PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from W. A. HAPPELL, Esq., President of the Local Fund Boards, Godávari, to the Secretary to the Board of Revenue, dated Cocanada, 6th October 1882, No. 106 :—

I have the honor to inform you that the Board's Proceedings containing instructions for the preparation of the Local Fund Budget for next year was received on the 28th ultimo. But the regular and budget estimates of the Cocanada Circle for the current and next years, respectively, were passed by the Local Fund Board on the 19th ultimo. I beg to forward them herewith with statements, &c., as per enclosed list.

Dated 21st August 1882, No. 2095.

2. The closing balance of the year 1881-82 as advised by the Accountant-General has been taken as the opening balance in the regular estimate. The actuals of the first four months of the year are entered in Column 2 as in previous years.

3. The total receipts for 1883-84, including the opening balance of Rs. 1,38,820, are estimated at Rs. 3,43,090.

4. A sum of Rs. 2,500 is estimated under Contribution from the Pound Fund, which will correspond with the Special Fund Budget. There is a decrease of Rs. 500 in the estimate under this head as compared with that of the current year, owing to the additional expenses that may have to be incurred on pounds in reference to the Board's Proceedings of the 14th January last, No. 84.

5. *Expenditure—Grant I.*—Rs. 81,210 and 54,820 are allotted for New Works and Repairs, respectively, as detailed in Statement II-A, Parts I and II.

6. Rs. 25,000 are estimated for the Local Fund Engineering Establishment as follows :—

Particulars.	Amount of Salary.	Travelling Allowance.
	RS.	RS.
One Engineer	500	150
One Supervisor	200	60
Six Overseers at Rs. 60 each	360	180

Grand Total ...		25,000

7. Rs. 5,000 and 2,500 are allotted for Tools and Plant and Contingent charges, respectively, as in the current year.

8. *Grant II—Education.*—Rs. 4,370 are provided for Payment of Inspection, of which Rs. 3,020 are for the six Inspecting Schoolmasters and Rs. 1,350 for an additional Deputy Inspector of Schools recently sanctioned in G.O., dated 17th June last, No. 488-N, communicated with the Board's Proceedings, Miscellaneous No. 5111, dated 7th July 1882.

9. Rs. 1,640 are allotted in the current year's budget estimate for establishing a training school at Rajahmundry (*vide* G.O., dated 24th November 1881, No. 2301), but the Local Fund Board of the circle having opposed the project, no provision has been made for it. I enclose herein copy of a letter* written to the Director of Public Instruction, Madras, on the subject.

* No. 546, dated 28th ultimo.

10. Rs. 43,360 are estimated for the Local Fund and Combined Schools, the details of which are given in Statement III.

11. *Grant III—Sanitation, Medical Services, and Public and Charitable Institutions.*—Rs. 7,470 are estimated for the seven existing dispensaries in the circle, as particularized in Statement IV-A.

12. For Sanitary Establishments, &c., Rs. 9,500 are provided, the details of which are shown in Statement IV-B. For constructing and repairing tanks and wells, Rs. 7,000 are provided under the head, Grant I, "Miscellaneous Public Improvements." Hence the decrease under this head as compared with the current year's budget estimate.

13. *Endowed Choultries.*—The assets and liabilities of each endowment are shown separately in Statement No. IV, from which it appears that the assets of Wontimamidi and Jagannathagiri Choultries are insufficient and the receipts of future years will not cover the deficits; consequently, a contribution should be made from the General Funds, as directed in paragraph 4 of the Board's Proceedings, referred to in paragraph 1 of this letter. I shall lay the matter before the Local Fund Board at their next meeting, and will report their opinion.

14. Under instructions given in the said Proceedings, I enclose also a statement of the General Fund; from which it will be observed that there is a *minus* balance of Rs. 39,500. The Local Fund Board have resolved to ask the Government to transfer this amount from the Road Fund Balance of Rs. 93,910. I therefore request the Board of Revenue will be so good as to obtain the sanction of Government to the transfer.

READ—the following letter from W. A. HAPPELL, Esq., President, of the Local Fund Boards, Godávari, to the Secretary to the Board of Revenue, dated Cocanada, 23rd October 1882, No. 111:—

In reference to paragraph 13 of this office letter, No. 106, dated the 6th instant, I have the honor to inform you that at their meeting held on the 17th instant, the Local Fund Board of the Cocanada Circle resolved to transfer the deficit balances of Wontimamidi and Jaggannathagiri Choultries from the Endowment Fund of the Peddápuram Chattram. Copy of their Resolution is enclosed.

2. The chattrams of Peddápuram and Wontimamidi were originally endowed by the late Zemindar of Peddápuram. In the year 1843, the Government assumed charge and transferred them to the Local Fund Board in the year 1872—(*vide* G.O., dated 3rd August 1872, No. 1030).

3. I request that the Board of Revenue will be good enough to obtain the sanction of Government for the transfer.

COPY of a Resolution passed by the Local Fund Board of the Cocanada Circle at their Meeting held at Cocanada on the 17th October 1882.

* * * * *

6. Read paragraph 13 of letter to Board of Revenue, dated 6th instant, No. 106, regarding the deficit balance of Wontimamidi and Jagannathagiri Choultries.

The Peddápuram and Wontimamidi Choultries are branches of the same endowment. The balance at the debit of Wontimamidi (Rs. 830) will be transferred from the balance (Rs. 9,040) at the credit of Peddápuram.

Jagannathagiri Chattram is not self-supporting, but the Board see no objection to transferring the amount required to make it so from the Peddápuram endowment, which is much larger than can be expended usefully in Peddápuram itself.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 31st October 1882, No. 5683:—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1883-84 Local Fund Budget Estimate of the Cocanada Circle for the maintenance of the seven dispensaries, including the new hospital at Eleswaram, sanctioned in the marginally-noted G.O., is adequate and calls for no remarks, save in the item of "Medical Subordinate."

No. 806-N, of 27th July 1882.

2. An allotment of Rs. 420 is made for the pay of the medical subordinate of the Rámachandrapuram Dispensary. It should be increased to Rs. 780, being the pay, &c., of the First Class Hospital Assistant now in charge.

3. A sum of Rs. 420 is provided for the salary of 2nd Class Hospital Assistant attached to the Sivakodu Dispensary. It should be increased to Rs. 540.*

	Rs.
* Pay	35
Charge allowance	10
	45 × 12
	= 540

4. The provision made for the pay of the medical subordinate posted to the Eleswaram Dispensary is Rs. 600. It should be increased to Rs. 660, being the salary of the 1st Class Hospital Assistant in charge of the institution.

5. A sum of Rs. 1,020 is entered as contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 13th November 1882, No. 1006:—

I have the honor to report, for the information of the Board, that a sum of Rs. 16,500 has been provided for by the Cocanada Local Fund Board for the sanitary requirements of the circle for the year 1883-84. This gives a percentage of 26 on available income, and may be accepted. It is proposed to distribute the allotment as noted in the margin, which may be taken as a fair disposition, except that Rs. 2,000 set apart for "Water pandals" appear to me to be excessive.

	Rs.
Improvement of water-supply and constructing and repairing tanks and wells	9,000
Improvement of village sites	500
Scavengering establishment	3,500
Water pandals	2,000
Improvement of the sanitary condition of Dowlaishweram ...	500
Other sanitary outlay	1,000
Total ...	16,500

2. The Vaccination grant amounts to Rs. 4,600, being the same as that for the current year. The establishment employed appears to be adequate. Rs. 1,020 have been set apart for Vaccine Inspecting Agency.

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Secretary to the Board of Revenue, dated Madras, 19th February 1883, No. 999 :—

I have the honor to submit the following remarks on the Budget Estimate of the Cocanada Circle for 1883-84.

2. *Receipts.*—The total Educational receipts of the circle are estimated at Rs. 32,250, as shown below, exclusive of the moiety of the General Fund opening balance, which is *minus* Rs. 240 :—

	RS.
One-sixth Land-cess	31,670
Fees	10
Contribution for inspection	40
Miscellaneous	30
Sale-proceeds of books	500
Total ...	32,250

No credit is taken for grant from Provincial Funds which the Local Fund Combined System Schools may earn for the fourth and higher standards.

3. *Charges.*—The total expenditure proposed to be incurred on Education during the year is estimated at Rs. 51,390, against Rs. 51,120, the sanctioned estimate for the current year, and Rs. 46,723, the actuals of 1881-82 :—

	Estimate, 1882-83.	Estimate, 1883-84.
	RS.	RS.
Inspection	3,020	4,370
Training Schools	1,640	...
Local Fund Schools	42,800	43,360
Result Grants	3,000	3,000
Miscellaneous	660	660
Total ...	51,120	51,390

4. *Inspection.*—The increase in the allotment for Inspection is due to provision having been made for the additional Deputy Inspector of Schools sanctioned in G.O., Financial, No. 488, dated 17th June 1882. The Circle Board having resolved to contribute Rs. 1,500 to Provincial Funds for the services of the Local Fund Deputy to be borne on the Provincial list, the amount entered under this head should be reduced to Rs. 3,020, and Rs. 1,500 should be shown separately as "Contribution to Provincial Funds."

5. *Training Schools.*—No provision has been made for the Normal School, Rajahmundry, sanctioned in G.O., Financial, No. 2301, dated 24th November 1881. The objection raised by the Board to the opening of the school I presume to be that the Practising Department of the Normal School will, when established, come into competition with the other schools in the town. The way to avoid the difficulty was pointed out to the Board in the suggestion that a Normal Class may be attached to the Municipal School in case the Commissioners consent. I now understand that the above suggestion has been referred to the Deputy Inspector of Schools, with instructions to put himself in communication with the Municipal Commission, Rajahmundry, and to submit proposals for giving effect to it. Mr. Monro states that a Normal School in Rajahmundry is a great desideratum. I therefore beg to recommend that the provision made in the current year's budget may be repeated.

