Report by the Superintending Engineer, Sixth Circle, on estimate for constructing a Sub-Registrar's Office at Uttamapaliem, in the Madura District, dated Ootacamund, 22nd June 1883, No. 143 M.D.

1 Abstract Estimate, with Land Statement.
1 Site Plan.
1 Tracing.

The estimate, countersigned by the Inspector-General of Registration, which amounts to Rs. 2,095, was called for in G.O., No. 2125 W., of 18th August 1882.

2. The estimate is prepared in accordance with the standard design No. 21 sanctioned in G.O., No. 120 W., of 14th January 1882, and provision is also made in the estimate for weather-boards at the request of the Inspector-General.

3. A site plan is also forwarded, and a sum of Rs. 5 (being the proportionate amount for the area occupied by the Sub-Registrar's Office) has been provided in the estimate as compensation for land, as the building is to be constructed on the land previously purchased by Government for constructing Sub-Magistrate's and Sub-Registrar's Offices as will be seen from the land statement accompanying.

4. The rates entered in the estimate are considered fair.

5. The work is recommended for sanction, and could be completed in nine months after funds are allotted.

From Lieut.-Colonel H. R. Mead, R.E., Superintending Engineer, Sixth Circle, to the Inspector-General of Registration, Madras, dated Kumbakónam, 21st November 1883, No. 565, T.N.

I have the honor to forward, for your countersignature and submission to Government for sanction, an estimate, amounting to Rs. 2,705, for constructing a sub-registrar's office at Srívilliputur, Tinnevelly district, called for in G.O., No. 2424 W., of 19th September 1882.

Enclosure.

No. 564, T.N.

Report by the Superintending Engineer, Sixth Circle, on estimate for constructing a sub-registrar's office at Srivilliputur, in Tinnevelly district. Estimate Rs. 2,705.

The estimate is called for in G.O., No. 2424 W., of 19th September 1882, and prepared in accordance with the standard design sheet No. 21 that accompanied the G.O., No. 120 W., of 14th January 1882.

1 Detailed estimate, &c.
1 Abstract. do.

2. The site selected for the building is approved of by the Collector. A compensation of Rs. 245 is entered in the estimate; the land statement is not signed by the Collector but it is understood from the Executive Engineer's report that the compensation has been settled by the Collector. The land belongs to three parties and the Collector states that the consent of two of them is obtained and whereabouts of the third party is not known, and therefore the land may be taken under the Land Acquisition Act.

3. The soil of the site was examined and the depth of the foundation (two feet concrete and five feet masonry) allowed in the estimate is considered necessary.

4. The only deviation from the standard estimate is the substitution of concrete flooring with Portland cement instead of square bricks, as the former is considered better than the latter.

5. Weather boards have been provided to side windows of the sub-registrar's and clerk's room.

6. The work can probably be completed in nine months after sanction and allotment of funds.

EAD—the following paper :—

No. 409 T.C.

Report by the Superintending Engineer, VI Circle, on the estimate for adapting the portion of old Nabob's palace adjoining the Town Sub-Magistrate's Cutcherry at Trichinopoly as the Registrar's office, Rs. 4,100.

The estimate is called for in G.O., No. 1431 W., of 7th June 1884.

1 Estimate.
1 Plan.
1 Duplicate abstract estimate.

2. The building is reported to be in tolerable preservation, but requires some repairs and additions before its adaptation as Registrar's office, as will be seen from the Executive Engineer's report.

3. The portion marked R.S., T.V. in the plan is proposed for the Registrar's office, and gives spaces as follows :—

For Registrar and clerks 40 × 22 = 880 square feet against 30 × 20 = 600 square feet in standard plan.
For records 2 (40 × 16) = 1,280 square feet against 20 × 30 = 600 in the standard plan ;

but its cost is a little more than that of a new building on the standard plan, and this extra cost is due to the repair of the yard in front of the proposed Registrar's office which cannot be left in its present dismantled state.

4. The rates are fair and the estimate is recommended for sanction.

5. The building altered as proposed will make fair offices.
