20TH JUNE 1885, No. 1443 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 4th June 1885, No. 876.

With reference to your memorandum, No. 304 C., dated 16th February 1885, I have the honor to submit a schedule of the temporary establishment required in the North Arcot division.

2. Two temporary overseers are asked for, one for six months and the other for one year. It will take six months to complete the emergent irrigation works, and after that, one extra overseer only will be wanted to the end of the year 1885-86, viz., for the Pālār anicut works. Two clerks and two lascars for the overseers are also applied for accordingly. Of the two temporary overseers, one, C. Kuppasawmy Mudaliar, has been already posted to North Arcot in your memorandum No. 433 C., dated 4th March 1885. As regards the other, the Executive Engineer has not as yet given the name of any duly qualified candidate he would recommend for the temporary overseership.

From Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 18th June 1885, No. 1120.

In continuation of my letter, No. 876, dated 4th instant, I have the honor to report that the Executive Engineer of North Arcot brings to notice that, under the existing restriction on expenditure, he does not require the other temporary overseer. Thus instead of two clerks and two lascars applied for in the statement sent with my letter above quoted for two overseers for the Pālār anicut project and emergent irrigation repair works, one clerk and one lascar only are required for the temporary Overseer Coopcosawmy Moodaliar.

In the case of ^{applications} ~~required~~
for temporary establishment for
irrigation projects, the ap-
plications are usually
transmitted through S.I.,
who, if he approves, trans-
fers the paper to S.W., with
recommendation - If not
sent through S.I., the
application would be re-
ferred to him for
opinion.

In the present case,
the proposal to appoint
two temporary overseers
to the Palani Ament project
has already been seen
and approved by S.I.

papers attached to
Memo. No. 304 C & 16.2.85.

In that memo. the S.S.
was asked to include in
his application, the writers
& lascar required for the
overseers, & the present
statement has been
submitted in compliance
with that call.

Further reference
to S. I. would therefore
appear to be unnecessary.