6. *Local Fund Schools.*—The allotment made under this head appears to be sufficient, with the exception of that provided for Results Grants to Combined System Schools. The actuals of 1881-82 amounted to Rs. 4,170, whereas the amount estimated for the ensuing year is only Rs. 3,700. Now that an additional Deputy Inspector of Schools has been employed for the circle, and facilities afforded for the

progress of elementary education, I think that a sum not less than Rs. 4,500 will be required. I therefore beg to recommend that the provision now made be raised to Rs. 4,500. In submitting my remarks on the Budget Estimate of the current year and the Annual Report for 1881-82, I pointed out the necessity that exists for levying small fees in Local Fund Schools, and I would now repeat the suggestion. It seems to me very undesirable that in so great a matter of principle as "Free" education, a Local Board should be permitted to maintain a system which has not been recognized by Government as generally expedient. Mr. Monro is of opinion that the local cess now levied for educational purposes is not properly recognized by the people, and that the direct levying of fees will encourage the notion that education is not eleemosynary. It seems to me that the time has come when small fees should be levied in many of the schools, if not in all, even assuming, as in the early days of the Board's connection with education, it was wise to abstain from the levy of fees. I beg therefore that the attention of the Circle Board may be once more invited to the point.

7. *Results Grants.*—A sum of Rs. 3,000 is provided for results grants. For reasons stated in the preceding paragraph, this sum is insufficient. Mr. Monro states that night schools have been largely established throughout the circle, and that Rs. 500 may be required for results grants on account of them. I therefore trust that the present allotment may be raised by Rs. 2,700—Rs. 2,000 for day schools and Rs. 700 for night schools—as recommended by the Inspector of the Division.

8. *Miscellaneous.*—Under this head, Rs. 80 are allotted for printing school registers. This may more appropriately be included in the miscellaneous provision made for Local Fund Schools. No provision appears to have been made for school buildings.

9. The total Educational assets of the circle amount to Rs. 32,250, as pointed out in paragraph 2, or Rs. 32,010 inclusive of a moiety of the General Fund opening deficit balance. The total charges budgeted aggregate Rs. 51,390, or Rs. 56,680 if the recommendations made by me in the preceding paragraphs be approved. Thus the Local Fund Board have actually to spend on education more than Rs. 20,000 over and above the normal receipts. It is therefore apparent when the balances are exhausted that to meet the excess cost, the Circle Board will be under the necessity of raising the Land-cess. The collection of fees in Local Fund Schools will however go to cover a portion of the excess. Even if two annas on an average be levied from each boy per mensem, the annual collection will approximate Rs. 10,000, which will meet nearly one-half of the difference.

RESOLUTION—dated 30th March 1883, No. 903.

The Local Fund Budget Estimate of the Cocanada Circle for 1883-84 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Receipts.*—The opening balance adopted by the President agrees with the closing balance of 1881-82 advised by the Accountant-General. It is distributed among the minor funds as shown below :—

	RS.
Road Fund	1,76,870
Endowment Fund	6,290
General Fund	42,860
Total ...	2,26,020

Compared with the estimate, there is an increase in the balance of Rs. 32,780 under the Road Fund, and a decrease of Rs. 8,630 under the General Fund. The increase under the former fund is due to short expenditure on communications in

1881-82, the decrease under the latter fund to the sanctioned allotments having been utilized to a greater extent than was expected when framing the regular estimate for that year. The Land-cess collections are estimated at the same figure as in the sanctioned budget. Out of a total demand of Rs. 2,20,540, it is expected that Rs. 1,90,000, or 86 per cent., will be realized in the current year. In the Demand, Collection and Balance Statement of the Land-cess at the foot of the regular estimate, the current and arrear demand and collections are not shown separately. The President is requested to adopt in future the form prescribed in paragraph 3 of Board's Proceedings, dated 21st August 1882, No. 2095. The Pound Fund receipts are entered under the General Fund, as its assets are insufficient to meet its charges. The sanction of Government is requested for this transfer. The other items of receipt do not call for remark,—the total receipts, exclusive of the balance, showing only an increase of Rs. 200 over the budget figure. The total assets are—

	Rs.
Road Fund	3,03,710
Endowment Fund	12,290
General Fund	1,15,000
Total ...	4,31,000

3. *Expenditure.*—The President's regular estimate includes only the allotments sanctioned up to the date of its preparation. The large allotments since sanctioned, especially for roads, will therefore be added. The principal new works under Communications, for which allotments were sanctioned in the course of the year, are specified below :—

		Rs.
(1)	Re-gravelling the road from Amalápuram to Gannavaram ...	2,460
(2)	Re-gravelling the road from Bickavole to Rámachandrapuram ...	16,380
(3)	Constructing road at Catravulupalli	1,044
(4)	Re-constructing the bridge at Annavaram near Tuni	1,003
(5)	Gravelling the Kottapalle Village streets and tank bund ...	2,800
(6)	Metalling and gravelling the road from Alamoor to Tapaswaram.	11,470
(7)	Re-constructing the Great Northern Trunk Road	4,850
	Total ...	40,007

The excess of the estimated expenditure upon Civil Buildings over the budget figure is due to the amounts allotted for the completion of the dispensary at Amalápuram, for the construction of a choultry and a storeshed at Kathipudi and a tiled shed at Jurangi. The increase under Miscellaneous Public Improvements is mainly due to works for the improvement of water-supply sanctioned in the year. The principal allotments for communications under "Repairs" are as follows :—

		Rs.
(1)	Repairing Bommeru Road near Dowlaishweram	1,550
(2)	Do. the road from Rajahmundry to Gokavaram	4,950
(3)	Do. bad portions of Kottapalle Road from 5th to 22nd mile.	4,950
(4)	Do. Kutaru Road near Rajahmundry	2,420
(5)	Do. damages on road from Razole to Muktaswaram ...	2,140
(6)	Do. do. from Ganti to Kottapetah	4,890
(7)	Do. do. from Amalápuram to Gannavaram.	4,460
(8)	Do. a portion of the Kottapalle Road	1,970
	Total ...	27,330

The allotment for Civil Buildings sanctioned up to date is Rs. 2,790, and that for Miscellaneous Public Improvements Rs. 16,040. It is, however, observed from the progress report for December last, that only Rs. 7,371 have been expended under the

latter head up to the end of that month. The Board therefore think that the amount entered by the President—namely, Rs. 14,010—will be sufficient. The whole of the Road Fund Reserve having been exhausted, the entry against that head will be struck out. The allotment under "Training Schools" is omitted, as the amount will not be spent in the year. The increase of Rs. 1,000 under Hospitals and Dispensaries is the amount required on account of establishment and contingencies for the newly-opened dispensary at Eleswaram (G.O., Financial Department, dated 27th July 1882, No. 806-N.) There is an increase of Rs. 260 under Unendowed Choultries not explained, though included in the President's list of subsequent allotments. According to the registers in this office, only Rs. 60 were sanctioned under this head in the course of the year. The provision for Vaccine Inspecting Agency will be struck out, as the amount will not be utilized in the current year. With reference to the President's letter, dated 8th February 1883, No. 14, recorded in Board's Proceedings, dated 22nd February 1883, No. 1607 Mis., the contribution to the Rajahmundry Municipality for the dispensary maintained by that body will be reduced by Rs. 467.

4. An abstract of the charges as modified by the Board is given below :—

The above balances will be carried forward to the budget of 1883-84.

BUDGET FOR 1883-84.

5. *Statement I-A, Receipts.*—The contribution from the Pound Fund is entered as Rs. 2,500. It is proposed to include this item under the General Fund. The receipts from Land-cess are estimated at the same figure as in the current year, viz., Rupees 1,90,000, which is 87 per cent. of the total demand. The percentage of the actual collections in 1881-82 was 88. The other items do not call for special notice.

The total assets are—

	Rs.
Road Fund	2,12,870
Endowment Fund	12,520
General Fund	72,930
Total ...	2,98,320

6. *Statement I-B, Expenditure—Grant I, Public Works.*—The allotment of Rs. 79,210 entered for communications under New Works, is distributed among thirteen sanctioned works, each costing more than Rs. 1,000. The provision of Rs. 2,000 under Miscellaneous Public Improvements for constructing tanks and wells will be struck out, owing to the insolvency of the General Fund. The assignment for the repair of roads shows an increase of Rs. 5,930 over the amount entered in the current year's budget. This is mainly due to the increased provision for the trunk road and to an allotment of Rs. 3,000 for village roads. The amounts entered for the repair of tanks and wells and for the maintenance of avenues are Rs. 5,000 and Rs. 7,500 respectively; the former must be reduced to Rs. 1,000, and the latter to Rs. 3,500, owing to want of funds. The provision for tools and plant is Rs. 5,000. It will be reduced to Rs. 2,000, as the usual charge at 1½ per cent. of the outlay on works amounts to only Rs. 1,890. The Road Fund Reserve will be reduced to Rs. 12,690, owing to the transfer of the Pound Fund receipts to the General Fund. The share chargeable to the Road Fund of the cost of General Management, Engineering Establishment, Tools and Plant and Contingencies is Rs. 4,590, Rs. 24,110, Rs. 1,930, and Rs. 2,410, respectively. The total Road Fund expenditure is Rs. 1,67,330, leaving a balance ofRs. 45,540.

7. *Grant II, Education.*—The estimated expenditure under Grant II is Rs. 51,390, against Rs. 51,120 entered in the current year's budget. The Director of Public Instruction proposes to increase the allotment to Rs. 56,630, and to meet the excess of expenditure over the available assets by increasing the rate of Land-cess, which is now levied at 9 pies, while the Circle Board recommend a transfer from the balance of the Road Fund, which amounts to Rs. 45,540. The latter course, being illegal, cannot be adopted. Such a transfer even would only put off for a year the inevitable reduction of expenditure or the alternative course of raising the rate of cess. The Board, therefore, enter the available amount of Rs. 36,440 in lump under Grant II without leaving either a General Reserve or Balance, and return the list of schools to the President with the request that he will report what measures the Circle Board will adopt for restricting the expenditure under the General Fund to the available assets. The Director's suggestion regarding the collection of school fees should, in the opinion of the Board, certainly be adopted. In regard to the question of raising the cess, it is noted that the Road Fund is not at present in need of any augmentation.

