the

12/
W.

There is no rule under which
Capt. Campbell's claim to a charge
allowance of Rs. 100 for the B. Project
Division, in addition to that drawn for
the B. Project Divⁿ, can be admitted &
I think the case will best be met by
an order to that effect.

Otherwise a reference must be made
to India and they are not likely to
sanction the claim.

If you consider India ought to be
addressed, and no doubt extra work
was thrown on Capt. Campbell, it will be
desirable to say that the very exceptional
arrangement temporarily made was
necessitated by the sudden withdrawal
of Capt. Kennedy & Huddy for active service
in the field.

Executive Engineer's Office
Coimbatore 23rd June 1887

From

The Executive Engineer
Coimbatore Division

To

The Superintending Engineer
4th Circle

Sir,

I have the honor to bring
to your notice that the Examin-
g P. W. accounts has finally
disallowed my claim to Rs 100
charge allowance while I
held the Barur Project Divi-
-sion. In support of his dis-
-allowance he quotes section 4
clause 3 of the Pay and actua-
allowance code, and he seems
to think that because I am
drawing Rs 100 charge allowan-
of the B. Project Division I
cannot draw any more: but

the

the authority he quotes only refers to an Executive Engineer in charge of two Divisions and no mention is made throughout the code about allowance when an Executive Engineer holds charge of three divisions and I believe there is no precedent. The allowance of Rs 100 is of course given on account of the extra work and responsibility entailed by the charge of two divisions and as the extra work and responsibility is still greater in the case of 3 divisions it seems only right that Rs 100 charge allowance should be drawn for the third division and in fact that an Executive Engineer should be entitled to draw Rs 100 a month for each division that he holds charge of in addition to his own permanent division

2 I request that if you think fit you will obtain the orders of Government on the matter.

I have the honor to be

Sir,

Your most obedient servant

J. W. Campbell Captain R.
Executive Engineer

N^o 259
E. W.

Submitted for the favorable consideration of the Chief Engineer. The rules in the Pay and acting allowance Code as regards the extra charge allowance are not clear, but the undersigned considers that Capt. W. Neil Campbell is fairly entitled to the charge allowance herein claimed for the additional work and responsibility devolving on him from 8th April to 14th May 1885 both days inclusive.

Captain Campbell assumed charge of the Barur Project Division on

SD

on the 8th April as notified in the Fort Saint George Gazette of 9th instant Part I page 397. and the Division was converted into a sub division of the Coimbatore Division from 15th May 1885, on which date the allowance would cease.
