GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers:—

From D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 9th January 1885, No. 115 W.

With reference to the orders contained in G.O., No. 3102 W., dated 17th December 1884, I have the honor to forward, herewith, for the sanction of the Government of India, a revised scale of temporary accountants establishment required in consequence of the Ramnad Estate division about to be formed.

2. In their letter, No. 191 A.E., dated 13th December 1883, communicated with G.O., No. 3627 W., dated 18th December 1883, the Government of India sanctioned the entertainment of seven temporary accountants, and the present proposition is for eight temporary accountants, namely:—

2	Temporary	3rd-grade	accountants.
3	Do.	4th-grade	do.
3	Do.	5th-grade	do.

3. I further beg that I may be permitted to appoint deserving accountants on the permanent establishment to fill the higher of these temporary posts, under the provisions of section 75 of the Civil Pension Code, in the same way as permanent upper subordinates have been detached on temporary duty on higher pay (*vide* this office endorsement, No. 199 A., dated 24th November 1884).

4. The favor of early orders is solicited.

Enclosure.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

Read—the following telegram from the Secretary to the Government of India, Public Works Department, Simla, to the Secretary to Government, Public Works Department, Madras, dated 9th May 1885 :—

Following withdrawals from Irrigation Imperial necessitated by orders from Secretary of State :—Ordinary two lakhs. Productive, Capital, Godávari one lakh; Kistna one and-a-half lakhs; Sangam one and-a-half lakhs.

Order—dated 16th May 1885, No. 453 I., Public Works.

The original grants for the Godávari and Kistna deltas and the Sangam anicut project under Productive Public Works, Capital Account, will be reduced as shown below :—

—	Godávari delta.	Kistna delta.	Sangam anicut.
Original Grant.	RS.	RS.	RS.
Works	3,16,222	4,07,639	4,20,000
Establishment	71,278	86,231	73,600
Tools and plant	7,500	44,830	11,400
Total ...	3,95,000	5,38,700	5,05,000
Reduced Grant.			
Works	2,34,921	2,85,688	2,98,049
Establishment	52,579	58,182	45,551
Tools and plant	7,500	44,830	11,400
Total ...	2,95,000	3,88,700	3,55,000

The Superintending Engineer, I Circle, will submit a revised schedule showing the distribution of the reduced grant for works of the Godávari delta, and the Superintending Engineer, II Circle, will submit similar schedules for the Kistna delta and the Sangam anicut project. The expenditure during the current year on these systems will be restricted to the reduced grants.

2. The Government of India having reduced the Imperial grant under "44. Irrigation and Navigation" by Rs. 2,00,000, the allotment for expenditure on repairs to "Minor" irrigation works under the charge of Collectors has been reduced by

Rs. 50,000, and the Board of Revenue will see that expenditure on such works does not exceed the existing grant of Rs. 3,25,000. The allotments for works under the charge of the Public Works Department have been reduced by Rs. 1,50,000, as shown in the accompanying statement, and the Superintending Engineers concerned will see that the expenditure on those works is not allowed to exceed the existing grants.

Order—dated 29th May 1885, No. 1254 W., Public Works.

In their telegram and letter of 1st May 1885, above recorded, the Government of India intimate that, in view of the present heavy expenditure they are called upon to incur, it is absolutely necessary to reduce the grants sanctioned for military works in 1885-86, and that expenditure must be limited to absolutely necessary repairs; to new works in progress which cannot be suspended without serious detriment to the State; and to works urgently required in view of preparedness for war.

2. In accordance with the above orders, the following grants sanctioned for military major works in 1885-86 have been surrendered to the Government of India:—

	RS.
Armourer's shop, light cavalry, Bellary	2,695
Improvements to gunpowder factory, Madras...	18,000
Converting racket court into a covered gymnasium, Madras... ...	11,570
Additions to military prison, Bangalore	8,325
Three out of six blocks of stables at St. Thomas' Mount	9,160
Public buildings for a regiment of native cavalry, Bangalore ...	14,000
Public buildings for two regiments of native infantry, Trichinopoly.	14,642
Total ...	*78,392

	RS.
* Works	78,392
Establishment	18,030
Tools and plant	784
Total surrender ..	97,206

3. The amount reserved in the budget for military minor works is only Rs. 20,000; whereas the demands for funds made by Superintending Engineers under this head amount to Rs. 25,311, notwithstanding that these demands have been based on the restrictive orders of the Government of India. While, therefore, it is not possible to surrender any portion of the reserve of Rs. 20,000, the Government consider that the grants to be made should on no account exceed that sum. The details of the distribution will be given in separate orders on the Superintending Engineers' statement of demands, and it is only necessary here to remark that the uncommenced work noted in the margin, brought forward by the Superintending Engineer, V Circle, and which apparently is neither urgent nor a work of defence within the meaning of the orders of the Government of India, will be suspended for the present; and that endeavours will be made to allot a sum of Rs. 3,020 for the fortified post at Agaram, Bangalore, a revised estimate for which has just been sanctioned.