8. *Grant III, Medical and Sanitary.*—Rs. 7,470 are provided for Hospitals and Dispensaries, against Rs. 5,860 in the current year's budget. The amount will be further raised by Rs. 540, on account of the pay of medical subordinates, as suggested by the Surgeon-General. The increase, as compared with the current year's allotment, is due to the provision made for the new dispensary at Eleswaram and to the higher allowances to which the medical officers in charge have become entitled. For Vaccination the current year's figure is repeated, and for Sanitation Rs. 9,500, or 13 per cent. of the General Fund assets, are set aside. The provision for water pandals under "Sanitary Establishment, &c.," is reduced from Rs. 2,000 to Rs. 500, with reference to the Sanitary Commissioner's remarks. Under Unendowed Choultries, Rs. 84 are entered for a servant and contingencies for the rest-house at Cocanada. This being a new entry, the President is requested to state the necessity for the provision. The transactions of the Wontimamidi and Jagannathagiri Choultries are expected to leave deficits of Rs. 830 and Rs. 390 at the close of 1883-84, which the Local Fund Board propose to clear by corresponding credits from the Peddápuram Choultry Funds. The first of the above-mentioned chattrams is a branch of the Peddápuram Choultry, in favor of which there is a large balance; and information regarding the origin of both is contained in the orders noted in the margin. The Board do not see any objection to utilize a portion of the surplus in the manner proposed, especially as the Circle Board state that it is much larger than can be expended in Peddápuram, and as the General Fund is too poor to meet even the other legitimate demands upon it.

G.O., Financial Department, dated 3rd August 1872, No. 1030.

G.O., Revenue Department, dated 31st March 1879, No. 759.

9. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishment at the Presidency will be altered to Rs. 2,780.

I.—Budget Estimate of the Local Funds of the Cocanada Circle, Godávari District, for the Official Year 1883-84.

A.—*Revenue and Receipts.*

	Estimate, 1883-84.		Estimate, 1882-83.	Actuals, 1881-82.

2. *Regular Estimate for* 1882-83.—The increase of Rs. 32,780 in the Road Fund opening balance and the decrease of Rs. 8,630 in the balance of the General Fund as compared with the sanctioned budget are explained in the Circle report for 1881-82 to be due to short expenditure on communications in the first case and to the utilization of sanctioned allotments to a greater extent than was anticipated in the second. Of the land-cess arrear demand it was expected that Rs. 9,499 would remain uncollected at the close of the year. These arrears extend over a period of seven years and should be speedily adjusted. The proposed transfer of Pound Fund receipts to the General Fund is sanctioned. The Public Works grants have been considerably augmented by subsequent allotments, with reference to which the list showing subsequent additions, alterations, and deductions should have been revised. In other respects the Board's remarks on the regular estimate are approved.

3. *Budget Estimate for* 1883-84.—The estimated receipts for 1883-84 follow the regular estimate more or less closely and call for no special remark. In view of the critical state of the General Fund the transfer thereto, of Pound Fund receipts is approved. A sum of Rs. 4,000 is entered as in the previous year's budget under Private Contributions in aid of works unconnected with schools or endowed foundations; the particular works on account of which these contributions are anticipated should have been specified. The provision for Public Works appears to be well considered in existing circumstances, but there is apparently no reason why the provision for tools and plant should exceed the authorized limit of 1½ per cent. on the total outlay on works. As, however, the difference is small, the allotment will be allowed to stand. The share of the cost of general management chargeable to the Road Fund would appear to be only Rs. 4,390 and not 4,590 as stated by the Board of Revenue.

4. Under Grant II the Board of Revenue have allotted a lump sum of Rs. 36,440 against an expenditure of Rs. 51,390, as proposed by the Circle Board, and of Rs. 56,680 as recommended by the Director of Public Instruction. In view of the paucity of funds under the General Fund, the action of the Board of Revenue is approved, and the allotment will be allowed to stand, pending the receipt of the proposals of the Circle Board called for in paragraph 7 of the Proceedings under review. The attention of the President will be drawn to the concluding sentence of paragraph 2 of the Director's letter. Under the circumstances stated, the proposed transfer of funds from the Peddapuram Choultry to meet the deficits in connection with the Wontimamedi and Jaganathagiri Choultries is sanctioned. The provision for sanitation will be reduced from Rs. 8,000 to Rs. 7,800 in order to avoid a deficit under the General Fund. Owing to the insolvency of this fund, the Board of Revenue have been unable to provide the usual 10 per cent. reserve. The President will report through the Board of Revenue on the proposal to raise the rate of land-cess in order to place the General Fund on a more satisfactory footing.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Cocanada Local Fund Circle for 1883-84.

2. *Regular Estimate for* 1882-83.—The increase of Rs. 32,780 in the Road Fund opening balance and the decrease of Rs. 8,630 in the balance of the General Fund as compared with the sanctioned budget are explained in the Circle report for 1881-82 to be due to short expenditure on communications in the first case and to the utilization of sanctioned allotments to a greater extent than was anticipated in the second. Of the Land-cess arrear demand it was expected that Rs. 9,499 would remain uncollected at the close of the year. These arrears extend over a period of seven years and should be speedily adjusted. The proposed transfer of Pound Fund receipts to the General Fund is sanctioned. The Public Works grants have been considerably augmented by subsequent allotments, with reference to which the list showing subsequent additions, alterations, and deductions should have been revised. In other respects the Board's remarks on the regular estimate are approved.

3. *Budget Estimate for* 1883-84.—The estimated receipts for 1883-84 follow the regular estimate more or less closely and call for no special remark. In view of the critical state of the General Fund the transfer thereto, of Pound Fund receipts is approved. A sum of Rs. 4,000 is entered as in the previous year's budget under Private Contributions in aid of works unconnected with schools or endowed foundations; the particular works on account of which these contributions are anticipated should have been specified. The provision for Public Works appears to be well considered in existing circumstances, but there is apparently no reason why the provision for tools and plant should exceed the authorized limit of 1½ per cent. on the total outlay on works. As, however, the difference is small, the allotment will be allowed to stand. The share of the cost of general management chargeable to the Road Fund would appear to be only Rs. 4,390 and not 4,590 as stated by the Board of Revenue.

4. Under Grant II the Board of Revenue have allotted a lump sum of Rs. 36,440 against an expenditure of Rs. 51,390, as proposed by the Circle Board, and of Rs. 56,680 as recommended by the Director of Public Instruction. In view of the paucity of funds under the General Fund, the action of the Board of Revenue is approved, and the allotment will be allowed to stand, pending the receipt of the proposals of the Circle Board called for in paragraph 7 of the Proceedings under review. The attention of the President will be drawn to the concluding sentence of paragraph 2 of the Director's letter. Under the circumstances stated, the proposed transfer of funds from the Peddapuram Choultry to meet the deficits in connection with the Wontimamedi and Jaganathagiri Choultries is sanctioned. The provision for sanitation will be reduced from Rs. 8,000 to Rs. 7,800 in order to avoid a deficit under the General Fund. Owing to the insolvency of this fund, the Board of Revenue have been unable to provide the usual 10 per cent. reserve. The President will report through the Board of Revenue on the proposal to raise the rate of Land-cess in order to place the General Fund on a more satisfactory footing.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Cocanada Local Fund Circle for 1883-84.

RESOLUTION—dated 28th August 1883, No. 2527.

The Local Fund Budget Estimate of the Cocanada Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President's attention is drawn to the orders of Government on the outstanding arrears of Land-cess.

3. *Paragraph* 3 *of the Government Order.*—In regard to the information required by Government regarding private contributions, the Board observe that it is not always possible to specify the particular works on account of which people will contribute, but there would seem to be no difficulty in estimating approximately the amount that may probably be collected for each description of works.

4. *Paragraph* 4 *of the Government Order.*—The Circle Board's proposals regarding funds required for Schools have been submitted to Government in Board's Proceedings, dated 10th August 1883, No. 2331. The President is requested to report on the question of raising the rate of Land-cess. In Statement IV-B, the amount set apart for water-pandals will be reduced by Rs. 200, with reference to the reduction in the provision for Sanitation.

† Sent separately.

I have the honor to submit, herewith, the budget estimate of the Ellore Circle for the next official year 1884-85, with the Vice-President's letter, &c., as per margin.*

2. The estimate was passed by the Local Fund Board at their meeting held on the 4th October last. I was present at the meeting, and took an active part in settling the programme for next year which has my general approval.

Enclosure No. 1.

From G. POWER Esq., Vice-President, Local Fund Board, Ellore Circle, to the President, Local Fund Boards, Godávari District, dated Ellore, 24th December 1883, No. 162.

I have the honor to submit the regular estimate of the Local Funds of the Ellore Circle for the current official year 1883-84, and the budget estimate of the next official year 1884-85.

18 Statements as per enclosed list (sent separately).
1 Detailed Statement of Taylorpeta Fund.
1 Tracing of Circle plan.

2. In their preparation the instructions of the Board of Revenue, as conveyed in their Proceedings, No. 1354, dated 15th May 1883, have been attended to.

3. The estimates were passed by the Local Fund Board at their meeting held on the 4th October 1883.

Regular Estimate, 1883-84.

Receipts, 1883-84.—The total receipts for the year as now estimated will be Rs. 2,15,950, whereas, according to the budget as revised by the Board of Revenue, they were estimated at Rs. 2,50,530. The causes of this difference, Rs. 34,580, are as follows:—

First, the opening balances of the year were less than it was expected they would be when the budget was framed. It was considered then that they would amount to Rs. 1,05,770; but they are now known to be Rs. 68,850 according to the audited figures of 1882-83 received from your office, that is, Rs. 36,920 less than the budget estimate.

The receipts from cess on land are now expected to be Rs. 2,000 less than the budget estimate, the present estimate being framed with reference to the average actual receipts of the last three years.

The income from the Provincial grant for schools is, according to the budget, Rs. 1,400, but in the regular estimate this figure is increased to Rs. 3,140. This sum, we now have reason to believe, will be paid from Provincial funds on account of results grants earned in girls' schools and from the fourth standard classes in boys' schools. We have had no receipts of this kind in former years and our first estimate was an inaccurate one.

Receipts from Fees in Schools.—It has been decided by the Local Fund Board to levy fees in boys' schools from 1st October 1883 at the following rates: ½ anna for first standard, one anna for second standard, and 2 annas for higher standard classes; and we expect to receive Rs. 1,000 from this source before the end of the year.

