GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following papers :—

From Lieut.-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle,  
to the Chief Engineer, Public Works Department, dated Kodaikānal, 4th May  
1885, No. 52 T.C.

I have the honor to forward a letter (in original) and enclosure from the Collector of Trichinopoly requesting me to represent to Government the necessity for additional accommodation for the whole police force at Perambalur to be added to the new taluk cutcherry at Perambalur.

2. I have the honor to point out that the standard plans for taluk cutcherries allow only accommodation for the police for the treasury and jail guards, and I am not aware that it is the intention of Government that the whole police at taluk cusbahs should be accommodated in the cutcherries.

3. I have further to bring to notice that there are now constant complaints from the police that the space allowed for them in standard plans for cutcherries, police stations, &c., is insufficient. I would therefore suggest that the Inspector-General of Police should be addressed and be requested to lay down, for the information of Government, the space and number of men he considers accommodation is required for, and that Government should on this issue orders, and have the standard plans, if necessary, corrected.

4. It is useless for me making proposals, as I do not know what the police requirements are, or how much accommodation is to be given to them. Again, I knew some police officers and magistrates, a few years ago, objected to any but the treasury and jail guards being accommodated in the taluk cutcherries.

No. 937 C., Public Works.

Referred, through the Judicial Department, to the Inspector-General of Police for remarks.

29TH JUNE 1885, No. 1506 W., PUBLIC WORKS.

From Colonel H. D. CLOETE, Inspector-General of Police, to the Chief Secretary to Government, dated Madras 10th June 1885, No. 3267.

With reference to your endorsement, No. 1036, dated 1st June 1885, calling for my remarks as to the accommodation required for police in taluk cutcherries, I have the honor to state that I am of opinion that accommodation should be provided in these buildings only for the treasury and subsidiary-jail guard, that is, for one head constable and six constables. This is amply provided for in the standard plan.

2. The new cutcherries are, as a rule, built outside, and, in some cases, at a considerable distance from towns, whereas a police station should be located inside the town, in or near the principal street, wherever such a locality can be secured.

3. The papers which accompanied your endorsement under reply are herewith returned.

No. 1165, Judicial.

Communicated to the Public Works Department, with the remark that the Government, in the Judicial Department, agree with the Inspector-General.

I have the honor to forward a

of Trichinopoly requesting me to represent  
to Government the necessity for addi-  
tional accommodation for the whole  
Police force at Perambalur to be added

I have the honor to point out that

cheries allow only accommodation for  
the Police for the Treasury and Jail  
guards and I am not aware that it is  
the intention of Government that the  
whole Police at Salug butcheries should  
be accommodated in the butcheries.

I have further to bring to notice  
that there are now constant complaints

from the Police that the space allowed  
for them in Standard Plans for

sufficient. I would therefore sug-  
gest that the Inspector General of

requested to lay down for the inform-  
ation of Government the space and

modation is required for and that  
Government should on this issue order
