GOVERNMENT OF MADRAS.

No. 165.

READ—the following Despatch from the Most Honorable the MARQUIS OF HARTINGTON, Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 27th April 1882, No. 6 (Public Works):—

Your Excellency's Public Works letter, No. 8/247 W., of 30th January last, acquaints me with the reasons which have led your Government to desire the re-employment in your Public Works Department of Mr. W. R. Norris, who was retired from the public service under the terms of the Government of India Resolution, dated 31st July 1879.

2. Mr. Norris was requested by this Office to retire, under the terms of that resolution, in consequence of representations made by your Government as to certain alleged shortcomings on his part as a public officer, but as your Government are now convinced that the apparent failures of duty which influenced your action at that time have now been satisfactorily explained, I will not withhold my sanction to Mr. Norris's reappointment to the Madras Public Works Department.

3. At the same time I desire to draw the special attention of your Government to the instructions which I have issued to the Government of India, and which have been embodied by that Government in their Public Works Department Resolution, Nos. 1115—34 G., dated 24th August 1881, directing that no European should be permanently appointed to the Engineer Establishment of the Indian Public Works Department without my previous sanction having been obtained.

4. I desire that the readjustment of Mr. Norris's gratuity and pension, in consequence of his reappointment to the public service, may be treated under the provisions of the Government of India Resolution quoted in the previous paragraph, which I observe expressly provides for such cases.

ORDER—dated 30th May 1882, No. 1346 W., Public Works.

If the present
of India can find
a place for Mr. Wallcut
it does not seem to
be any concern of
ours, but his ap-
pointment to the
Madras establishment
would be an injustice
to our junior men which
ought to be resisted —

I have no objection to
W. Wallmuth's request
being granted by India,
so long as it is clearly
understood that he is
not to come into the

Sir,
I am directed to
forward for the con-
sideration of the Govt.

ing petition from Mr.
R. Wallmuth, an Executive
Engineer on the Madras
Temporary Establishment.

restoration to the Perma-

removed on reduction
of Establishment in
1879.

I am to say that,
should the Govt of
India be pleased to
accede to Mr. Wallcut's
prayer, His Excellency
the Governor in Council
would strongly deprecate
his admission into the
Madras Establishment
in any position where
he would supersede
junior officers with
greater claims on the
Government.

The only position

in which His Excellency
the Governor in Council
would be willing to
allow Mr. Wallcut to
enter the Madras
Establishment, is at
the foot of the list of
Assistant Engineers.