Taylorpeta Fund—According to the regular estimate framed by the sub-committee in charge of the fund, the receipts will amount to Rs 910, or Rs. 50 more than the budget estimate.

Receipts from Hospitals and Dispensaries, and Travellers' Bungalows.—Rs. 50 more than the estimate are now expected.

Contributions for Works unconnected with Schools or Endowed Foundations.—The budget estimate was Rs. 800. In the regular estimate we have added Rs. 1,200, because the contributions already promised towards the cost of repairing tanks and wells, making village roads, &c., amount to Rs. 2,000.

Refunds of Expenditure.—In the budget nothing appears under this head, but as a matter of fact, we have already received Rs. 289. Rs. 7-8-0 were recovered under instructions from Accountant-General from the second clerk in the Local Fund Board's office, and the rest consists of unexpended portion of sums paid for constructing village roads and repairing tanks. Receipts like this cannot be foreseen.

The net result is therefore as follows:—

	RS.
Decrease in balances	36,920
Decrease in Land-cess receipts	2,000
Total Decrease	38,920
Increase in Provincial Grant for schools.	1,740
Increase in fees in schools	1,000
Increase in Taylorpeta Fund	50
Increase in Dispensary receipts	30
Increase in Travellers' Bungalows receipts	20
Increase in contributions for works	1,200
Increase in refunds of expenditure	300
Total increase	4,340
Net Decrease in receipts as compared with the budget	34,580

The other items on the receipt side of the regular estimate are the same as those shown in the budget and call for no remarks here.

EXPENDITURE, 1883-84—*Grant I, Public Works.*—The expenditure under this grant will, according to the regular estimate, be Rs. 1,49,510, the original budget grant being Rs. 1,45,470.

The provision for New Works, Communications has been reduced by Rs. 8,750 as follows: Rs. 4,870 are given up altogether as the money cannot be spent, and Rs. 5,800 are transferred to Repairs, Communications; while on the other hand, Rs. 1,920 have been sanctioned from Road Fund reserve for expenditure on new works. The orders of the Board of Revenue and of Government sanctioning transfers are quoted in the regular estimate itself.

For New, Civil Buildings, Rs. 5,210 are now provided. In the budget as originally framed there was no provision. The Board of Revenue in Proceedings, No. 2320, of 10th August 1883, sanctioned an allotment for this purpose of Rs. 4,410 from General Fund reserve, and sanction for an additional allotment of Rs. 800 from General Fund balance has since been applied for. The money is to be spent as follows:—

	RS.
Chattrams	4,134
School buildings	1,076

Miscellaneous Public Improvements, New Works.—There was no provision in the original budget; Rs. 4,410 are now provided. The Board of Revenue have sanctioned Rs. 968 from General Fund balance and Rs. 443 from General Fund reserve—see Proceedings, No. 2332, dated 10th August 1883. Sanction for additional allotments of Rs. 2,370 and Rs. 680 from General Fund balance have since been applied for. It is intended that Rs. 1,500 shall be spent on protecting river bank at Narsápur, and the rest on tanks and wells.

Repairs, Communications.—The provision now made for this is Rs. 39,370, or Rs. 7,770 more than the original budget provision. As already explained, Rs. 5,800 are transferred from new works, and the Board of Revenue have also sanctioned Rs. 972 from Road Fund reserve—Proceedings, No. 2332, of 10th August 1883. A further allotment of Rs. 1,000 from Road Fund reserve is now proposed by the Local Fund Board. We require this in order to repair damages caused to some delta roads by floods in September last.

The provisions for repairs to Civil Buildings and Repairs, Miscellaneous Public Improvements remain unchanged.

Establishment.—The expenditure as now estimated will be Rs. 12,670, or Rs. 360 less than the budget provision. A Sub-Overseer was dismissed in July last, and it is found to be unnecessary to replace him.

Road Fund Reserve.—This will be Rs. 5,170. Ten per cent. of the receipts according to the regular estimate amounts to Rs. 9,270; but of this sum, Rs. 3,100 have already, with the sanction of the Board of Revenue, been allotted for works, and the Local Fund Board now propose, as I have explained above, to allot Rs. 1,000 more for repairs of flood damages.

Grant II, Education.—The total expenditure will, as now estimated, be Rs. 30,000, the budget grant being Rs. 32,290.

The decrease in expenditure occurs as follows:—

	RS.
Local Fund Schools, fixed	1,180
Local Fund Schools, results	210
Servants	50
Contingencies and Miscellaneous	1,330
Total	2,770

On the other hand, there will be an increase of Rs. 480 under Grants-in-aid results and the net decrease will therefore be Rs. 2,290. The reasons for these differences between the figures of the regular estimate and those of the budget are fully explained in the regular estimate itself and need not be repeated here.

Grant III, Sanitary, &c.—The total expenditure, as now estimated, will be Rs. 15,780, or Rs. 810 less than the budget provision, which was Rs. 16,590. Rs. 720 were provided in the budget for Inspecting Vaccine Agency; but as this was not required last year, it is supposed that it will not be required this year either, and therefore it is struck out of the regular estimate. There will also be a decrease of Rs 280 in the cost of hospitals and dispensaries owing to savings in contingencies, and a decrease of Rs. 300 in the cost of the vaccination establishment, because the travelling allowances of the staff are less, according to the new Travelling Allowance Code, than the allowances for which provision was made in the budget. On the other hand, the sub-committee in charge of the Taylorpeta fund expect to spend Rs. 90 more than they did when the budget was prepared (details of expenditure proposed are given in separate statement enclosed), and Rs. 400 were spent on *employment of medical practitioners* for which there was no provision in the budget as revised by the Board of Revenue. Under this head is included the allowance paid by the Local Fund Board to the Hospital Assistant attached to the Head Assistant Collector's office when on tour, as well as the cost of the itinerating Hospital Assistant. The Board of Revenue objected to the latter and struck the whole provision out of the budget. Their order however was not received till June 1883, and the post of itinerating Hospital Assistant therefore was not abolished till more than two months of the year had passed, and his pay and that of his establishment for this period as well as the allowance payable to the Hospital Assistant attached to the Head Assistant Collector's office have now to be provided in the regular estimate.

Grant IV, Miscellaneous.—All the items of this grant remain unchanged. The closing balances of the year will be—

	RS.
Road Fund	5,180
General Fund	10,460
Endowment Fund	320
Total	15,960

BUDGET ESTIMATES, 1884-85.

RECEIPTS.—The closing balances, of the current year, according to the regular estimate, are, of course, adopted as the expected opening balances of 1884-85; including these balances, the total receipts of 1884-85 will, it is expected, amount to Rs. 1,64,740.

The principal item of receipt, the land-cess, is expected to be Rs. 1,33,000, the same figure as that adopted in the regular estimate. In the following minor items increased receipts are expected.

Contributions from Provincial Funds for Schools.—According to the regular estimate we shall receive in the current year Rs. 3,140. In next year we expect to receive Rs. 4,000, as it may reasonably be expected that the grants earned by girls' schools and four standard classes in boys' schools will be higher next year than they are this year owing to progress on the part of the scholars.

Fees in Schools.—According to the regular estimate we shall get in the current year Rs. 1,000 from this source, fees being levied only for the last six months of the year. Next year we shall probably get in twelve months twice as much, or Rs. 2,000.

Contributions for Works unconnected with Schools, &c.—The receipts for the current year according to the regular estimate are Rs. 2,000. Next year's receipts are now estimated at Rs. 2,500. These receipts have for some time past shown a tendency to increase, and we have already been promised Rs. 1,000 for next year. There is no reason to doubt that the total contributions for next year will be as much as Rs. 2,500. On the other hand, the Pound Fund receipts will, according to the Treasury Deputy Collector, be Rs. 2,000, or Rs. 300 less than they will be in the current year. And the Taylorpeta Fund receipts will, according to the sub-committee in charge, be Rs. 820, or Rs. 90 less than the receipts of the current year.

Refunds of Expenditure in the current year amount, according to the regular estimate, to Rs. 300. Receipts of this kind cannot be foreseen, and in our estimate for next year nothing appears under this head.

In other respects the estimated receipts of next year are the same as the regular estimate for the current year.

EXPENDITURE, 1884-85.—Our total receipts, including balances, being expected to be Rs. 1,64,740, we have provided for expenditure amounting to Rs. 1,57,030, leaving the following balances at the end of the year :—

	RS.
Road Fund	6,670
General Fund	860
Endowment Fund	180
Total ..	7,710

Grant I, Public Works.—The total provision for expenditure under this grant is Rs. 1,01,210 distributed as follows :—

	RS.
New Works, Communications	24,070
Repairs, Communications	34,970
Repairs, Miscellaneous Public Improvements	11,000
Establishment (Salaries and Contingencies)	18,000
Tools and Plant	900
Stock	3,000
Road Fund Reserve	9,270
Total ..	1,01,210

Details of the proposed expenditure on works will be found in Statement II-A, Parts 1 and 2. We have been unable to make any provision for Civil Buildings, New or Repairs, or for New, Miscellaneous Public Improvements, but probably during the course of next year, should any such works become urgently required, we shall be able to make special allotments for them from the General Fund reserve and balance.

Grant II, Education.—The total provision for expenditure under this grant is Rs. 29,000, or Rs. 1,000 less than the provision made in the regular estimate for the current year.

As compared with the regular estimate the provision for next year shows the following reductions :—

Rs. 170 in payment for inspection owing to decrease in travelling allowance of Inspecting Schoolmasters.

„ 320 in contingencies and miscellaneous.

„ 480 in grants-in-aid results. The provision of Rs. 480 made in the current year for grants to night schools is struck out as in the present condition of the General Fund we cannot afford it.

„ 50 in purchase of books. A good many books have been bought in the current year, and we shall therefore not require to buy so many next year.

„ 70 in printing school registers. A good deal of printing has been done this year, and we shall probably not require so much next year.

„ 100 in cost of prize books.

In other respects the provisions for next year are the same as those of the regular estimate, except that the provision for Local Fund Schools fixed salaries is Rs. 21,000 instead of Rs. 20,810.

