

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following papers.

From the President, Municipal Commission  
Madras, dated 28<sup>th</sup> April 1885 P.W. N<sup>o</sup> 71, reporting  
that Master Attendant refuses to permit the  
construction of an additional overflow for storm  
water from the intercepting sewer into the sea  
at the Madras Harbour.

From the Master Attendant, Administrative  
Department, Madras, dated 12 May 1885  
N<sup>o</sup> 3817, returning the Municipal President's letter  
regarding the construction of an additional  
overflow for storm water from the intercepting  
sewer into the sea, at the Madras Harbour and  
stating that nothing should be done in the direction  
indicated by Mr Jones, without the consent of  
Mr Parker and of Mr Thorowgood.

Order thereon dated 19<sup>th</sup> June 1885 N<sup>o</sup> 210 M. (Misc.)

It is understood from the Superin-  
tending Engineer's report (letter N<sup>o</sup> 4127 of 5<sup>th</sup> Feb 1885)

G.O. 19 Feb 1885  
N<sup>o</sup> 351 Misc.

that he is of opinion that if certain arrangements,  
indicated, are given effect to, the silt, which other-  
wise would be deposited within the harbour, will  
be precipitated in the intercepting sewer, & clean  
water only will flow into the harbour. The complete  
plans, showing precisely what the Municipal  
authorities wish to effect should be submitted  
to Mr. Thoroughgood and if he sees no objection,  
the sanction of Government will be granted, other-  
wise the Municipality will make some other  
arrangements.
