

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of
 the Board of Revenue dated 17th June 1885, Nos.
 No. 1820, in letter from the Commissioner of Salt and
 Abkari Revenue dated 12th June 1885, No. 5769.

Referring to Government orders
 March 26th, 1885, No. 371, Revenue, communicated
 in the Board's Proceedings marginally noted, I have
 the honor to report that the Superintending Engineer
 B. Circle informs me that he has applied for the
 sanction of Government for the establishment he
 requires to enable him to take over charge of the
 Canal and that when that establishment is
 sanctioned he will take over charge.

I request that the Board will move
 Government to pass early orders in the matter so that
 the further improvement of the Canal may be taken

land without delay. I have just heard that
road deal still remains to be done to make it
usable, although it appears from the report in
the Progress Report for April that the work
of clearing and repairing the Canal under the estimate
mentioned in the Board's Proceedings No. 2977 dated
August 26th 1884 has been completed by this date.
at a cost of Rs. 911-9-9 in addition to the
of Rs. 4488-6-3 spent up to March 31st.
as already reported in my letter directed to
the Board's Proceedings No. 4963 dated May
1885.

The Assistant Commissioner's report does
show clearly what has the fact that a further
expenditure is needed to make the canal easily
usable is due to the fact of the work already
having cost more than was anticipated and to
having consequently run short, or to the fact
that

that the floods of last monsoon silted up the canal
and rendered more work necessary. I imagine the latter
to be the case. I have however called for explanation,
which if necessary, I will submit on receipt.