Grant III, Sanitation, &c.—The total provision for expenditure under this grant is Rs. 16,750, or Rs. 970 more than the provision made in the regular estimate for the current year, which is Rs. 15,780. The provisions for hospitals and dispensaries and vaccination are Rs. 4,210 and Rs. 4,000, respectively, as in the regular estimate for the current year. We do not propose to epen any new dispensaries, and Vaccination Establishment will continue unchanged.

For employment of Medical Practitioners, Rs. 200 are provided. This is required to meet the cost of the allowance of Rs. 10 per mensem payable to the Hospital Assistant attached to the Head Assistant Collector's establishment when on tour, and also the cost of medicines supplied to him

For Scavenging Establishment.—Rs. 2,430 are provided as in the current year's regular estimate.

For establishment of travellers' bungalows and for that of choultries and rest-houses, Rs. 200 and Rs. 920, respectively, are provided as the current year's regular estimate. The expenditure from the Taylorpeta Fund will, according to the sub-committee in charge of the fund, be Rs. 960, or Rs. 10 more than the expenditure according to the current year's regular estimate.

For contributions for Medical College, Rs. 720 are provided as in the current year, and the same sum is provided as contribution to Inspecting Vaccine agency. I am not sure whether this latter provision is necessary. No contribution to Inspecting Vaccine agency was required last year, and we have assumed that it is not required in the current year; but whether it will be required next year or not, I do not know. To be on the safe side a provision of Rs. 720 for next year has been made. If it is not wanted, the Board of Revenue will, I suppose, strike it out.

The Contribution to Ellore Municipality on account of cost of the municipal hospital will be Rs. 2,140, or Rs. 440 more than the provision for the current year (Rs. 1,700). The expenditure from Municipal funds will, according to the Municipal Commissioner's estimate, be increased on account of increased cost of establishment, &c., and the Local Fund contribution has therefore to be increased.

For Diet of Lunatics.—Rs. 200 are provided as in the current year, and Rs. 50 are provided for cost of medical periodicals.

Grant IV, Miscellaneous.—The provisions under this grant are the same as those in the budget and regular estimate for the current year and call for no remarks.

The total expenditure under this grant will be Rs. 4,540.

The General Fund reserve will be Rs. 5,530, or 10 per cent. of the estimated receipts.

The balances at the end of the year will then be—

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 22nd January 1884, No. 390 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the provision made in Grant III of the 1884-85 Local Fund Budget Estimate of the Ellore Circle for the maintenance of the four dispensaries is adequate and calls for no remarks.

2. The marginally-noted figures are entered as contribution towards the expenses of the medical college and sanitary inspection. The provision for the latter item is necessary.

	RS.
College	720
Inspection	720

3. The entry "Vaccine Inspecting Agency" in the body of the budget remarks and in the expenditure statement should be altered to "Sanitary Inspection."

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S, Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 2nd February 1884, No. 102 :—

I have the honor to report, for the information of the Board of Revenue, that the sanitary grant of the Ellore Local Fund Circle for 1884-85 is the same as that for the current year, viz., Rs. 2,430, or 5·4 per cent. of available income. I have no further remarks to make than those contained in my letter, No. 1168, dated 4th December 1882, reviewing the budget estimate for 1883-84, as the distribution of the allotment appears to be the same as in the current year, with the exception that the allotment for cleansing tanks and wells has been reduced by Rs. 100, and that for conservancy raised by Rs. 100. No provision has again been made for improvement of village-sites, and no details are given for the amount of Rs. 11,000 entered under Grant 1-*b* for Miscellaneous Public Improvements.

2. The vaccination grant amounts to Rs. 4,000 against Rs. 4,300 for the current year. It appears to be adequate and may be accepted. Owing to the batta of the vaccine staff having been reduced in accordance with the Civil Travelling Allowance Code, the Local Board expect to effect a saving of Rs. 300; hence the reduction in the allotment.

RESOLUTION—dated 15th March 1884, No. 938.

The Local Fund budget estimate of the Ellore Circle is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Statement I-A, Receipts.*—The opening balance adopted by the Vice-President differs from that recently furnished by the Accountant-General. The latter is distributed among the minor funds as follows :—

	RS.
Road Fund	16,347
General Fund	29,344
Endowment Fund	362
Total ...	46,053

Compared with the balance anticipated in the budget, there is a large decrease especially in the Road Fund. This is due to the expenditure without allotment incurred in 1882-83 as noticed in paragraph 5 of Board's Proceedings, dated 28th November 1883, No. 3616, and the adjustment in the accounts of that year of the value of uncashed cheques of previous years. In the current year Rs. 3,140 are expected as Provincial grants for schools against Rs. 1,400 entered in the budget. The latter is said to have been underestimated for want of proper data. Land-cess is estimated at Rs. 1,33,000, that is Rs. 2,000 less than the amount in the budget. It is stated that the average of the last three years' actuals has been entered. Out of an arrear demand of Rs. 24,480, all but Rs. 1,080 are expected to be realized. The latter amount includes Rs. 130, the arrears of 1879-80, outstanding on 1st April last (*vide* statement printed at page 22 of Board's Proceedings, dated 28th November 1883, No. 3616). The Collector is requested to explain why even a part of that year's arrears cannot be collected in the current year. Of the current demand of Rs. 1,31,000, the probable collections will be only Rs. 1,09,600, as 25 per cent. of the kist falls due a few days before the end of the year. The Local Fund Board having decided to levy fees from the boys attending their schools, Rs. 1,000 are entered as the income from that source. Rs. 2,000 are expected from contributions by private individuals for the improvement of water-supply and village roads. The other items of receipt are unimportant. The total assets are—

	RS.
Road Fund	1,09,114
Endowment Fund	1,272
General Fund	82,767
Total ...	1,93,153

3. *Statement B, Expenditure.*—For communications Rs. 57,250 are provided under "New Works" and Rs. 39,370 under "Repairs," against Rs. 66,000 and Rs. 31,600, respectively, entered in the budget. Part of the difference under "New Works" was transferred to "Repairs" and part surrendered, as the whole allotment could not be spent within the year. The increase under "Repairs" is due to the allotments and transfers sanctioned for regravelling certain roads and for special repairs to some which had been damaged by floods. Under "New Works" Rs. 5,210 are entered against "Civil Buildings" and Rs. 4,410 against "Miscellaneous Public Improvements." As only Rs. 4,410 and Rs. 3,078 have been allotted by the Board, these figures will be inserted in lieu of the former. The allotments were sanctioned for the incomplete works of 1882-83. The Road Fund Reserve will be struck out, as the Road Fund closes in deficit owing to the decrease in the opening balance. As some of the schools for which provision was made in the budget were not opened, there is a saving of Rs. 2,290 under Grant II. The President has not yet replied to the Board's remarks in reference to this grant in the review of the budget. Under Grant III Rs. 400 are entered on account of the pay of the late itinerating Hospital Assistant and the allowance to the Hospital Assistant attached to the Head Assistant Collector's office. The President should have separately applied for allotment. The amount is now sanctioned from the General Fund Balance. Government having in G.O., dated 22nd February 1883, No. 391, sanctioned the scheme of District Medical and Sanitary Inspection, and ordered the recovery from Local Funds of the $\frac{1}{2}$ per cent. contribution intended for the purpose, the sum of Rs. 720, provided in the budget and struck out by the Vice-President under the impression that no payment will be required in the current year, will be reinserted. The entry of Rs. 160 against General Reserve is struck out.

BUDGET ESTIMATE FOR 1884-85.

5. *Statement I-A, Receipts.*—Rs. 4,000 are expected as Provincial grant for schools. According to the Pound Fund budget of the Godávari District, the contribution from it to Local Funds is Rs. 4,400. Half of this will be credited in the present budget and the other half in the Cocanada Circle budget. As in the regular estimate, the Land-cess collections are put down at Rs. 1,33,000. The President is requested to forward a statement showing the probable demand, collection and balance of the cess for 1884-85. Under Tolls, the current year's estimate of Rs. 3,000 is adopted. Rs. 2,500 are expected from private contributions. The other items do not call for notice. The assets are—

	RS.
Road Fund	82,110
Endowment Fund	1,140
General Fund	65,640
Total ...	1,48,890

6. *Statement I-B, Expenditure—Grant I, Public Works.*—Rs. 24,070 are entered under the head of "New Works—Communications." Of that amount, Rs. 6,000 are for the construction of village roads and Rs. 1,370 for minor works. Besides these, provision is made for five works costing more than Rs. 1,000 each. Three of them are sanctioned works and appear in this year's budget also. The estimate for another work, viz., constructing an iron girder bridge over the Gonteir drain on the road from Thadipalligudem to Kodúr has been sanctioned in Board's Proceedings, dated 10th March 1884, Mis. No. 2215. The fifth work constructing a road from Undi to Ganapaveram will be struck out, as no estimate has yet been prepared for it, and as funds are not available for its execution. Rs. 34,970 are provided for road repairs against Rs. 31,600 in the current year's budget. Of the former sum, Rs. 24,100 are for the ordinary maintenance of twenty roads, Rs. 8,370 for regravelling three roads, Rs. 1,000 for repairing village roads, Rs. 500 for improving Narsápur town streets, and Rs. 1,000 for repairing damages caused by the floods of September 1883. In regard to the last, the President should have specified the works which have to be

repaired. Under "Miscellaneous Public Improvements" Rs. 7,500 are assigned for the maintenance of avenues and Rs. 3,500 for repairing tanks and wells. For want of funds, each of these will be reduced by Rs. 1,000. The cost of the Local Fund Engineering establishment is put down at Rs. 18,000, which is more than 29 per cent. of the proposed outlay on works. This is due to the expenditure on Road Fund works having been curtailed to meet the deficit in the regular estimate. The share chargeable to the Road Fund, of the cost of Local Fund Engineering establishment, of Tools and Plant and of General management is Rs. 15,430, Rs. 770 and Rs. 2,420, respectively. The Road Fund Reserve, calculated at 10 per cent. of the receipts, amounts to Rs. 9,270, but only Rs. 6,380 are available. The total Road Fund expenditure amounts to Rs. 82,110, leaving no balance.

