Para 2 of the draft order received from Madras, means that the In the fine should omit, in a separate communication, the question of adding to the type design provision for stone pillars with iron rings.

The matter is however a small one, & might perhaps be disposed of at once, as proposed in the revised draft order submitted for approval - provided Govt. sees no objection to the plan of stone pillars being lithographed as it stands.

I have initialed the revised draft & sent to this proviso.
