5.84, to report why,
when a ~~set~~ revised estimate
of Rs 7030 was sanctioned
on 31.3.84, the expenditure
to end of February, 1884 had
amounted to Rs 7806.

Even now, in his letter
of 6.5.85, the S.G. does not
give this explanation, &
apparently the point
was not made sufficiently
clear to him.

The ~~transacting~~ transaction
however refers to a period
long past, & as orders
are now ^{proposed to be} given in the O.I.
Statement for January
1885 (Current No 2998) au-
thorising the C to pass the
excess outlay, the S.G.'s letter
(Current No 4449) might
perhaps be "recorded"
as proposed.

I do not understand
explanation respecting even
outlay for lime manufacture
at Stonehouse -

Is it satisfactory?

W.S.
1.6.83

W

The excess outlay which
is objected to by Ci Office,
occurred in the financial year
1883-84 - The S.G. apparently
considered that as the operations
for that year were closed on
31.3.84, & a fresh estimate
was sanctioned for 1884-85,
the objection was virtually
removed -

What the Examiner
has required all along however
is an order of Govt authorising
him to pass the outlay in
cases of estimate incurred
in 1883-84 -

This order has not
hitherto been given apparently
because the S.G. has never
replied to the call made
on him in L.S. No 1202W

Attached draft order appears to have been cancelled, in connection with my Note No. 268 D, dated 4.2.83.

From these papers, I cannot make out whether another draft was substituted for the cancelled one, or what is present position of the proposed improvements to the Taluk Cutcherry at Negapatam.

Now that proposal to purchase the College buildings is postponed, the proposal to improve the Cutcherry should perhaps be carried out.

From note by Mechanics
Branch, attached to Pros. No

appear that when the estimate
for repairs to the taluk Cutcherry
was submitted, a portion
of the roof had fallen in
& that the Sr. Svr. had con-
demned the entire roof.
The Supt. Svr's report on the
subject appears to have been
returned to him with the
estimate, but it would
appear from above that
the building is in urgent
need of repair.

From note by Budget
Branch now submitted, it
will be seen that no funds
have been provided