7. *Grant II, Education.*—The provision under this grant is Rs. 29,040 against Rs. 32,290 in the current year's budget. The decrease is mainly under Local Fund Schools, and has been effected by reducing their number. As the General Fund assets are insufficient to meet the whole cost, provision is made for only 158 schools against 166 schools in the current year's budget. The remarks of the Director of Public Instruction on the educational portion of the budget have not yet been received.

8. *Grant III, Medical and Sanitary, &c.*—Rs. 4,210 are provided for "Hospitals and Dispensaries" against Rs. 4,490 in the current year's budget. The provision is considered adequate by the Surgeon-General. Rs. 200 are set apart on account of the allowance of Rs. 10 a-month paid to the Hospital Assistant attached to the Head Assistant Collector's office for treating the public while he is on circuit and for the purchase of medicines required by him. Pending submission of the report called for in paragraph 7 of Board's Proceedings, dated 28th November 1883, No. 3616, the item will stand. The assignment for vaccination has been reduced from Rs. 4,300 to Rs. 4,000 owing to the lower rate of travelling allowance to which the establishment is entitled under the Civil Travelling Allowance Code. The current year's provision for sanitation is repeated. It is much less than what ought to be allotted, but the present state of the General Fund does not admit of any increase. The Local Fund Board will doubtless apply for transfer of funds from other items if savings can be effected in any of them. The contribution on account of Medical College and Sanitary Inspection should be Rs. 740 for each.

9. *Grant IV, Miscellaneous.*—The contribution for the controlling establishments at the Presidency will be altered to Rs. 1,710, the actual amount paid last year. The General Reserve calculated at 10 per cent. of the receipts is Rs. 5,550.

FINANCIAL DEPARTMENT.

1884.

Board of Revenue,

MADRAS.

Jn 1 5721/84

Printed April 9th.

Proceedings, 15*th March* 1884, *No.* 938.

Submitting to Government the *Local Fund Budget of the Ellore Circle*, in Godávari District, for 1884-85.

PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from W. A. HAPPELL, Esq., President of the Local Fund Boards, Godávari, to the Secretary to the Board of Revenue, dated Cocanada, 9th October 1883, No. 110 :—

I have the honor to submit the Regular Estimate of the Local Funds of the Cocanada Circle for the current official year 1883-84, and the Budget Estimate for the next official year (1884-85) passed by the Local Fund Board at their meeting held on the 25th ultimo.

Regular Estimate of 1883-84.

2. The opening balance agrees with the closing balance of 1882-83 as per Accountant-General's Result Statement on the supplemental Treasury Account for March last, No. A. A. E.—L. 108, dated 13th September 1883.

It is distributed among the minor funds as follows :—

	Actuals.	Estimate.
	Rs.	Rs.
Road Fund	1,88,990	86,000
Endowment Fund	6,570	6,520
General Fund	8,240	1,530
Total ..	2,03,800	94,050

3. The actual balance shows an increase of Rs. 1,09,750 over the estimated balance. The total receipts of the year, including the opening balance, are Rs. 4,17,220, or Rs. 1,18,900 more than the amount estimated for in the budget. The total expenditure amounted to Rs. 2,96,870, against Rs. 2,44,790 in the budget.

4. The fluctuations in the receipts and expenditure are explained in the list prepared showing the budget grants with subsequent additions, alterations, and deductions.

Budget Estimate of 1884-85.

5. *Receipts.*—The closing balance of the regular estimate has been taken as the opening balance in the budget estimate.

6. The total receipts for 1884-85, including the opening balance of Rs. 1,20,350, are estimated at Rs. 3,34,750.

7. Rs. 5,370 and 5,000 are estimated under Provincial Funds for schools and Fees from school-boys respectively.

8. Under Receipts from the Pound Fund, Rs. 2,000 only are entered, which corresponds with the Special Fund budget.

9. For Educational Inspection, the Cocanada and Rajahmundry Municipalities are paying an annual contribution of Rs. 20 each, but the former has proposed to make its own arrangements for the inspection of the schools in that town. Hence, the decrease of Rs. 20 under this head.

10. Rs. 1,100 are expected under Market-fees at Draksharama. The Board of Revenue, in their Proceedings, dated 7th October 1882, No. 2452, sanctioned the introduction of the fee system in the weekly markets at Draksharama and Ambajipeta, but the system has not yet been brought into force at the latter place pending the results of the former place, and as it appears to have worked favorably at this market, it will hereafter be introduced at Ambajipeta also.

11. With reference to the actuals of the previous year, Rs. 3,000 only are estimated under Contributions for works unconnected with schools or endowed foundations. These contributions are usually subscriptions raised by village communities for constructing and repairing tanks and wells.

12. *Expenditure—Grant I, Public Works.*—The expenditure, which is estimated at Rs. 198,590 is distributed as follows:—

	Rs.
For New Works	1,01,020
„ Repairs	55,230
„ Local Fund Engineering Establishment.	25,310
„ Tools and Plant	2,340
„ Contingencies	2,000
„ Road Fund Reserve	12,690
Total ...	1,98,590

The large works now in hand will all be completed this year except four, and estimates are not yet sanctioned for any others which it is thought advisable to proceed with at once. Estimates for all the works for which allotments are asked are now being prepared, and most of them will soon be ready.

13. A scheme for the revision of the Engineering establishment has already been submitted to the Board of Revenue, but final orders have not as yet been received. On the recommendation of the Local Fund Engineer, the Local Fund Board have resolved to increase his Head Accountant's salary from Rs. 45 to Rs. 60 per mensem and entered the same in the list of establishment sent herewith, and I request that the sanction of Government may be obtained to the increase.

14. The charge for maintaining avenues—viz., Rs. 7,500—is entered in No. II, Road Fund Statement, in the hope that Government will sanction the proposal made by the Local Fund Board in this office letter, No. 76, dated 16th July last.

15. *Grant II, Education.*—Owing to the embarrassed circumstances of the General Fund, a sub-committee, consisting of five members, was formed to report on the best way to reduce the expenditure on education; copy of their report is enclosed. It has my approval and will be laid before the Board at next meeting. I have little doubt the whole of the recommendations will be sanctioned, and I have therefore, to save time, embodied them in the budget. The Proceedings of the Local Fund Board on this report will be communicated to you by telegraph.

16. *Grant III, Sanitation.*—Rs. 8,390 and 700 are provided for dispensaries and for medical practitioners, respectively, as particularized in Statement IV-B.

	Rs.
Salaries	3,000
Travelling batta	1,070
Batta to mothers of vaccinated children	50
Extra pay to vaccinators	50
Contingencies	180
Total ...	4,350

17. The grant for Vaccination is Rs. 4,350 as per margin.

18. The provision for Sanitation is Rs. 7,000 but, adding Rs. 5,000 allotted under Grant I for constructing and repairing tanks and wells, the amount assigned for sanitary purposes is Rs. 12,000.

19. The Local Fund Board have resolved to stop the annual payment of Rs. 500 for the improvement of the sanitary condition of Dowlaishweram. It is my intention to propose that Dowlaishweram be joined with Rajahmundry to form a municipality like Negapatam and Nagore.

ENCLOSURE No. 1.

From the Sub-Committee of the Local Fund Board, Cocanada Circle, to the President, Local Fund Boards, Godávari District, dated Cocanada, 26th September 1883.

We have the honor to submit our proposals for the reduction of expenditure under "General Fund."

2. The total estimates of receipt and expenditure under this head in the Circle Budget for 1884-85 amount to Rs. 81,440 and Rs. 95,170, respectively, thus leaving an estimated deficit of Rs. 14,730. The expenditure is made up as follows:—

	Rs.
Under Grant I Public Works	14,960
„ „ II Education...	50,020
„ „ III Sanitation	28,550
„ „ IV Miscellaneous	1,640

3. In Grant I, we observe that Rs. 7,500 are set apart for the upkeep of avenues. This we would strongly urge, is a charge which should be debited to Road Fund. The avenues may be said to form an integral part of the roads along which they are planted, and but for which they would not exist, and we submit, therefore, that, considering the embarrassed condition of the General Fund and the large balance at the disposal of the Road Fund, they ought, for a time at any rate, to be transferred from the former to the latter. If Government could be induced to sanction this proposal, the threatened deficit under "General Fund" would be at once reduced by more than one-half.

4. Even assuming, however, that we get no relief under Grant I, there are large savings to be effected in the grant for Education. The estimated expenditure under this head is made up as follows:—

	Rs.
For Inspecting agencies, Deputy Inspectors, &c.	3,990
„ Training school	1,600
„ Local Fund schools—Salaries	31,020
„ Results Grant (Combined Schools)	3,680
„ Servants in schools	2,290
„ Miscellaneous	4,080
„ Results Grant (to Result Schools)	3,000
„ Purchase of books	200
„ Commission on sale of books	30
„ Printing charges	130
Total ...	50,020

5. The Rs. 31,020 estimated for salaries is to be distributed among 117 Local Fund schools—including girls' schools—and 186 combined schools.

6. We are of opinion that the salaries paid to the masters in Local Fund Schools are much larger than they need be, considering the qualifications of the masters and the number of pupils on their books. We have, therefore, recommended a general reduction of salary, according to the enclosed lists, submitted by the two Deputy Inspectors of the circle. We have also recommended the abolition of six schools in which the attendance is very scanty*, and the reduction of the staff of masters in four others†. Full particulars of these changes will be found in Statement A. The total saving effected by them will amount to Rs. 3,840 per annum.

1 Second Do. „ Sivakodu.

7. Coming next to the Combined Schools, we observe that, while each of the masters gets Rs. 60 per annum salary, the amount of results grant earned by them only averages Rs. 20 per school, thus showing that in the majority of cases either the schools were raised to their present status on wholly insufficient grounds, or else that the masters have, since obtaining a fixed salary, wholly neglected their duty and their pupils. We propose to remedy this state of things by eliminating from the list of Combined Schools all those which failed to earn a grant of at least Rs. 10 during the last official year, and we recommend that, as a punishment for their negligence, the masters be not allowed to enter them for the ordinary results grant during the next two years. These schools—a list of which will be found in Statement B—

amount to no less than 34, and the saving effected by their abolition will therefore be Rs. 2,100, making a total saving under Salaries of Rs. 5,940; against this must be set off Rs. 500, the estimated amount of fees from the condemned schools, thus leaving a net reduction of Rs. 5,440.