"Constructing a draw-bridge and gate for the fort at Vellore," Estimate Rs. 6,450.

4. The amount reserved in the budget for military repairs is Rs. 2,94,549, and the reduced grants applied for by Superintending Engineers for this service amount to Rs. 1,45,596. A further sum of Rs. 3,953 has been reserved for repairs in the I Circle, the demand statement from which circle has not yet been received. The balance of the reserve, Rs. 1,45,000,* has been surrendered to the Government of India. The details of the distribution of the sum of Rs. 1,49,549 will be given in separate orders on the Superintending Engineers' statements of demands.

	RS.
* Works	1,45,000
Establishment	33,350
Tools and plant	1,450
Total surrender ...	1,79,800

5. Ordered that a copy of these proceedings be forwarded to the Government of India, in the Military Department, in continuation of telegrams of the 13th and 22nd May 1885.

Telegram from the Govt. of India, Military Dept.,		"	20th " "	

Order—dated 29th May 1885, No. 1254 W., Public Works.

In their telegram and letter of 1st May 1885, above recorded, the Government of India intimate that, in view of the present heavy expenditure they are called upon to incur, it is absolutely necessary to reduce the grants sanctioned for military works in 1885-86, and that expenditure must be limited to absolutely necessary repairs; to new works in progress which cannot be suspended without serious detriment to the State; and to works urgently required in view of preparedness for war.

2. In accordance with the above orders, the following grants sanctioned for military major works in 1885-86 have been surrendered to the Government of India:—

	RS.
Armourer's shop, light cavalry, Bellary	2,695
Improvements to gunpowder factory, Madras...	18,000
Converting racket court into a covered gymnasium, Madras... ...	11,570
Additions to military prison, Bangalore	8,325
Three out of six blocks of stables at St. Thomas' Mount	9,160
Public buildings for a regiment of native cavalry, Bangalore ...	14,000
Public buildings for two regiments of native infantry, Trichinopoly.	14,642
Total ...	*78,392

	RS
* Works	78,392
Establishment	18,030
Tools and plant	784
Total surrender ..	97,206

Y

3. The amount reserved in the budget for military minor works is only Rs. 20,000; whereas the demands for funds made by Superintending Engineers under this head amount to Rs. 25,311, notwithstanding that these demands have been based on the restrictive orders of the Government of India. While, therefore, it is not possible to surrender any portion of the reserve of Rs. 20,000, the Government consider that the grants to be made should on no account exceed that sum. The details of the distribution will be given in separate orders on the Superintending Engineers' statement of demands, and it is only necessary here to remark that the uncommenced work noted in the margin, brought forward by the Superintending Engineer, V Circle, and which apparently is neither urgent nor a work of defence within the meaning of the orders of the Government of India, will be suspended for the present; and that endeavours will be made to allot a sum of Rs. 3,020 for the fortified post at Agaram, Bangalore, a revised estimate for which has just been sanctioned.

"Constructing a draw-bridge and gate for the fort at Vellore," Estimate Rs. 6,450.

4. The amount reserved in the budget for military repairs is Rs. 2,94,549, and the reduced grants applied for by Superintending Engineers for this service amount t Rs. 1,45,596. A further sum of Rs. 3,953 has been reserved for repairs in the I Circle, the demand statement from which circle has not yet been received. The balance of the reserve, Rs. 1,45,000,* has been surrendered to the Government of India. The details of the distribution of the sum of Rs. 1,49,549 will be given in separate orders on the Superintending Engineers' statements of demands.

	RS.
* Works	1,45,000
Establishment	33,350
Tools and plant	1,450
Total surrender ...	1,79,800

5. Ordered that a copy of these proceedings be forwarded to the Government of India, in the Military Department, in continuation of telegrams of the 13th and 22nd May 1885.

To
The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

In reply to paragraph 2 of your letter, No. 711 G., dated 20th May 1885, I am directed to forward the accompanying statement of the temporary engineer establishment, showing their distribution as against the original sanction.

