Read the following paper:—

No. . From Colonel A. CROOKSHANK, Officiating Deputy Secretary to the Government of India, Military Department, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to the Government of Madras, Military Department; dated Simla, 4th June 1885, No. 518-D.

Ordinance Department—Stores Supplies.

In forwarding the accompanying copy of a letter * to the Government of Bombay requesting that the Executive Engineer at Aden may be instructed to make arrangements for procuring from England such quantities of blasting powder as he may require in future, I am desired to request that, under the orders of the Governor in Council, similar instructions may be issued in Madras, as requisitions for blasting powder cannot be complied with by the Ordnance Department.

From the Secretary to the Government of India, Military Department, to the Secretary to the Government of Bombay, Military Department; dated Fort William, 24th March 1885, No. 589-D.

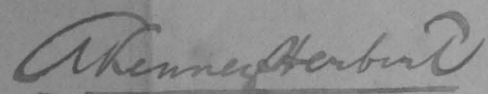

Ordinance Department—Stores Supplies.

I am desired to request that, under the orders of the Governor in Council, the Executive Engineer at Aden may be instructed to make arrangements for procuring from England such quantities of blasting powder as he may require in future, as, owing to the very heavy demands lately put forward for gunpowder for blasting purposes at Aden and on the Hurnai Road, the stock of blank or exercising powder in arsenals has fallen very low, and it is not expedient that any further reduction should be made.
