Sir,

We beg to acknowledge your favour of
Oct 28th and herewith enclose a sketch showing
the proposed ornamentation to the vaulted ceiling.
You will notice we have kept the 14 centres for
lamps rods and have divided the ceiling into 14
squares formed by connecting the corner corners
with flush enrichment, similar to existing detail
in soffit of arch, the horizontal border running
round next to cornice, the whole character of con-
-decoration we have kept in accordance with that
already existing.

We beg to enclose our Estimate for
providing these decorations in Carbon Pierre, this
material is white in color, but it should be
painted 2 coats after being fired to give it a
pure white appearance like polished plaster.

Trusting the design and estimate
will meet your approval and hoping to be
favored with your instructions.

Yours
(S^d) Geo. Jackson & Sons