8. We also propose to abolish the monthly grant of Rs. 1½ for contingencies, rent and servants to Combined Schools. This grant is not enjoyed by any of the schools in the Ellore Circle, and is in fact, merely a source of profit to the masters, as, in nearly every village, the school is held on premises supplied by some house-holder rent-free. The annual saving will thus be Rs. 18 per school, and for the 186 combined schools and 6 Local Fund schools recommended to be abolished will amount to a total of Rs. 3,456. Of this reduction, one-third will fall under the head of Servants and the remaining two-thirds (rent) under that of Miscellaneous.

9. For a similar reason, we recommend a reduction of the sum granted for house-rent by half rupee per mensum in each of the 100 remaining Local Fund boys' schools. This will give a saving of Rs. 600 per annum, also under the head of Miscellaneous. We make no reduction in the amount of rent granted for the 11 girls' schools, owing to the greater difficulty in finding suitable accommodation for them.

10. There will also be a reduction under the head of Payments of Results to Combined Schools owing to the abolition of 34 of these. Taking the average amount of grant likely to have been earned by the schools recommended to be abolished at Rs. 5 each, a saving of Rs. 170 per annum will thus result.

11. The total saving effected under Grant II by the adoption of our proposals would thus amount to Rs. 9,666 as per margin. Adding to this the amount to be gained by the transfer of avenues to Road Fund (Rs. 7,500), we should reduce the expenditure under General Fund from Rs. 95,170 to Rs. 78,004, and should have, instead of the present deficit, a surplus of more than Rs. 3,000, which might be employed under Grant I, Tanks and Wells, where further expenditure is much needed.

3,840
2,100
3,456
600
170
10,166

9,666

12. If the Avenue Fund cannot be transferred, there will still be a deficit of Rs. 4,064, for which, as the expenditure under Grants III and IV cannot possibly be reduced any further, we can suggest no other remedy than the transfer of the charge for girls' schools to Provincial Funds, as has been done in the case of municipalities and with results grants to girls in Local Fund Combined Schools. After the reductions mentioned in paragraph 6, the charge for girls' schools will be Rs. 1,962, and if we were relieved of this, the deficit would be reduced to Rs. 2,102—an amount which might be allowed to stand over until the year 1885-86, if not previously covered by savings under other items. A statement (*c*), showing the expenditure under different heads as reduced by our proposals, is herewith submitted.

1. Read draft Budget Estimate of the circle for 1884-85.

Resolution.—Passed with modifications. A Sub-Committee, consisting of Messrs. Meyer, Pundarikashudu, Ramakrishniah and the two Deputy Inspectors of Schools, to report on the best way to reduce the expenditure on education within the amount available for expenditure on that object.

READ—the following telegram from the President, Local Fund Boards, Godávari, to the Secretary to the Board of Revenue, dated 31st October 1883 :—

My letter, 9th instant, No. 110, paragraph 15. Proposals of Sub-committee approved by Local Fund Board.

READ—the following letter from W. A. HAPPEL, Esq., President, Local Fund Boards, Godávari, to the Secretary to the Board of Revenue, dated Cocanada, 13th November 1883, No. 126 :—

I have the honor to return, duly corrected, the road map received with the Board's Proceedings, dated the 20th September last, No. 2843.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 5th December 1883, No. 1524 :—

I have the honor to report, for the information of the Board of Revenue, that a provision of Rs. 12,000 has been made by the Cocanada Local Fund Board for sanitary purposes during the year 1884-85, against Rs. 15,000 for the current year. The allotment includes a provision of Rs. 5,000 against Rs. 7,000 made in 1883-84 for constructing and repairing tanks and wells. Eliminating this item in both years, the allotment for the ensuing still falls short of that for the current year by Rs. 1,000, accounted for by the grants for improvement of water-supply and conservancy having been reduced by Rs. 1,000 and 500, respectively; by the annual grant of Rs. 500 for the improvement of Dowlaishweram having been discontinued; and the grant for "other sanitary outlay" raised by Rs. 1,000. The allotment stands to available income in the proportion of 18·9 per cent.

2. The Vaccination grant amounts to Rs. 4,350, against Rs. 4,600. No reason is assigned for the reduction, nor has any detailed list of establishment been furnished.

3. The Circle Board are silent as regards the additional Deputy Inspector of Vaccination sanctioned by Government for the district. The President has been addressed on the subject, and requested to state how he would propose dividing the district among three Deputy Inspectors of Vaccination. No reply has been received as yet. There are at present two Deputy Inspectors of Vaccination in the district.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 20th December 1883, No. 6533 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1884-85 Local Fund Budget Estimate of the Cocanada Circle for the maintenance of the seven dispensaries is adequate and calls for no remarks save in the item of "Medical Subordinate."

2. The provision made for the pay and charge allowance of the 2nd-class Hospital Assistant attached to the Tuni Dispensary should be increased from Rs. 540 to Rs. 720 as he will be promoted to 1st-class in July next.

	Rs.
College	1,070
Inspection	1,070

3. The marginally-noted figures are entered as the contribution towards the expenses of the Medical College and Sanitary Inspecting Agency.

4. The President of the circle has afforded no explanation with regard to variations between the grant and the estimate in his extract from the covering letter of the budget estimate, as required in your Board's Proceedings, No. 333, of 27th January 1877.

RESOLUTION—dated 22nd March 1884, No. 1046.

The Local Fund Budget Estimate of the Cocanada Circle for 1884-85 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Receipts.*—The opening balance adopted by the President differs slightly from that furnished by the Accountant-General. The latter is as follows, and will be entered in the regular estimate :—

	Rs.
Road Fund	1,89,257
Endowment Fund	6,574
General Fund	8,237
Total ...	2,04,068

Compared with the balance anticipated in the budget, there is a large increase, especially under the Road Fund. This is due to the short outlay on works in 1882-83, as stated in paragraph 5 of Board's Proceedings, dated 4th September 1883, No. 2619. As estimated in the Local Fund Board's Resolution printed with Board's Proceedings, dated 10th August 1883, No. 2331, credit is taken for a Provincial Grant of Rs. 5,370 on account of schools. Under Land Cess, Rs. 1,90,000 are expected to be realized as entered in the budget. The collections are 82 per cent. of the total demand. The Circle Board having resolved to levy fees from the pupils attending their schools, it is estimated that Rs. 4,000 will be realized from this source. But the actual receipts up to 31st January being only Rs. 1,683, it is not likely that the total for the year will exceed Rs. 2,500. This amount will accordingly be substituted. The Fee system having, under Board's Proceedings, dated 7th October 1882, No. 2452, been introduced in the market at Drákshárámam, Rs. 1,100 are expected to be collected. The income under this head would have been larger had fees been collected in the Ambajipeta market also, as sanctioned in the above Proceedings. But the Vice-President, in his letter recorded in Board's Proceedings, dated 10th December 1883, No. 10600, Mis., states that the introduction of the fee system has been post-poned till the selection of a proper site wherein something could be done for the convenience of those paying the fees. The market is now held in a street in the village. The other items do not call for remark. The total assets are—

	Rs.
Road Fund	3,16,257
Endowment Fund	13,674
General Fund	86,057
Total ...	4,15,988

3. *Expenditure.*—For Communications, Rs. 1,17,770 are provided under New Works and Rs. 52,410 under Repairs, against budget grants of Rs. 79,210 and Rs. 42,320 respectively. The first-mentioned figure will be altered to Rs. 1,37,506, so as to include the amounts since allotted by the Board. The principal works sanctioned in the course of the year were the following :—

	Rs.
1. Incomplete works of 1882-83	
2. Metalling and gravelling certain roads	16,050
3. Construction and repair of bridges and culverts	11,455
4. Constructing portions of roads from Razole to Sivakode, Amalapuram to Vedurlunka, Mukkamala to Ambajipeta, Bickavole to Narasapurapupeta, Uppalagupatam to Bhimanapalli, Tossipudi lock to Sámalkót canal, Kottapalle to Kondur, Tonada to Bank Canal, Dowlaishweram to Vetlapalam, Drákshárama to Injeram Canal, Rajanagaram to Vedimangalam, Bickavole to Rajarowpeta, Peruru to the tank bund, Mahendravada to Cocanada Canal, Somesweram to Mandepeta Canal, Sámalkót to Rajampeta, Tatipaka to canal, and Chebrolu to Robertsonpetah	8,082
	19,023

In regard to Civil Buildings and Miscellaneous Public Improvements, it is observed that the figures entered in the list of subsequent allotments do not correspond with those in the applications and Proceedings quoted in the remark column of that statement. The entries in the regular estimate will therefore be altered in accordance with the register maintained in this office. The largest allotments granted under these heads were Rs. 880 for constructing a rest-house at Drákshárámam and Rs. 1,114 for constructing a choultry at Kattipudi, both from the Endowment Fund. In Board's Proceedings, dated 21st May 1883, No. 1410, the Accountant-General was requested to place at the disposal of the Superintending Engineer of the First Circle, for expenditure by him, the sum of Rs. 500 set apart in Statement IV-B of the budget, for improving the sanitary condition of Dowlaishweram village. The President has shown this sum under Repairs—Miscellaneous Public Improvements, and has further provided Rs. 110 for

Public Works Department supervision and Rs. 10 for Tools and Plant. The expenditure under Grant II is entered as Rs. 49,220, against Rs. 36,440 allotted in the sanctioned budget. The former amount will be altered to Rs. 46,470, with reference to the reduction in expenditure approved in G.O., dated 20th December 1883, No. 2909, Mis. Under Grant III, it is proposed to spend Rs. 500 from the market-fee collections. The nature of the expenditure should have been explained. Rs. 560 are entered against Unendowed Choultries, instead of Rs. 460 sanctioned in the budget. The increase is stated to have been applied for in the President's letter, dated 16th July 1883, No. 76, printed in Board's Proceedings, dated 10th August 1883, No. 2331 ; but as that letter merely explains the provision in the budget for the Cocanada rest-house, the excess will be struck out. Under Grant IV, the travelling allowance to non-official members is raised from Rs. 300 to Rs. 800.

