Enclosure one

DOWLAISHWERAM, 29th April 1884.

SIR,

Recd. 30th April / 84

I have the honor to submit herewith for sanction a statement in the prescribed form for the increase of salaries to two maistries in the Govt Workshops Dowlaishweram.

2. The Officer in charge Godavari Eastern Division of which the Workshops is a Sub Division is of opinion that the two Maistries now recommended for increase of pay deserve the promotion on account of their long & good service in the shops; he also says that they cannot hope for any other promotion as they have arrived at the head of their trades in the shops.

3. The cost of Establishment now proposed will be considerably less than the profit in the shops each year for several years to come as there are many large works of the Godavari Delta Project yet to be carried out in the shops.