2. In accordance with the arrangement sanctioned in the latter clause of your telegram of the 2nd May 1884, many of the temporary divisions are officered by engineers selected from the permanent establishment, and the places of the latter in the permanent divisions are filled by temporary engineers on salaries lower than those authorised.

3. The names of temporary engineers sanctioned for employment on the Hindupur Railway Extension are not included in the statement.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

Dw.

Under paras 1 in 38 [illegible] of the Madras Famine Code, every famine outlay is chargeable to the estimate of the work concerned at the normal value, the difference of the expenditure actually incurred being debited to the Civil dept. under the final head "Famine Relief". In case of Railway relief works therefore the normal cost will eventually be charged to Railways when for any Provincial staff transferred to the Railway branch 23 per cent contribution may be expected — But the salaries of the staff transferred to Bellary railway relief works are not met from Provincial & they are paid direct by the Railway branch — Under Provincial therefore the charges are saved if they are not otherwise disposed of, by promoting existing men temporarily. No contribution from Imperial can therefore be expected on this account

The staff transferred to Bellary Famine Relief works is:

1 Executive Engr: (After Mr. H. F. Wodehouse none has been posted)

And 1 Sub Engineer - (Mr. S. [illegible] - man is still there).

As Mr. W. B. de Winton has been transferred to State Railway Surveys his pay will also be saved if it is not intended to dispose of otherwise.

In addition to the above five Surveyors & 3 overseers temporary, were also employed on the Famine relief works Bellary - upto 1st July 1885 with the exception of one overseer who will be detained till 31st July 1885 - As this cost will eventually be debited to Irrigation, being on acct of minor Tanks, 23 per cent contribution should be credited to Provincial for the Establishment employed on the same. But the staff has been withdrawn before completion of the Estimates & the cost itself is only Rs 2000 this item may not be now considered as the credit on this acct if brought under adjustment in this year will be added to General Savings.

~~No. 1964 Dated 28th Aug 85~~

To C.

It is impossible, in existing circumstances, to effect at the present moment reductions in the Sanctioned Temporary Establishments, without seriously affecting the progress of works & impairing future efficiency; but careful watch will be exercised over the outlay under this head of service, further increases to our present strength will be avoided as far as possible, & advantage will be taken of every favorable circumstance to reduce expenditure both in the permanent & temporary scales. Nothing further can be done at present in this direction, so far as this office can see, but the Chief Engineer will be glad of any suggestions you can offer in view to meeting the anticipated excesses.

To
D.W.

C. No: 2729.

C asks for the sanction of the local Govt. to the continuance of the Accounts Establt. sanctioned by the Govt. of India. If the local Govt. have no power to sanction the Establt, they have no power to continue it. C is therefore not consistent in this matter.

The question is one which need not, however, be raised on the present case?

P. W. DEPARTMENT.

Current No. 5555

From The Examr P.W.A

Enclos.—

Office note
No. 222
Dated 24.6.85
Received

5½

SUBJECT.

Brings to notice the abnormal rise in the Percentage charge for Establt Provl, as against works brought about by the reductions in the grants for services not Provincial

DISPOSAL.

No. 1626 D Dated 8/18th July /85

The amount of contribution to Provincial will also increase during the current official year by about Rs 13,70,33 (a) as detailed in the margin:—

Scrutiny of L.F. Projects vide G.O. No. 1367 W. of 12.6.85 } 21,250.
Supervising Court of ... Estimates Vide G.O. No 1067 of 28th April /84 } 67,000
Additional grant vide G.O. No 1595 W. of } 34,500

The net decrease in the Contributions calculating from the state of grants as they now stand, will therefore be Rs 18,809 only. This excess is not large, & it may be expected to be met from General Savings under that head at the close of the official year.

A sum of Rs 42,200 having been proposed for transfer from the Establt. Grant to Provl. Irrign. & Navgn., the grants under Provincial funds will stand as follows:

Works & repairs 1129,734
Establt. — 778,370

The percentage in the Establt. charges will therefore be increased to 68.9 only from Rs 57.7 entered in the Budget for 1885-86.

However please watch the variations in the Provl. Contributions & report again after the expiry of the first half year.

Id. E.B. 17/7

Pd. J.S. 17/7

B.

With reference to your note on the subject of percentage of Establishment against Provincial, it seems to me that the question of the charges for the staff on Railway relief works requires looking into.

These charges at present fall against Provincial, but eventually I presume Imperial will contribute towards them 23% on the outturn of work, estimated at normal rates. It will then be the excess only over this 23% that will be a debit to Provincial & that will go to swell our percentage of Establishment.

