Order—dated 1st July 1885, No. 1533 W., Public Works.

The statements printed with these proceedings exhibit the demands made by Superintending Engineers for Provincial minor and incomplete works, repairs, and tools and plant.

2. The demands under Repairs are as follows :—

	RS.
Civil Buildings	82,054
Communications	49,100
Miscellaneous Public Improvements	7,421
Total ...	1,38,575

3. The total allotments, as shown in statement A, are :—

	RS.
Civil Buildings	85,360
Communications	72,640
Miscellaneous Public Improvements	6,730
Total ...	1,64,730

4. The Superintending Engineer, IV Circle, made no demands in his statement under Repairs and Tools and Plant; but he has since explained that the grants made to his circle under those heads at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are not susceptible of reduction. The allotments made to the I and V Circles are less than the demands; and, if the grants are hereafter found to be inadequate, endeavours will be made to supplement them. Expenditure should, however, be restricted to absolutely necessary requirements.

5. The budget provision under Repairs amounts to Rs. 2,24,175; and the difference, Rs. 59,445, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

6. The total demands under Tools and Plant aggregate Rs. 22,100; and the total allotments, after providing for the requirements of the IV Circle, amount to Rs. 29,600. The provision in the budget for expenditure in India under this head is Rs. 51,115; and the difference, Rs. 21,515, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

7. The amount reserved in the budget for incomplete and minor works was Rs. 1,18,930, but subsequent modifications have reduced the sum to Rs. 1,07,123. The total amount available for distribution is therefore:—

	RS.
Reserve with Government	1,07,123
Transferred from Repairs	59,445
Do. from Tools and Plant	21,515
Total ...	1,88,083

8. The demands received are as follows:—

Incomplete minor works	4,931	
Do. major works	1,74,287	
Do. Registration works	24,141	
Do. Police works	19,423	
Total incomplete works ...		2,22,782
New minor works	5,192	
Do. major works	2,000	
Do. Registration works	2,455	
Do. Police works	8,153	
Total new works ...		17,800
Lump sum grants for minor works		8,425
Total demand ...		2,49,007

9. The allotments granted are shown below:—

Incomplete minor works	3,241	
Do. major works	1,20,025	
Do. Registration works	23,407	
Do. Police works	18,534	
Total incomplete works ...		1,66,207
New minor works	2,150	
Do. major works	8,700	
Do. Police works	1,725	
Total new works ...		12,575
Lump sum grants for minor works, as per statement A ...		8,425
Total allotments ...		1,86,207

10. In the case of several works entered in the list, demands are made for grants in addition to allotments already provided in the budget. The demands in such cases have not been complied with under existing financial pressure; but, if necessary, endeavours will be made to provide additional funds later in the year.

11. Grants have been provided for only two minor new works, viz., "Furnishing clerks' quarters at Ootacamund" (Rs. 2,150, a completed work), and "Constructing police huts at Perumallur" (Rs. 1,725, in progress). The action of the Executive Engineer, North Arcot division, in commencing the latter work in anticipation of an allotment of funds, was irregular.

12. Under Major New Works Rs. 2,000 have been allotted for improvements to the family quarters attached to the civil engineering college at Madras, a work commenced by the Consulting Architect to Government in anticipation of sanction. The irregularity has been noticed in separate proceedings. A sum of Rs. 6,700 has also been provided for improvements in the Negapatam taluk cutcherry, a work urgently needed. The Superintending Engineer, VI Circle, will have it put in hand at once, and completed within the official year.

13. The statements printed at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are superseded by these proceedings.

Please consider this in conjunction with statement sent off yesterday. The new demand for incomplete works, Provincial, Rs 8707, must be added to the allotments to be made.

These fresh demands are very annoying & delay satisfactory settlement of the question. I hope they will be the last.

The above sum added to the demands will increase the requirements to Rs 425137 -

The Budget provision under reserve was Rs 118950; this sum has been reduced to Rs 107123 by subsequent modifications sanctioned by Government. And the provision in the Budget for repairs & Tools & Plant which is held at the disposal of Government pending receipt of detailed proposals from 560

is Rs 354947. Deducting Rs 100295 from this, being the amount required to meet the cost of London supplies, the difference will be added to the reserve. The sum available for distribution will thus be 254652 + 107123 or Rs 361775. The total requirements are therefore in excess of the sum available, by Rs 63362, & the demands should therefore be retrenched. The sum required for new works amounts to Rs 15800 & excepting in case of "Clerks Quarters at Ootacamund", amount Rs 1870 & police huts at Perinamallur, works and amount Rs 1725, the necessity for the proposed new works is not explained. Also in case of the works detailed below, the demands made are in addition to the budget grants already existing for those works

	Budget grant	Addition amount required

assign to S.Es. the lump sums for

W.

The accompanying note prepared in Budget Section exhibits the demands made by S.Es. under all heads, & the amount available in reserve to meet same.

The requirements amount to Rs. 4,11,975, to meet which we have Rs. 3,61,775.

The amount required for "incomplete works", Rs. 2,27,275, must first be provided.

Deducting this provision, we are left with Rs. 1,34,$\overset{7}{5}$00 to meet new works, minor works, repairs, & Tools & Plant.