BUDGET FOR 1884-85.

5. *Statement I-A, Receipts.*—The contributions from the Pound Fund and from Provincial Funds are entered, respectively, as Rs. 2,000 and Rs. 5,370, as in the Regular Estimate for the current year. The collections of Land-cess are estimated at Rs. 1,90,000 which is 81 per cent. of the total demand. The income from School-fees is expected to be Rs. 5,000, against Rs. 2,500 in the Regular Estimate. Under Choultries, the current year's figure, Rs. 6,000, is repeated, and Rs. 1,100 are expected from Market-fees, as in the Regular Estimate. It is anticipated that Rs. 3,000 will be paid by private

individuals for the repair of tanks and wells and for other local purposes. The assets are—

	Rs.
Road Fund	2,18,610
Endowment Fund	12,950
General Fund	84,100
Total ...	3,15,660

6. *Statement I-B, Expenditure—Grant I, Public Works.*—Rs. 99,020 are provided under New Works—Communications. Of this amount, Rs. 20,000 are for constructing village roads, and the balance is distributed among thirteen works costing more than Rs. 1,000 each. Four of them are sanctioned works, and estimates are promised for the rest. Rs. 51,330 are entered under Repairs—Communications, but this includes Rs. 7,500 for the maintenance of avenues. The Local Fund Board, while crediting the receipts from avenues to the General Fund, have debited the charges to the Road Fund. As this is opposed to the orders of Government, the charges for avenues will as usual be shown under Miscellaneous Public Improvements, and debited to the General Fund ; but in consideration of the low state of the finances of the General Fund, the current year's allotment (Rs. 3,500) will be repeated. The net outlay on Repairs—Communications is thus Rs. 43,830, against Rs. 42,320 sanctioned in the current year's budget. Rs. 6,000 provided for the repair of roads in the Rumpa country (Item 5 in Part II) is properly a charge on Provincial Funds, as Government have, in paragraph 2 of G.O., Judicial Department, dated 24th December 1883, No. 3385, ordered that these hill tracts should be excluded from the Cocanada Circle. The entry will, however, be allowed to stand pending submission of the information called for in Board's Proceedings, dated 13th February 1884, No. 1327, Mis. Rs. 5,000 are set apart for the construction and repair of tanks and wells. With reference to paragraph 13 of his letter, the President is informed that Government have, in their Orders, dated 4th May 1883, No. 881, Mis., and 22nd October 1883, No. 2419, Mis., declined to sanction any increase to the Local Fund Engineering Establishment. Unless, therefore, savings can be shown in some other item, the proposed increase to the Head Accountant's salary cannot be recommended for sanction. The provision for Tools and Plant will be reduced to Rs. 2,280, which is $1\frac{1}{2}$ per cent. of the estimated outlay on works. The Road Fund Reserve at 10 per cent. of the receipts amounts to Rs. 12,680. The share, chargeable to the Road Fund, of the cost of General Management, Local Fund Engineering Establishment, Contingencies and Tools and Plant should be, respectively, Rs. 4,430, Rs. 23,580, Rs. 1,880 and Rs. 2,140. The total Road Fund expenditure is Rs. 1,87,630 leaving a balance of Rs. 30,980.

7. *Grant II—Education.*—Rs. 40,000 are assigned for Education, against Rs. 46,470 in the regular estimate. The provision for Educational Inspection (Rs. 3,990) and for the Elementary Normal School at Rajahmundry (Rs. 1,600) does not differ materially from the current year's grant. The allotment for Local Fund Schools has been reduced to Rs. 30,550 from Rs. 42,800 the budget grant for last year, and Rs. 37,700, the amount entered in the current year's regular estimate. In the budget for 1882-83 113 Salary System Schools, 183 Combined System Schools and 8 Girls' Schools were entered. In the present budget only 106 Salary System Schools, 153 Combined System Schools and 11 Girls' Schools are provided for. The expenditure on education in this circle being far in excess of the funds available, the Local Fund Board were under the necessity of effecting the above reductions. The assignment for Result Grants has been raised from Rs. 3,000 to Rs. 3,500 to meet the payments to schools which have been abolished as Combined System Schools and which may apply for pure Result Grants. The remarks of the Director of Public Instruction on this portion of the budget have not yet been received.

8. *Grant III, Medical and Sanitary.*—Rs. 8,390 are assigned for Hospitals and Dispensaries, against Rs. 8,010 in the current year. The provision for Medical Subordinates will be raised by Rs. 180, as recommended in paragraph 2 of the Surgeon-General's letter. The amount set apart for contingent charges of hospitals has been increased from Rs. 210 to Rs. 490. The President is requested to explain the necessity for the increase. The allotment for Vaccination is Rs. 4,350 and that for Sanitation Rs. 7,000 against Rs. 4,600 and Rs. 7,800 respectively assigned in the current year's budget. The President's attention is invited to paragraph 2 of the Sanitary Commissioner's letter, and he is requested to report on paragraph 3. As in the Regular Estimate, the increase under Unendowed Choultries will be struck out. It is noted that the number of servants for whom provision is made does not agree with that given in the list of establishments. Out of Rs. 500 entered under Markets, Rs. 420 are for the establishment. The President is requested to state the necessity for five servants in a single market. The establishment should be on the smallest scale possible, so that there may be sufficient funds for market improvements.

9. *Grant IV, Miscellaneous.*—The contribution for the Controlling Establishments at the Presidency will be altered to Rs. 2,520—the actual amount paid in 1882-83. The General Reserve at 10 per cent. of the receipts amounts to Rs. 8,050, but only Rs. 3,290 are available.

2. *The revised estimates for* 1883-84 of the late Cocanada and Ellore circles as submitted by the Board of Revenue, are accepted. It is noted that grant I of the Cocanada circle accounts shows an increase over the sanctioned budget of Rs. 59,840 owing to subsequent allotments sanctioned by the Board of Revenue over and above the reserve of Rs. 12,690. Rs. 1,000 provided for preliminary operations for surveying should be added to the grant for new roads. The authority for the transfer of Rs. 5,800 from new works to repairs, communications, under grant I of the Ellore circle accounts, should have been and will now be quoted. The provision of Rs. 5,000 for "stocks" will also be likewise explained.

3. *Budget estimate for* 1884-85 *of the Godávari Local Fund circle.*—The contribution from pound fund provided in the special fund budget being Rs. 4,400 as stated by the Board, this amount will be taken credit for, and not Rs. 4,200 entered by them. The receipts from school fees will also be raised with reference to paragraph 3 of Board's Proceedings, dated 23rd April 1884, No. 1373. Under land-cess, the estimate for 1883-84, which is only 83·1 per cent. of the demand, is repeated.

Market fees are expected to yield Rs. 1,1 ..00, but as this amount was anticipated from the Draksharama market alone in 1883-8 .., and as the fee system will be introduced into the Ambajipeta market also during the current year, the Government consider the estimate might fairly be raised to Rs 2,000. A sum of Rs. 90 is taken credit for in the accounts of the late Cocana .da circle as contributions for pensions and gratuities. This requires explanation. Turning to charges, Rs. 90,720 are provided for seventeen new works, of which eight re sanctioned and in progress. Estimates for the others should be expedited, and ..ure should be incurred on their account till they are sanctioned. The ..called for from the President in Board's Proceedings, dated 13th Febru.. 2. *The revised estimates for* 1883-84 of the late Cocanada and Ellore circles as submitted by the Board of Revenue, are accepted. It is noted that grant I of the Cocanada circle accounts shows an increase over the sanctioned budget of Rs. 59,840 owing to subsequent allotments sanctioned by the Board of Revenue over and above the reserve of Rs. 12,690. Rs. 1,000 provided for preliminary operations for surveying should be added to the grant for new roads. Rs. 5,800 from new works to repairs, communications, under grant I of the Ellore circle accounts, should have been and will now be quoted. The provision of Rs. 5,000 for "stocks" will also be likewise explained.

3. *Budget estimate for* 1884-85 *the Godávari Local Fund circle.*—The contribution from pound fund provided in the special fund budget being Rs. 4,400 as stated by the Board, this amount will be taken credit for, and not Rs. 4,200 entered by them. The receipts from school fees will also be raised with reference to paragraph 3 of Board's Proceedings, dated 2d April 1884, No. 1373. Under land-cess, the estimate for 1883-84, which is on 83·1 per cent. of the demand, is repeated.

Market fees are expected to yield Rs. 1,100; as this amount was anticipated from the Draksharama market alone in 1883-84, as the fee system will be introduced into the Ambajipeta market also during the current year, the Government consider the estimate might fairly be raised to Rs. 2,00. A sum of Rs. 90 is taken credit for in the accounts of the late Cocanada circle as contributions for pensions and gratuities. This requires explanation. Turning to charges, Rs. 90,720 are provided for seventeen new works, of which eight are sanctioned and in progress. Estimates for the others should be expedited, and no expenditure should be incurred on their account till they are sanctioned. The information called for from the President in Board's Proceedings, dated 13th February 1884, No. 1327, is awaited, and pending its disposal the provision for repair of roads, which is Rs. 12,980 less than that in 1883-84, will stand. Notwithstanding the remark in paragraph 3 of Board's Proceedings, dated 17th September 1883, No. 27, the charge for public works contingencies is lumped with the provision for the engineering establishment in the budget of the late Ellore circle. As the total cost of the establishment in the new circle is just 20 per cent. of the proposed outlay on works, it cannot be increased under the

* G.O., dated 24th April 1884, No. 878. cent ruling * of Government on the subject. The share of the cost of this establishment and of that of general management, tools and plant and contingencies debitable to the road fund is Rs. 39,440, Rs. 7,070, Rs. 2,910 and Rs. 1,830, respectively. The road fund reserve will be entered as Rs. 21, thus leaving a balance in favor of that fund of Rs. 27,490. Under grant II, the provision for results grants will be raised by Rs. 1,200. The views of the Circle on the Director's proposals are awaited. Under grant III, the provision for sanitation should be raised by subsequent allotments in the course of the year. The endowment fund closes with a balance of Rs. 6,880, but the general fund has a reserve of Rs. 100 only, which is Rs. 2,500 below 10 per cent. of its receipts.