In fact in considering this question it seems to me the total cost of the staff employed on relief works & provided for in our Budget should be entirely eliminated, & the Budget grant for Estabmt. less that portion of it required to meet the charges in Railway relief Divn. alone considered.

Is not this the case?

Cd.
14.7.85

P. T. O.

W.

In his note of 24th June the Examiner, brought to notice the abnormal rise in the percentage charges for Establishment, Provincial, as against works, brought about by the reductions in the grants for services not Provincial. The reduced grants mean of course reduced contributions to our Establishment charges, Provincial having to bear the additional burden.

C. was, however, in error in calculating the percentage so high as 86.

He did not take into account the contribution made for Local Fund projects, for Wards Estates Works in Jeypore and Ramnad, and the grants made subsequent to date of his note.

Further some saving may be effected in consequence of some of our staff having been employed on relief works.

The percentage will probably be 69 against 57 entered in Budget.

When work is restricted & grants cut down, the proper remedy to meet the exceptionally heavy percentage charges under Establishment would, of course, be to dispense as far as possible with our temporary Establishments. But, as far as I can see, there is not a single member of our temporary staff who can be removed without serious detriment to works at present, and still more serious detriment to the future. The saving that would be so effected would in no way compensate for the loss that would ultimately ensue from such a course. Petty savings might be effected in some ways, without cutting down our staff, but they would not be worth the trouble & annoyance entailed.

What new Survey Divisions are likely to be opened out next year.

W.
[illegible]

B

C. No: 5555.

Note.

In the accompanying office note, the Examiner of P. W. Accounts brings to notice that in consequence of the reduction of grants under other funds, the total contributions to Provincial on account of Establishment charges will be reduced, thus necessitating an increase of grant under Provincial Establishment. The reduction in the contributions to Provincial resulting from the surrender of grants under other funds amounts to Rs. 1,55,842, not Rs. 1,55,295 as reported by the Examiner of P. W. Accounts (please see details shown in the margin).

+ In acct of Irrg.

×Productive Public Works Capital Account, vide G. O. No: 453 I d/ 16-5-85 –	Rs. 74,797 ✓
Irrigation & Navigation Works for which neither capital nor revenue accounts are kept. G. O. No: 453 I d/ 16-5-85 –	Rs. 25,912 ✓
Do – Agricultural Works vide G. O. 453 I d/ 16-5-85 –	Rs. 2,137 ✓
Imperial Military Origl. Works –	Rs. 18,030 ✓
—— Do —— Repairs – G. O. No: 1255 W d/ 29-5-85 –	33,350
Imperial Civil Buildings. Roads & Services – Vide G. Os Nos: 986 W d/ 27-4-85 1221 W d/ 23-5-85, 1389 W d/ 15-6-85 & 1531 W d/ 1-7-85 –	Rs. 1,616
	1,55,842

But the following additions in the contributions to Provincial are also feasible during the course of the current official year,

1. Contributions due for the scrutiny of Local Fund Projects by the P. W. agency – vide G. O. No: 1367 W d/ 12-6-85 – Rs 21,250

2.

2. Contributions due for maintaining the Estate works, estimated to cost Rs 3,60,741, excluding Establishment charges G.O. No 1087 W d/28-4-84 — the outlays for Establishment will roughly amount to Rs. 87,000

3. — Do — on the additional grant assigned in G.O. No. 548 W d/22-6-85 — 34,500

4. Do — on the reallotment sanctioned by the Govt of India under Imperial Military vide G.O. No 1595 W d/10-7-85 — 14,283

Total 1,37,033.

[illegible]

The net reduction in the contributions will therefore be Rs 18,809* only. This result of course is from the grants as they now stand. It is possible that during the course of the year, the state of things existing at present may alter, the present financial pressure may cease and further provision of funds to the full extent of requirements on works may be found possible. Even if otherwise a saving under Establishment may generally be expected at the close of the official year. A sum of Rs 1,24,474 was reported by C

* (1,55,842 − 1,37,033)

---

as the savings under this head in 1884-85, please see G.O. No. 2619 W d/27-10-84 and 392 W d/17-2-85. Although such a large saving may not be expected from the state of things in the current official year, yet savings sufficient to cover the small excess of Rs. 18809 may easily be effected. The question may therefore be suspended for some months and the Examiner asked to report again, say about the middle of October 1885.

