Mr. Mr.

No previous correspondence is
forthcoming in this office regarding
the estimate of Rs. 5,970 said to have
been sanctioned for the village road
from Haridwarangalam to Mun-
yar along the Vinnar embankment.
But from a perusal of the audit
note correspondence on the subject,
by the Examiner of P.W. Accounts,
I learn that this road was in
the hands of the Local Fund Board
till 1882-83, when along with other
embankment roads in the Tanjore
circle, it was transferred to the
P.W. Department; that an estimate
of Rs. 5,970 was sanctioned by the
Local Fund Board in their reso-
lution dated 18th July 1883, that
a total expenditure of Rs. 2,281-15-
was incurred up to 1884-85 in the
P.W. Department although the
outlay had all along been treated
as objectionable for want of an
estimate sanctioned by competent
authority.

authority the now sanctioned by
Local Fund Board not having
been recognised. Now an estimate
for Rs 8423 has been prepared for
the same road under Original
Works and submitted for sanction,
and it provides for all ^{past} expenditure
incurred under repairs without
an estimate.

In the estimate of Rs 5970
referred to by the Executive Engineer
Tanjore was not sanctioned by compe-
tent authority it is not recognised
as a sanctioned estimate and the
one now before Board is treated as
the first estimate submitted for
sanction.

NOTE OF REMARKS.

1. The accompanying is a
revised estimate for con-
structing a billage road
from Haridwarmanangalam
to Muniquar along the
Tennar embankment,
Tanjore District. The
revised estimate amounts
to Rs. 8423 - being Rs. 2453 in
excess of the original estimate
Rs. 5970, which, it is stated,
was sanctioned by the L.F.
Board of the Tanjore Circle.
2. The comparative state-
ment fully confirms the
remark in the report
that - "The original esti-
mate is a very rough one"
and, at the same time,
it must be added that
the revised estimate also
displays great want of

care in its preparation.
3. There is an excess of Rs. 926
in the item 'earthwork',
due, it is stated, to the
"inadequate rate allowed
in the original estimate.
Two new items have been
introduced into the
revised estimate which
were omitted from the
original: - Petty supervision
- Rs. 253; and clearing
jungle - Rs. 55. - A plan
is now submitted for the
culvert, and another for
the bridge. - The excess
on account of the culvert
is Rs. 238; on account of the
bridge, Rs. 576. - A plan
and estimate, Rs. 529, are
submitted for a drainage
sluice for Meahimala. -
The sluice, also, forms a new
item. - Attention must
be drawn to S.E.VI's 'note' on
the plan of sluice. -
A saving of Rs. 233 has
been effected in the
item 'surfing' which

The work which is termed
"culvert" in the general
abstract and the comparative
statement, is headed
in the plan as "Drainage
Sluice".

1621
11

is stated to be unnecessary.
Rs. 46 are saved in the item
'sand'.
4. In revision the span of the
bridge has been increased
from 15 ft. to 25 ft. - The rise
allowed the arch is but 3 ft.
The springing line is set at
150 ft. above F.L. of 1882. -
Subject to approval, a greater
width of roadway should
be allowed on the approaches
than 12 feet.
5. A deviation statement
has been submitted for
Rs. 108.
6. The plans and estimate
have been countersigned
by the President of the
L & Board.
