Memorandum

With reference to letter from the Suptg: Engr. IV. circle No. 110.E. W d/26th February /84, the under=signed has the honor to state that para 1153 of the P.W. Code shows clearly the Civil buildings which are classed as Imperial – Sea Customs buildings in this Presidency are classed as Provincial, and come within item 12, para 14,

The S. E is correct when he says that Customs Buildings are classed as "Imperial" under para 14 - (Detailed Head No 2) Part VI Appendix F of the Code.

Detailed head No 12 on the next page LXVI shows "Excise Buildings" as coming under "Provincial" but it is doubtful whether a Customs building is an Excise building, as is assumed in G. O. 109 W d/ 14 Jany & 386 W d/ 15 Feby: & the draft memo: in the file. But para 1153 of the Code was the principal guide in the classification. The "Imperial" heads are here detailed, and Customs buildings are not among them. It was thus assumed that the charge was Provincial.

Seeing however the

Sir,

I have the honor to bring to your notice that in G. O. Nos. 109 W and 386 W dated respectively 14th January and 13th Feby 1884, the construction of Sea Customs Houses at Malpe and Tanur were sanctioned under the head "Provincial" which is opposed to para 14, Part VI, Appendix E, of the P. W. Code, in which "Customs Buildings" are classed under "Imperial Services"; and to request you will be good enough to inform me whether the Classification in the G. O. is correct.

The classification given in the body of the Code, para 1153, has lately been revised by the Government of India, and may it is thought be accepted as correct. A reference will be made to the Accountant General P. W. Department on the subject of the classification given in Appendix F, which apparently needs revision.

Sir,

With reference to the enclosure I beg to report that I have this day taken charge of the Malpe Old Sea Customs office from the Superintendent and I request your orders as to the disposal of the building.

The office is built on ground belonging to a rich land owner and he offers Rs 125 for possession of the building

ing as it stands and I understand the German Mission also wish to buy the building for a school but the owner of the site states he is not willing to give up the land.

The building is in a ruined state and I dont think the sale of the old materials would realise Rs 125, the demolishing would probably cost Rs 15.

I beg &c.