Public Works Department

Proceedings of the Madras Government

Read the following :-

Proceedings, Financial Department No. 845 dated 9th. May 1885.

Order thereon No. 1147 W dated 15th. May 1885.

Communicated, in continuation of telegram of the 6th. May 1885, to Superintending Engineers for information and guidance.

2. Revised reports, based on the final issue of the Provincial Budget for 1885-86, showing what savings can be effected under Civil Buildings, should reach Ootacamund not later than the 25th. May 1885. In the case of the more distant circles, the reports should be made by wire. If no alterations are involved in the reports already submitted, it will be sufficient to intimate the fact.

3. The statements of demands on account of uncommenced Provincial minor works should be based on the orders now issued. If necessary, revised statements of demands should be sent immediately to Madras.

4. No proposals for increase of salaries or for additional establishment should be submitted unless real urgency can be established, and Superintending Engineers will report at once what reductions can be effected in existing temporary establishments in consequence of the proposed stoppage of works.

Copy of Office-Note from the En

No. 473 dated 22nd September/85

Now that the time for the preparation of the Establishmen portion (Part III) of the P.W.D. Provincial Budget Estimate for 1886-87 is nigh; I solicit information on the following points: —

Engineer Establishment

The amount that you wish deducted from the total under this head of Establishment on account of absentees.

Upper Subordinate Establt

The number of Upper Subordinates for whom you wish Sub-Divisional allowances provided.

Lower Subordinate, Petty and Office Establishment →

Whether any changes in the

Establishment are under con-templation, if so, their details.

Temporary Establishment

The amount of provision to be made under this head with details under Engineer, Upper Subordinate &c. Any other information that you may consider necessary for the correct preparation of the Budget esti-mate may also be furnished.

Note

With the accompany-ing office note, the Examiner of P. W. Accounts submits a statement of sanctions made under Temporary Establishment as compared with the provision for the same in the current years Budget. The statement exhibits an excess of Rs 3,326 under (1) Upper subordinate Establishment and of Rs 4719 under (2) Office Establish-ment.

1. Upper Subordinate Establishment

Establishment. The excess under this head is only indispensable as the estimated provision for the same in the Budget is far below the actual requirements for the year. This is evident because the general scale alone, of Upper subordinates sanctioned in G. O. No. 1048 W d/5th May 1885, amounts to Rs 78,720 while the budget provision for the year amounts to Rs 56,640 that is Rs 22,080 less than the provision required to meet the Sanctioned scale.

2. The excess shown under under Office Establishment is due to the sum of Rs 9000 sanctioned for Temporary Accounts Establishment in the year having been added against the provision in the Budget for Office Establishment vide G. O. No. 145 W dated 17th January 1885, and 766 do d/26th March 1885

The excesses are generally provided by reappropriations from provision for other sub heads of Establishment, but the total sanction compared with the total budget grant leaves a net excess

excess result. It is not possible that this excess can be provided from savings under Permanent Establishment, the reduction effected under grant for works in consequence of the restrictive orders, having already taken away a large share of Contributions to Provincial Establishment from other funds.

In these circumstances it is only necessary that the Supdg. Engineers should be asked to keep the temporary staff as low as possible.

Under para 4 of G.O. No 1147 W of 15th May 1885, the Supdg. Engineers II, III and V Circles have already dispensed with

with the services of some temporary establishment, but the reduction in the II Circle is not in proportion to the reduction in the grants for works.

The accompanying statement marked A has been prepared to ascertain what was the total grant under all services, originally intended for expenditure in each Circle, during the current official year, and what temporary establishment was sanctioned for each Circle as compared with the grants for works. From the grants for works the amounts surrendered in consequence of the restrictive orders have been deducted and on on the net grant, proportionate charge for establishment in each Circle, has been determined. The difference between this proportionate charge and the actual sanction under Temporary Establishment will represent the extent to ~~effect or~~ which reduction under Temporary Establishment should be effected."

The total grants for works under all services as originally proposed amounts to Rs 67,11,368 and the surrenders under all services on account of the restrictive orders amount to Rs 9,46,537. The net grant available for expenditure is therefore Rs 57,64,831.

The total sanction for Temporary Establishment amounts to

Rs

Rs 2,78,810, and the total proportionate charge for the same on the reduced grants amounts to Rs 2,52,152. The difference Rs 26,658 may be ordered to be reduced now as practicable, the excess sanction over the Budget grant amounting to Rs 28,810.

Draft reply to C and references on the subject to Supdg. Engrs concerned are submitted herewith for approval.