Of these, Tools & Plant must necessarily be provided for & the demands cannot well be arbitrarily cut down. The total is Rs. 22,100 & should be allotted.

This will leave us (134500 — 22,100) or Rs. 1,12,$\overset{6}{4}$00.

The lump sum demands for repairs aggregate Rs. 1,38,575, and S.E. IV asks for no funds under this head - why, is not clear.

Telegram sent to S.E. IV
[illegible] to
[illegible] Budget —

It is evident we cannot assign to S.Es. the lump sums for

Telegram
if possible

"minor works" they ask for.

For "repairs" I propose to assign to 11,111,V1 circles ~~&~~ C. A. the moderate sums required, to give to S.E. 1V Rs.10000, for he must require at least that, and to halve the demands of S.Es. 1 & V.

We shall thus give for "repairs" Rs. 93,925 in all, and shall be left with but (1,12,400 - 93,925) or Rs. 18475 in reserve, a small sum to meet unforeseen requirements of the next 9 months.

If we allot at once for the special applications that have been made, aggregating Rs.13163, we would have in reserve the merely nominal sum of Rs.5303. I would recommend that for the present Rs. 730 be allotted for repairs to "Sea dyke at Masulipatam", & Rs. 6700 for the "Talook cutchery at Negapatam", the other two remaining over.

[illegible]

Further, I would recommend that works included in the demand Statement, not yet commenced, should stand over. They are :-

Sub

Sub-Registrar's Office at Kandukur, ...	Rs.2455
2Head & 10 constables huts at Bezvada	Rs.4538
Police huts at Kandukur	Rs 1890
Collector's Printing office at Bellary, ...	Rs. 1622
Compound wall collector's cutchery Bellary, ...	Rs.1700
Furnishing clerks quarters at Ooty, ...	Rs. 1870
Total	Rs.14075

The outlay has already been incurred.

This would leave Rs.(18475-(730+6700)~~+14075~~) or Rs.~~25,120~~ 11825 in reserve.

In the statement of requirements are included additions to the existing Budget grants, aggregating Rs. 43,913. These additions might not be allowed, but it is so impolitic to starve works in progress by insufficient allotments, that it seems to me preferable not to put in hand the as yet untouched works enumerated above. Works once started should be pushed on to completion with all available resources.

Not to be given.

The statements printed with these Proceedings exhibit the demands made by Supdg

Engineers for Provincial minor and incomplete works, Repairs, and Tools and Plant.

2. The demands under repairs are as follows:—

Civil Buildings	Rs	82,054
Communications	"	49,100
Misc: Public Depts	"	7,421
Total Rupees		138,575

3. The total allotments, as shown in Statement A, are:—

Communications	"	[illegible] ~~[illegible]~~
Misc: Public Depts	"	6,730
Total Rupees		[illegible] ~~[illegible]~~

4. The Supply Engineer IV Circle made no demands in his statement under Repairs and Tools & Plant, but he has since explained that the grants made to his Circle under these heads at pages 18 and 47 of the Final edition of the Provincial Budget for 1885-86

57

are not susceptible of reduction. The allotments made to the I & V Circles are less than the demands, and, if the grants are hereafter found to be inadequate, endeavours will be made to supplement them. Expenditure should however be restricted to absolutely necessary requirements.

5 The Budget provision under Repairs amounts to Rs 2,24,175/-, and the difference, Rs 67,445, between that sum and the allotment now made, is transferred to the reserve under Civil Buildings.

6. The total demands under Tools & Plant aggregate Rs 22,100/-, and the total allotments, after providing for the requirements of the

& tools, amount to Rs 29,600. The provision in the Budget for expenditure in India under this head is Rs 51,115, and the difference, Rs 21,575 between that sum and the allotment now made, is transferred to the reserve under Civil Buildings.

7. The amount reserved in the Budget for incomplete and new works was Rs ~~1,14,920~~ but subsequent modifications have reduced the sum to Rs 1,07,123. The total amount available for distribution is, therefore:—

Reserve with Govt Rs	1,07,123

10. In the case of several works entered in the list,

demands are made for grants in addition to allotments already provided in the Budget. The demands in such cases have not been complied with under existing financial pressure, but, if necessary, endeavours will be made to provide additional funds later in the year.

11. Grants have been provided for only two minor new works, viz. "Furnishing Clerks quarters at Ootacamund" (Rs 1070 – a completed work) and "Constructing Police huts at Perumallur" (Rs 1725 – in progress). The action of the Executive Engineer N. Arcot Division, in commencing the latter work in anticipation of an allotment of funds, was irregular.

12. Under major new works Rs 1,000/- have been allotted

for improvements to the family quarters attached to the Civil Engineering College at Madras, a work commenced by the Consulting Architect to Government in anticipation of sanction. The irregularity has been noticed in separate Proceedings. A sum of Rs 6,700 has also been provided for improvements in the Negapatam Taluq Cutcherry, a work urgently needed. The Supdtg Engineer VI Circle will have it put in hand at once, and completed within the official year.

13. The statements printed at pages 18 and 47 of the Final issue of the Provincial Budget for 1885/86, are superseded.
