

19TH FEBRUARY 1885, No. 399 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

Proceedings of the Board of Revenue, dated 22nd January 1885, Routine No. 292.

Read—the following letter from H. St. A. GOODRICH, Esq., Acting Collector of Bellary, to the Secretary to the Board of Revenue, dated 28th November 1884, No. 3306:—

The Executive Engineer, Bellary division, informs me that the current year's allotments for civil buildings are not likely to be fully utilised, and suggests the appropriation of a portion of them for the new compound-wall around my office. I accept his suggestion and request that Government may be moved to sanction the construction of the wall at an early date. The existing mud-wall is fast going to ruin. The new compound-wall forms part of a design to improve my office, which the Board have approved, in their proceedings, No. 3646, dated 30th November 1883. I understand that this work (improvements to my office) has received the sanction of Government and is entered in the Public Works budget for 1885-86. I have included it in the list I submitted to the Board with my letter, No. 3251, dated 25th November 1884.

Resolution.—dated 22nd January 1885, Routine No. 292.

Submitted for the sanction of Government.

2. The work forms part of the design to improve the Collector's office, sanctioned in G.O., dated 17th May 1884, Mis. No. 2081 R.D.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Secretary.

Mis. No. 750, Revenue.

Transferred to the Public Works Department. It is observed that the additions and improvements to the Collector's catchery at Bellary, sanctioned in G.O., Public Works Department, dated 6th May 1884, No. 1134 W., are included in class B in the preliminary issue of the Provincial budget for 1885-86.

2. The proposal with regard to the compound-wall has the approval of Government in the Revenue Department.

FORT ST. GEORGE,
12th February 1885.

(Signed) M. HAMMICK,
for Secy. to Govt.

ORDER—dated 19th February 1885, No. 399 W., Public Works.

The construction of the compound-wall to the Collector's cutcherry at Bellary may be commenced at once, on the understanding that the Superintending Engineer is in a position to provide the requisite funds by reappropriation.

Account.

READ—the following letter from Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 4th March 1885, No. 2448 :—

With reference to G.O. No. 399 W., dated 19th February 1885, I have the honor to report that it is not possible to utilise in the current month any money on the construction of the compound-wall to the Collector's cutcherry at Bellary.

2. The work can be carried out in the next official year if funds be made available.

ORDER—dated 6th March 1885, No. 507 W., Public Works.

The sanction accorded in G.O. No. 399 W., dated 19th February 1885, to the construction of a compound-wall to the Collector's cutcherry at Bellary will stand. Funds will be provided on application by the Superintending Engineer after 1st April.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read The following Report

of the Board of Revenue, dated 8th June 1885, no: 5304 inis on letter from the Collector of Bebar, dated 24th May 1885, no 1834.

With reference to Board's Report of 19th May, no 1481, I have the honor to state that orders have already been issued to stop all expenditure on minor Irrigation works and that I think those which have been proposed for execution during the current year may be postponed without serious loss; all that will be required is a small reserve, say Rs 500, for any emergency.

2. As regards Civil buildings, new Works, I enclose a statement obtained from the D P W showing the works under construction and sanctioned for execution during

the current year. I am of opinion that all the works which are under construction and approaching completion namely those sanctioned for execution during 1884-85 should be finished as the stoppage of work at this stage is likely to entail extra expenditure in the long run and difficulties are likely to arise in settling with Contractors. As regards those sanctioned for execution in 1885-86 there is no great urgency but the total amount required is less than Rs 4000 and it would be a convenience if funds can be provided. The stones for the compound wall round the Collector's Office compound have already been procured. The outlay on repairs will be restricted as far as possible.

Resolution

Submitted to Government with reference to Board's Proceedings

Dated 19th May 1885, No: 1481, The Board think that funds should be provided in the P. W. D. if possible to prosecute the first six works mentioned in the Collector's list.

Order thereon, 15th June 1885 No: 3069

Recorded so far as the proposals regarding minor Irrigation works are concerned in reference to G.O. No 639 dated 1st June 1885.

2. The Board's recommendation regarding the works referred to in the last clause of their Proceedings will be disposed of in the Public Works Department.
